

BUILDING MODERN HOTEL DISCUSSED AT MEETING OF THE LOCAL SHRINERS

Experienced Hotel Man of Florida Proposes to Take \$50,000 Stock If City Will Subscribe \$125,000.

HOME FOR SHRINERS PLANNED

A definite proposition looking to the early erection of a modern hotel here and the possible building of a permanent home for the Shriners' Club were both informally discussed at a well attended meeting of Hendersonville Shriners held at the Kentucky Home Tuesday night.

R. C. Clarke, president of the First Bank and Trust Company, and C. E. Brooks, vice-president of the Citizens National Bank were appointed a committee to consult with the Board of Trade in reference to the proposition of J. L. Tallevest of Florida, who is ready to take \$50,000 stock in the proposed hotel if the business men of the town will subscribe \$125,000.

A separate committee was appointed to secure permanent quarters for the club. This is understood to be the first step towards the erection of a building to be used as the home of the Hendersonville Shriners' Club.

SOME RIDGE POTATOES

That the Ridge section will grow Irish potatoes in profusion is made evident in the report of two cases of remarkable production in that part of the county.

LAUREL PARK BATHING BEACH—This unusual mountain treat in addition to other rare charms and the co-operative building organization promise to make Laurel Park a thickly settled summer colony as well as pleasure ground.

BUILDING HOUSES IN LAUREL PARK ON THE CO-OPERATIVE PLAN

Business Men Form Organization to Build Houses in Park; Many Exchanges There and Several Improvements.

HEAVY DEMAND FOR HOMES

A number of Hendersonville business men have entered into an arrangement for the building of cottages on a co-operative progressive plan in Laurel Park.

Walter B. Smith, who organized this co-operative organization, outlines the plan to The News something in this order. Men who have or control labor, materials, etc., compose the organization. They will build houses and own interest in them in proportion to materials or labor employed in the erection.

The following men have joined the organization and are to furnish time or materials as designated: R. M. Oates, electrical; J. W. McIntyre, plumbing; E. G. Stillwell, architectural, cash and labor; Foster Bennett, lumber and other building materials; John Forrest, labor; Pat Reed, rock and labor; Raymond L. Edwards, hardware and paints; W. A. Smith, lots and cash.

Mr. Smith announces that houses will be erected primarily for selling purposes and that each sale will represent another new building. He says that the plan was tried out in a limited way before the war and was found practical and profitable.

One of the conditions making homes in the park more in demand is the deliveries of ice, groceries, laundry, etc., the same as in the city. City water is also provided as well as that from crystal springs.

T. B. Kernaghan was the first man to buy a lot for building purposes in the park. He sold the house for \$5,000 last summer and will erect another before next summer.

The following purchased Laurel Park homes this summer: F. W. Fairy, 2 houses, Kings Tree, S. C.; H. K. Kaminer, Gaston, S. C.; L. S. Welling, Darlington, S. C.; Whitcover, Darlington, S. C.; D. P. Sloan, Anderson, S. C.

The following have announced their intention of building soon: Penny Brothers, Greensboro, N. C.; Sam T. Hodges, City; O. W. Hartness, Orangeburg, S. C.; W. M. Sherrard, Whitmore, S. C.; Mrs. Williamson, Florence, S. C. Lots were purchased during the summer by: Mrs. Annie Burwell, Warrenton, N. C., one lot; Penny Brothers, Greensboro, N. C., two lots; Mrs. Scott, Florence, S. C., one lot; Miss Frances McCullough, Panama, one lot; T. B. Kernaghan, Batesburg, S. C., five lots; C. Few, 5 lots, four being occupied by nursery; C. N. Allison, City, 2 lots; Mr. Whitcover, Darlington, S. C., bought bungalow from park and one lot to build on; Mr. McCullough, Darlington, S. C., one lot; Sam T. Hodges, City, one lot; O. W. Hartness, Orangeburg, S. C., one lot; W. M. Sherrard, Whitmore, S. C., seven lots.

OVER 400 TICKETS SOLD FOR THE LYCEUM COURSE COMING DURING WINTER

Supt. Honeycutt Announces Sale That Guarantees Splendid Attractions For Season; Schools Enthusiastic in Support

FOUR NUMBERS SCHEDULED

After visiting all the schools of the city and some twenty-five of the leading business men, Superintendent Honeycutt announces that over four hundred tickets have been sold, as a guarantee for a strong Lyceum course for Hendersonville during the months of December, January, February and March. All the schools were enthusiastic in their support, practically the entire personnel of the faculty and student body signing up in each case.

Notwithstanding the fact that Fassifern had already secured a splendid course of attractions, about one hundred students and faculty members signed up from that institution.

It looks now as if admission to these attractions will be entirely by season tickets. Those desiring to arrange for reservations should communicate with Superintendent A. W. Honeycutt this week.

The attractions will be as follows: December 5th—The De Mille Quartet, with Miss Hilda Buckingham as accompanist. These are all Canadians and there is no quartet in Chautauqua of Lyceum work that has a finer record or repertoire.

Later in December the Florentine Musicians will give an entertainment which will be followed in January by the Metropolitan Singers, a grand opera quartet—one of the best attractions ever brought to Hendersonville.

In February Ralph Parlett will give his world-famous lecture on the "University of Hard Knocks."

The closing number will be Grand Opera Star, Miss Mary Adel Hayes, a coloratura soprano from New York.

GIVES BIRTHDAY DINNER

Mrs. Jonathan Case entertained with a six o'clock dinner Sunday in honor of her husband's birthday. The following guests were present: Mr. and Mrs. T. J. Waters, Mr. and Mrs. Edgar Waters, Mrs. Amanda Case, Mr. and Mrs. P. E. Ward, Mr. and Mrs. Gordon Ramsey and Mr. and Mrs. Everette Waters.

CHILDREN'S BOOK WEEK

The week of Nov. 10 to 15 has been set apart as Children's Book Week—the idea of the movement being expressed in the slogan, "More books in the home."

NOVEMBER 11 OBSERVED

The first anniversary of Armistice Day was observed as a legal holiday by the banks of the city and the post-office. The school children were given a half holiday on that day.

HENDERSON RED CROSS INAUGURATES NEW ERA IN LOCAL EDUCATION

Trained Worker To Be Employed As Executive Secretary; Work In County Put On Most Efficient Basis.

PROVIDES FOR HOME NEEDS

(By A. W. Honeycutt, Supt. City Schools.) Realizing the long neglected work of health education, of disease prevention as well as the present necessity of caring for 250,000 disabled fighting men, the Henderson County Red Cross Chapter has mapped out a program of constructive activities and has decided to employ a trained Red Cross worker as executive secretary. This marks the beginning of a new era in education in Henderson County. With the most efficiently organized corps of workers as well as the most widely known and best established local chapters, the Red Cross is prepared to undertake this work on an efficiency basis second only to the government.

The idea that because the war is over that the work of and the need for the Red Cross activities are over is becoming more antiquated every day. Here are some of the reasons why it is still needed more desperately, if possible, than ever before.

1. One American baby out of seven dies in its first year.
2. 200,000 people die annually of tuberculosis.
3. 500,000 would die in another influenza epidemic like the last.
4. 300,000 children under 5 die annually of preventable diseases.
5. Thousands of children are forced out of school every year from correctable physical defects.
6. One adult in seven is known to be in need of medical attention.
7. Registration showed that 800,000 American boys were unfit for service.
8. Schools for instruction in home-nursing are needed all over the country.

What organization is prepared to undertake these gigantic tasks as well as the Red Cross either from experience or training or purpose of existence? The Roll Call for members should not be made in vain in Henderson County. Only 50 cents on every dollar you put into the roll call is sent out of the county, the rest being retained for health education, home-nursing classes, disease prevention, and in an effort wisely directed for improving our own generation and making the next a healthier and happier one.

VISIONS OF YOUTH STRONG

Incident Proves How Firmly First Impressions Are Implanted in Child's Mind.

What won't impressions, received in childhood, do for a man? Take those two youths from the Tennessee mountains who desired, when they were drafted, to go into the navy. Their mountain home was as far removed from the ocean as it well could be. They had never seen even a large pond. For three generations not one of their ancestors had seen the salt water. Yet these boys would not listen to any call for the army, but they demanded a place in the navy.

The story came to an officer in a nearby camp, and he became interested and visited that home. Both father and mother were puzzled over the action of their boys, and they could not understand why Henry and William had demanded the ocean. As the officer turned away he noticed hanging on the wall in the living room of that house the crude picture of a ship under full sail on an impossible blue ocean. It had come into that family years before, wrapped around a package of goods, and mother had hung it on the wall. Those boys had grown up with that picture before them, and it had decided their life.

It was stronger than the influence of father and mother—they could not overcome it. Men and women with children of their own ought to understand how the dreams, the poetry, the visions of youth will prove stronger influences than any of the science, or the wisdom, or the fine example you may put before your little ones.—Exchange.

HAWKINS AND LA VOGUE STORES TO BE ENLARGED TO ADD NEW FEATURES

Jewelry And Millinery Stores to Be Enlarged at Once; W. H. Hawkins & Son The Owners.

ALLEY WILL BE IMPROVED

In order to take care of a rapidly growing business and provide more modern and commodious facilities the firm of W. H. Hawkins & Son has entered into plans for the enlargement of their quarters and also those of the La Vogue millinery.

A. H. Hawkins in speaking of the enlargement said that it would increase the floor space of the jewelry and optical store about one-third and double the space of the adjoining building occupied by the millinery. He said that his quarters were too limited. Additional machinery is being installed in the optical department, which will be materially enlarged and given more privacy. The additional space will also provide a larger work shop as well as more space and better display for merchandise.

This building as well as that occupied by the millinery belongs to the firm of W. H. Hawkins & Son.

Miss Birdie West announces that the trade last summer convinced her and Mrs. Brownlow Jackson, owners of the La Vogue, that their new quarters were too small. This store room given an L extension to the rear of the barber shop. This will double the capacity of the building.

Miss West announces that a department for children's togery will be an addition to their business. They will also add a beauty parlor for use by men and women. She says that men who resort to the polish of nails by the feminine touch ask for such luxuries in the summer and that this will be provided for the men as well as the ladies.

Miss Clara Orr, who is with the La Vogue, before next summer expects to complete a course in millinery, specializing in the making of hats.

Materials have been ordered for these enlargements.

Mr. Hawkins says the city has promised to grade the alley from 4th to 5th avenues to the rear of the business houses and that some co-operative arrangement will be entered into for the improvement so as to permit suitable approach to the rear of the stores.

SIMPLE MATTER TO EXPLAIN

Butcher's Ready Explanation of Circumstance Which Aroused Considerable Ire in Customer.

An irate customer entered the butcher's shop, threw down a piece of metal on the counter, and indignantly exclaimed: "What do you call that, sir?" The man of pork examined it, and replied: "It looks like a bit of brass."

"Bit of brass—of course it is; and do you know where I got it? Why, in one of your sausages."

The butcher put up his hand, rubbed his double chin, and said he thought he could explain it.

"Yes, and explain it, you will before I leave this shop!" continued the excited one.

TWO SPECIAL SCHOOL TAX ELECTIONS WILL BE HELD NEXT MONTH

Citizens of Mills River and Smoky Hollow And Piney Grove Will Vote On Question December 6th

ENLARGE SCHOOL DISTRICT

The county commissioners at their regular December meeting last week ordered special tax elections in the Mills River and Smoky Hollow and Piney Grove school districts. Both elections will be held on December 6th.

The election carries with it the question of enlarging the Mills River district. A number of taxpayers in the Smoky Hollow and Piney Grove district have requested to be excepted, and these exceptions will be included in the Mills River district. The exceptions are: W. F. Cathey, Gaither Rhodes, E. L. Sinclair, Floyd Osborne and C. J. Jeffries.

The petitioners for the elections in both districts ask for a levy not to exceed 30 cents on the \$100 worth of property and 90 cents on the poll.

The election for the Smoky Hollow and Piney Grove district will be held at Hayes Brothers store, and the Mills River election at T. L. Johnson's old store house.

WHEREIN BUSINESS MAN IS UNLIKE THE CAMEL

It's just as easy for you to eat a week, as it is for the business man to advertise enough in one week to last him a year.

The business man who thinks he is a camel and can make a long journey across the desert of business on one spurt of advertising, will find himself very dry, long before he has reached the first oasis.—From Roanoke News.
