revenue reduction amendm whe to the
possibility there is a
possibility that it may result in
failure of the bill at this session．
THE CHandLer resolution．
Senator Chandler declares that resolution providing for the meating
of the fifty－seventh congress on the second Monday in March． 1901 ，and
for the meeting of each future congress on the seeond Monday in the March
following the election of its following the election of its represen－
tatives，was nut intended as a joke，
but was meant vy but was meant very seriously，and to
meet a state of affairs which exists a the closing or short session of every
congress
Mr．Chandler thing congress Mr ．Chandler thinks it is
wrong to try to crowd a lot of impor tant generall legislation besides the reg－ session，and that it would be a much bet
ter always to leave the lation for the new congress，provided
the new congress assemble ely after the close of the old．
THE CUBAN the cuban question． Senator Lodge probably came very
near voicing the opinion of Presid near voicing the opinion of Presiden
McKiniley，when he said：＂Before the United States can give its approval to
any constitation，or its recognition any constitation，or its recognition to
any independent Cuban government， it must be assured that there is no pos－ sibility of any assumption of the Cu－
debts incurred by Spain．We also hav the right to ask for proper guarantees
in regard to relations of Cuba wit in regard to relations of Cuba with
other powers and as to places for nav
al stations al stations Lecessary to the United
States．＂
President MoKinley said to a party of senators：Just as soon as the Cu－
bans are ready to attend to their own
affairs，we must turn their ment over to them．
FORESTRY REPORT．
A Summary of the Work Done the Division in a Year． The annual report on the work of
the division of forestry transmitted by
the forester to calture last fall has been pablished
 upon the division，the report says：
The division of forestry is begiuning to move tyward the place to which
cqucial in portane of forest preserva
tion justl） ．entitles it．This stateme is illybtraqd and emphasized by th
cent fl fay of the year，which is that the privase and official demands fo
the ervict of the division bave far
outbripped the growh of its resour
es In si
pritions．
and of the

er，is ditision is proportionately less
ablat corer the ground of its evident
dui than it was a year ago．To cite
buone instance，the applications fo
woking plans have grown within one
yef from $1,513,592$ acres to cover
are of $51,192,714$ acres．Since the in－
frauction of practical forestry on the
fatonal forest reeserves and on privat
other factor upon the ability of the
these requests，the meagerness of its
