Plans Submitted

For the New Auditorium
—Lot Purchased, Work
to Begin

The Chautauqua movement is now well under way. In addition to the advantages afforded by the lectures Hendersonville will gain in two other ways; it will receive an enormous amount of advertising and it will have a large auditorium.

Plans for the auditorium have been received and were submitted to a special meeting of the directors which took place as we were going to press. The building will be located on West Academy street between Washington street and the academy. The lot has been purchased the price being \$850. The first installment has already been paid.

Stock to the amount of about \$3,500 has been subscribed. Work on the building is expected to begin next week. The building will belong to the Hendersonville Auditorium company, who will allow Dr Strouse to use it free of rent for the Chautauqua or any similar purpose that he may have in view; when he is not using it it may be used in any way the owners may decide.

Much vigorous and efficient work has been done by the directors and the committees of the company. It is not an easy thing to raise \$3,500 in a few days in a city the size of Hendersonville. The fact that the task was accomplished speaks well for energy of the company and the progressiveness and public spirit of Hendersonville.

NEW BANK AT BREVARD

The People's Bank of Brevard, N. C., opened for business Tuesday, June 26, with a paid up capital of \$14,000. The officers are; T. T. Patton president; K. G. Morris, vice president; W. T. Whitmire, cashier.

The new bank opens with bright prospects. Its officers are well known as safe and substantial business men. Of special interest to our Henderson county readers is the fact that Mr. Morris, who is cashier of the commercial Bank of Hendersonville, is vice president. The president, Mr. Patton, is a man whose reputation will help the new enterprise. Cashier Whitmire is well known and his popularity is attested by the number of offices which he has held.

The bank is well equipped with up to date fixtures. It has a fine burglar proof safe and a fire proof vault.

Following the Flag
When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissioner Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at the Justus Pharmacy. Price 50c and \$1.00 Trial bottle free.

It costs a lot of money in drinks and cigars to think you are popular.

CALL FOR CONVENTION

A convention of the republicans of Henderson county is called to meet in the court house in the town of Hendersonville, at 12 o'clock noon, Saturday August 4, 1906, for the purpose of nominating a candidate to represent the county in the next General Assembly of North Carolina, and the candidates for the various county offices, to-wit: Clerk of the Superior Court, Sheriff, Register of Deeds, Coroner, Surveyor and three county commissioners, and for the transaction of such other business as may properly come before the convention. The chairmen of the several townships and voting precincts of the county are respectfully requested to call a meeting of the republicans of their said townships or precincts on Friday Aug. 3, at 2 o'clock in the afternoon for the purpose of electing delegates to the county convention.

The votes of the Townships or Precincts, will be as follows:

Townships or Precincts	No. of Delegates
Bat Cave Precinct	3
Blue Ridge Township	10
Bowman's Bluff Precinct	3
Clear Creek Township	2
Crab Creek Precinct	4
Edneyville Precinct	4
Etowah Precinct	2
East Hendersonville Precinct	5
Flat Rock Precinct	2
Green River Precinct	4
Hooper's Creek Township	1
Horse Shoe Precinct	4
Mills River Precinct	3
West Hendersonville Precinct	7
Total	57

In addition to electing delegates to the county convention each township or precinct convention, as the case may be, will please elect a township or precinct committee of not less than three to serve for the next two years. In electing the township and precinct committees we hope the best and most active workers will be chosen.

We earnestly request all the republicans to attend the meetings to be held in their townships or precincts, and send their best men as delegates to vote for the candidates of their choice in the county convention. Let us all work for the largest and most harmonious convention ever held in Henderson county. This June 26, '06.

Secretary.

The Very Best Remedy for Bowel Trouble

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by Hunter's Pharmacy.

Price 25 cents per box. For sale by Hunter's Pharmacy.

The Spectator

Among the subjects most commonly discussed at a resort town is the weather. There has been a good deal of rain here lately and it occurred to the Spectator to make a few notes of conditions in other places. A large area was visited by storms of various kinds; the story is too long to tell in full but a few specimens may be of interest. News dispatches dated June 24 report numerous mishaps in Illinois, Mississippi, Oklahoma and Texas; at Rock Hill, Mo. phenomenal rainfall occurred and the inhabitants were driven into their cyclone cellars; at Enid and Thomas, Okla., trees were uprooted, houses unroofed and much other damage done; destruction was wrought by lightning and floods at Adrian, Mo., Carmi, Ill., and Terrill, Texas.

About the same time Clarke and Oconee counties in Georgia experienced a severe hailstorm, the hail in some places falling to a depth of fourteen inches. Pine trees were stripped, and corn, cotton and other crops totally destroyed. A church at Greenwood, S. C., was torn all to pieces by the wind. Lightning started a fire at St. Matthews, S. C., with damages estimated at \$50,000. Last week Orange county, N. C., was the scene of a terrific hailstorm. A farmer of that section whose whole tobacco crop, 90,000 hills, was destroyed, gives some details of the storm. He says that in places "the ice was piled up three feet deep." He adds that a neighbor gathered a guano sack full of the hailstones and carried them to Hillsboro, eleven miles away. "When he reached Hillsboro the stones were as large as guinea eggs. This gives you some idea of the size of the stones when they fell, these being gathered after lying on the ground all night."

Numerous other instances might be quoted, but enough has been said to show that Henderson county has fared well in comparison. The strangers within our gates should feel thankful that they are here, and when they learn about the storms and other climatic vagaries which have been sweeping over less favored regions, they must admit that the showers here are indeed "a light affliction." Our mountain country is fortunately free from cyclones and other catastrophes.

It is interesting to hear the comments made by the strangers who

are pouring into our city. A distinguished visitor from Morganton said Tuesday night, "This is a much bigger place than I expected to find," and that seemed to be a very general opinion. The beauty of our scenery and the general air of progressiveness in Hendersonville are the subjects of frequent comments. Almost every visitor who walks along Main street is impressed with the fine appearance of the new court house; and that is no surprising, when we remember Mr. Edison's remarks on the subject. The "Wizard" traveled a good deal and has a reputation for deeping his eyes open; and as he stood at the door of the TIMES office and looked across the street he said that our court house was the finest he had seen on his trip and would reflect credit on New York city.

How to Break Up a cold
It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by Hunter's Pharmacy.

A FISH STORY

It comes from old Kentucky. The flake stand a Frankfort distillery broke down Sunday, and more than 13,000 gallons of whiskey were lost. The stuff flowed into Benson creek. Farmers living along the banks of the stream later noticed hundreds of fish either floating lazily on the surface or else leaping playfully on the surface, and altogether unafraid of the presence of the men. The farmers caught them by the bushel, and it was not until the news of the break at the distillery became known that the mystery was solved. The fish had become intoxicated.
