Thanksiving Day

Once more we call to the attention of our readers the excellent custom which is followed by the various churches in this state of making a special offering on Thanksgiving Day for the orphanages of the state. It is a true instinct which prompts this custom. Every rightminded person who feels gratitude for blessings which have been granted him naturally wants to express that gratitude by giving less favored persons some cause for thankfulness. The orphans are deprived. through no falt of their own, of the safe-guards of home, the care of parents and the manifold advantages of home life; and therefore it is especially appropriate at the Thanksgiving season to make a special effort to do something for these little ones who cannot do

anything for themselves. Those who attend the services at the various churches will have there an opportunity to contribute to this worthy cause. Those who, for any reason, do not attend the services, may at any time hand in their offerings to the pastor or other officers of their church or mail a remittance direct to whatever orphanage they prefer.

Church Services

The Baptists, Methodists and Presbyterian churches will hold a union service at the Methodist church at 11 a.m. Rev. John G. Hughes, pastor of the Baptist church will preach,

Services will be held at St. James' church at 10:30 a. m. Rev. Mr. Harris of Christ school, Arden, will officiate.

At Pekin

Pekin, Nov. 21.—The ceremony at the imperial palace this morning, when the members of the diplomatic corps presented the condolences of their respective governments on the deaths of the emperor and dowager empress of China, was one of the most impressive ever witnessed in Pekin. It was attended with a degree of solemnity and pomp that will long be remembered by every foreigner present.

Harden on Trial Again

and publicist, was placed on trial again today in the fourth criminal court on the charge of libeling Count Kuno von Moltke. The case grows out of the notorious "round table" scandals of a year or more ago. This is the fourth trial of the libel case. New and amazing revelations are expected.

Tariff

Rice Men Say They Need Protection

Washington, D. C., Nov. 19.-Rice was one of the principal articles discussed at today's hearing before the house ways and means committee on the tariff schedule covering agricultural products and provisions.

Stating that the destruction of the rice industry in this country would result from a lower duty than is provided by the present tariff, S. Locke Breaux, president of the Rice Association of America, presented arguments to show the necessity for maintaining the present duty.

Cabinet Talk

Taft Says That He Has Made No Offers

Hot Springs, Va., Nov. 20.-A general discussion of affairs with Senator Scott, of West Virginia, this morning, and a visit from Former Senator Henry Gassaway Davis, of the same state, who four years ago, was the democratic candidate for vice-president, this afternoon, were the only demands made today on the time of the President-elect.

"I wish you would just say that my cabinet is not made up, or slated. No one has been decided upon for any place in it and no offers of any cabinet positions have been made to any one."

This was the response of President-Elect Taft today to the statement from Minneapolis, that Frank B. Kellogg had been invited to become attorney general in the Taft cabinet.

Senator Scott said that if the business men of the country, large and small, could realize the qualities, desires and determination of President-Elect Taft, there would be no hesitation whatever in the upward trend of business.

"We are going to have a period of great advancement and prosperity under the administration of Judge Taft" the senator added.

How To Get Strong

P. J. Daly, of 1247 W. Congress Berlin, Nov. 23.—Herr Maxim- St., Chicago, tells of a way to be-illian Harden, the well known editor come strong: He says: "My mother, who is old and very feeble, is deriving so much benefit from Elec-tric Bitters, that I feel it's my duty to tell those who need a tonic and strengthing medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters puickly semedy stomach, liver and kidney complaints. To Our Readers

Thanksgiving Day comes on Thursday; and Thursday is the day we usually go to press. We therefore find ourselves compelled this week to go to press either earlier or later than usual. As a later date would probably result in preventing some of our readers on the outlying rural routes from receiving the paper until Monday, we have decided to go to press a day and a half earlier than usual, which course we think will meet the approval of most of our readers.

This change leaves us a much shorter time than usual in which to get out our paper, and we are therefore, for this week only, publishing six pages instead of eight pages. Those of our readers who prefer quality to quantity will, we hope, find plenty to interest them in this week's paper. Next week we will return to our usual press-day (Thursday) and our usual size 12 to 18 inch lengths.

(eight pages.) To every one of its nearly two thousand subscribers, THE TIMES extends cordial good wishes for a happy Thanksgiving Day.

New York, Nov. 20.-Twenty-five persons are believed to have lost their lives in an explosion of gas which tore a great section of Gold street, Brooklyn, today. It is definitely known that fifteen persons were buried under the hundreds of tons of earth and timber that were thrown into the air by the explosion. and ten more persons are reported as missing. The exact number of dead cannot be determined until tomorrow, for those working to recover the entombed bodies must dig through fifty feet of dirt, rock and a tangle of pipes and timbers.
