## Cotton Mill Men Well Pleased

The South Carolina cotton mill men have come and gone. They had an enjoyable time here, and Hendersonville enjoyed having them.

Rain Friday morning interfered with the plans of a good many who had expected to come through the country in automobiles; but the 1 o'clock train brought nearly fifty and a large number came later.

The weather cleared up beautifully about noon, and the visitors had a busy time while they were here; there was something doing almost every hour of their stay. They were met at the station and escorted to the Gates hotel. Shortly after dinner they were taken to the roof of the court house to get a view of Henderson county. Then the Merchants association and W. A. Smith took charge of them, took them to Laurel Park and entertained them at the Retreat. A business session Friday night was followed by a cake walk at the Gates.

Another business session was held Saturday morning, and a delightful reception was given by Mr. and Mrs. F. E. Curtis in honor of the visiting ladies. Saturday afternoon was taken up with an excursion to the two Lakes,—Osceola and Kanuga.

The visitors made a very favorable impression upon our people and were outspoken in their expressions of appreciation of the courtesies extended to them. It was a pleasant occasion for everybody.

Hendersonville will be very glad to see the mill men any time they feel like coming here.

## New Board Gets to Work

The town council held a long session Monday night and transacted a large amount of business. Every member was present.

A large part of the session was devoted to a revision of the revenue laws of the town. Among the changes made was the imposition of a tax of \$200 on near-beer establishments.

On motion of W. C. Rector, a committee was appointed to examine the bonds of town officers and report back to the council.

The secretary and treasurer were instructed to employ a competent auditor to audit the town books for the five years from June 1, 1905, to June 1, 1910.

The report of the committee on settlement with tax collector and treasurer was received and approved.

There was a somewhat detailed discussion of street problems. No formal action was taken, but we understand that excavating is to be discontinued for the present in order that the work of smoothing and cementing may have a chance to catch up with the excavating.

### Rev. G. S. Jones

Wilmington Star.

The funeral of the late Rev. Griffith S. Jones, whose death occurred Monday afternoon at his home in Hendersonville, N. C., the remains having been brought to Wilmington on the late train Tuesday night, was conducted at 10:30 o'clock yesterday morning from the First Baptist church of this city in the presence of a large assemblage of friends of the deceased and the family.

The services were by the pastor, Rev. Dr. J. H. Foster, pastor of the congregation, and he paid a high tribute to the life and work of the minister. The funeral hymns were by the regular choir of the church and the floral offerings were numerous and very pretty. After the services at the church the remains were laid to rest in Oakdale cemetery, the pall-bearers having been L. H. Burnett, W. C. Smith, N. M. McEachern, H. P. Munson, W. G. Herring and Dr. A. M. Baldwin.

The remains of Rev. Mr. Jones were accompanied to Wilmington by his nephew, Hon. Charles French Toms, of Hendersonville, with whom the minister had made his home for some time.

### Kedron Lodge

The regular communication of Kedron Lodge A. A. and A. M. for the election of officers will be held Friday night at the usual hour. Refreshments will be served. All members are urged to attend the meeting and visiting Masons are cordially invited to be present. A special collection will be taken for our orphanage at Oxford where we now have near on to four hundred orphan children, Bro. Hicks, superintendent of the orphanage, urges us to make our St. John's day contribution as large as possible. In this connection, I would suggest that all brothers who cannot attend the meeting Friday night call on any of the following brothers, who constitute our orphanage committee, and leave contributions for the orphanage with them, to wit: W. C. McClain, J. P. Embler and F. V. Hunter. But let us have a full attendance Friday night.

O. V. F. Blythe  
W. M.

Mrs. Nannie Williams, one of the field workers for the North Carolina Children's Home Society, is in the city stopping at the Gables for a few days. The object of the Society which Mrs. Williams represents, and of which W. B. Streeter is superintendent, is to gather up, train, care for and find good homes for orphan and destitute children. It costs a whole lot of money to carry on the work which is being carried on by the Children's Home Society, and Mrs. Williams is engaged in soliciting contributions for the society, and everybody who can, without injury to themselves, should contribute something to aid Mrs. Williams and her associates in carrying on the noble work in which they are engaged.

## Raleigh Letter

Raleigh, June 13.—After a desperate struggle and earnest appeals Governor Kitchin's democratic administration has succeeded in placing the \$3,400,000 bond issue and the call for an extra session of the legislature has been withdrawn. The cup of humiliation of this democratic regime must overflow when that trust the American Tobacco company, cursed by Governor Kitchin on every stump, had to step in and save the administration of Governor Kitchin by subscribing \$1,000,000 of the bonds, nearly one-third of the entire issue. The bankers of the state upon appeal came to the rescue without regard to politics in order to save North Carolina from democratic blunder of her last legislature and it is worthy of comment that the bank of which Republican National Committeeman E. C. Duncan is president helped rescue the state by taking \$200,000 of these bonds. So desperate was the crisis that for once democrats were forced to lay aside politics and beseech patriotic North Carolina Republicans to prevent the destruction of the State's credit due to democratic folly. J. Elwood Cox, E. C. Duncan and many other Republicans either personally or through the financial institutions they represent subscribed liberally for the bonds to help the poor old North State, while it might be cited that neither of the two banks in Governor Kitchin's home town, Scotland Neck, in that banner Democratic County of Halifax, with its ten thousand majority of negro population, subscribed a single dollar.

The candidates of Josephus Daniels and J. Wm. Bailey faction of the democratic party are now canvassing Wake county in their campaign before the democratic primaries June 25. The Armistead Jones faction, representing the present county officers, claims that Daniels is running republicans for office in

the democratic primary. Dr. E. W. Sykes of Wake Forest, Daniels-Bailey candidate for senator, spoke here Tuesday night and advised that he voted for McKinley in 1896 and did not vote the democratic county ticket last election. R. H. Battle Candidate for the House, stated that he did not vote for the suffrage amendment to the state constitution because he believed it unconstitutional and other candidates admit party irregularity. Daniels and Bailey know their only change is to get the independent vote in the democratic primary and are resorting to this appeal to near-republicans.
