"COME ALONG MARY"

One of the most attractive musical comedies of the season comes to the Opera House next Monday when Harvey D. Orr presents the new Wesley-Paulton musical success, "Come Along Mary." Contrary to most musical shows, this one has a plot. Not one that will make your brain tired to follow it, but one that will hold your interest throughout the play, and also serve as an excellent vehicle to build up an evening's entertainment of hilarious fun and music.

The scenic equipment of "Come Along Mary", is one of great beauty and leaves nothing to the imagination.

Starting with the first scene at the Silver Rock Golf Club, Long Island, you are taken to the wonderful Hawaiian Island, the land of Sunshine, Flowers and Romance. The beautiful gardens of the Oriental Hotel, with the silvery lake in the distance the Hawaiian moon shining down upon it, the road to the beach, and the famous Waukiki Bathing Beach, are all scenes noted for correctness and beauty.

Haunting tunes ripple through the play, and fun of the irresistible kind make up the two and one half hours of real enjoyment and pleasure.

A company of some 40 people, including the famous "Broadway Chorus" will inhabit the above scenes, and present that, which is heralded as one of the best of the seasons musical attractions.—Advt.

HIGH POINT PLANTS NEARLY NORMAL AGAIN

High Point, Sept. 30.—High Point manufacturing plants started their second week's operation, following a shutdown of seven weeks as a result of a lockout, with their forces about 65 to 75 per cent of normal, according to manufacturers today.

Men formerly employed here but who left the city while the lockout was in progress, are rapidly returning, the manufacturers say. They believe it will be only a matter of a few weeks before all the plants will be operating with a pre-lockout complement of men.

Advertisements have been inserted in practically all the weekly papers of the state asking for help for the local factories, and many responses are being had, according to the furniture manufacturers' association.

LOBBYING FOR MARCH

Washington, Sept. 30.—Secretary Baker is taking a very keen personal interest in the elevation of his friend, Chief of Staff March, to the grade of

permanent general. He is at present engaged in lobbying with members of the House in an effort to persuade them to put through the necessary legislation. Remembering the demonstration of a few weeks ago when an attempt was made by the administration to honor both Pershing and March in the same bill, leaders of the House see little chance of the Chief of Staff attaining his ambition. At that time the mention of Pershing's name was greeted with great applause, but when the attempt was made to include General March in the bill cries of "No, No," came from many members. The result was that the measure went through providing only one permanent generalship, to which Pershing has been appointed.
