JUST RECEIVED ANOTHER CAR LOAD OF American Fence

Combine the Fence and the Hog and get the Dollars American Dollars

You, no doubt, are aware that this Fence is made of hard, stiff steel wire, with the best of galvanizing, has the tension curve and hinge joint, which, when pressure is brought against the Fence, it is possible to force the stay out of alignment, and without breaking it. Also notice, between bars stays are perfectly straight and when pressure is removed the entire stay, from top to bottom, springs back to its original position.

Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me."
"I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

Take CARDUI

The Woman's Tonic

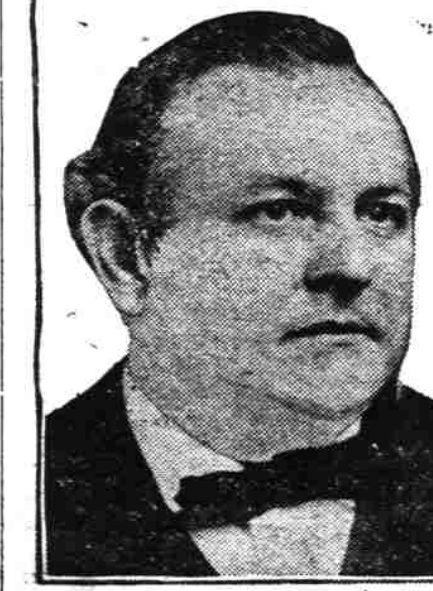

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not. If you do need it, do not delay, but commence to use it at once. Every day of delay, only lets you slide further down the hill.
Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

TOM L. JOHNSON DYING.

Former Mayor of Cleveland Stricken With Kidney Trouble.

Tom L. Johnson, former mayor of Cleveland and one of the leading Democrats in the country, is seriously ill. At the time of his defeat for mayor more than a year ago he was very ill

and took part in the campaign against his doctor's advice. Since then he has been ailing, and at one time it was thought he would die. He showed wonderful recuperative power, however, and recovered sufficiently to return to his home in Cleveland. The former mayor is afflicted with liver and kidney trouble. He is gradually growing weaker, and his friends despair of his recovery.

USES SNUFF TO SAVE A LIFE.

Powder Thrown in Horse's Face as He Trampling Victim - Stops on Beginning to Sneeze.

Barney Kent, a horseman of Fort Plain, N. Y., is in a dangerous condition as the result of a battle with a vicious stallion. Only by resorting to a novel method was the man's life saved. He was alone in the box stall with the enraged stallion and nobody dared to go to his rescue, although the tumult attracted many awed spectators. Directly across the street Clifford Wood has a novelty store and was selling a customer snuffing powder. With others, Wood rushed to the scene, and when he realized the dangerous predicament of Kent, Wood, having brought with him in his haste a quantity of the snuffing powder, quickly scattered it in the stall. The stallion inhaled liberally and was attacked by a tremendous fit of sneezing that occupied all of his attention and enabled onlookers to drag Kent from his perilous position.

CHOKED TO DEATH IN HOTEL.

Man Companion Gone Two Hours Before Body of Woman Is Found.

The body of a woman was found in a room of the Bryant hotel in New York. There were blue marks on the face and neck. A handkerchief had been crowded into her mouth and well back into her throat. Coroner Hellenstein looked at the body and said it looked to him like a case of murder by strangulation.

The hotel people said the woman went to the hotel that morning with a man, who registered for both as "John Smith and wife, Montclair, N. J." The man left the hotel at 6:45 o'clock at night, almost two hours before the body of the woman was found.

PARTIAL SUCCESS.

From the Chicago Tribune. Once there was an old goat that tried to pass himself off for a sheep. The watchful shepherd at once detected the imposture. He killed the goat. But he sold the flesh for mutton.

BORN BLIND, HOPES TO SEE AFTER TRANCE

Thousands Visit Girl Who Says She's a Messiah.

The eight day fast of Margaret Shipley, the McKeesport (Pa.) blind girl, entered last Sunday to restore her sight, will end today. The watchers who are at the head of the translike sleeper told visitors that her soul, which left her body each morning, was in heaven every day and returned to her body at night. The girl is said to have exclaimed, "Jesus Christ, was thy savior of the Jews; I will be the savior of the gentiles."

Church going citizens, scandalized by the visiting thousands who tramped up the hill in the mud to view the sleeping girl, petitioned the McKeesport police to stop the exhibition, but the police, after sending a physician to examine the girl and finding she was in no danger of death from weakness, refused to interfere. The authorities, however, forbade twelve-year-old Edna Tauber, whom Margaret had arranged to have remain at her bedside day and night until her fast was over, to continue her watch longer and sent her home. It was discovered that Edna, excited by Margaret's example, had not tasted food for two days. Margaret has promised she will awake with her sight, although she was born blind. Twenty-five thousand people have visited the McKeesport home, where the girl is staying. Many women walked three and four miles in the rain.

MARTINE WINS SENATE FIGHT.

Forty-seven Out of Fifty Democrats Vote For Him--Will Represent N. J. People at Washington, He Says.

James E. Martine of Plainfield, N. J., was elected to succeed John Kern in the United States senate. He received forty-seven of the fifty votes cast by Democratic members of the joint session. The three other Democrats voted for former United States Senator James Smith, Jr. Assemblyman MacGrath of Hudson refused to vote. The twenty-nine Republicans present divided their votes between three former governors, the retiring senator and the chancellor of the state. Former Governor Stokes, who was high man in the party at the primaries,

captured twenty-one votes. Five votes were cast for former Governor Griggs and one each for former Governor Fort, Senator Kern and Chancellor Fitzney. From his home in Plainfield Mr. Martine sent the following message to his supporters: "I am deeply conscious of the great honor which I have received through my election as United States senator. I thoroughly appreciate the responsibilities that the obligation incurs. I shall represent the whole people."

\$100 FOR EVERY CHILD BORN.

Georgia Parents' League Hopes In This Way to Prevent Race Suicide.

The Parents' Home League of America, organized at Fort Valley, Ga., some months ago to fight race suicide and promote maternity announces that it has over 500 lodges in Georgia and that it is rapidly extending to other states. The league provides a system of rewards and pensions for married people. Those who desire membership must be between the ages of sixteen and forty years. Nothing is paid to any member unless there is at least one living child born to the member. If the husband is a member and dies after the birth of a living child by the wife named in the certificate, then the wife receives a reward of \$1,000 for maternity. The league also pays \$100 each whenever a child is born to a member.

After 1916 Olympic Games. A plan to bring the Olympic games to the United States in 1916 has been folded in the house at Washington through a bill introduced by Representative Paul Howland of Cleveland. The bill authorizes an appropriation of \$250,000 to be expended in prizes and to meet the expense of holding the games at Cleveland.

DEATH IN ROARING FIRE

OLD SOLDIER TORTURED. "For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They're simply great." Try them for any stomach, liver or kidney trouble. Only 25c. at all druggists.

Don't overlook the fact that what you are to men to what you say to them, is what counts. Don't fail to observe that those who forget themselves are never forgotten by the world.

CURTISS IMITATES SEA GULL IN A FLIGHT

Aviator Starts and Lands in San Diego Bay, California.

The aeroplane added another conquest to its long list of achievements in San Diego bay, California, when Glenn H. Curtiss arose from the surface of the bay, flew two miles, returned to the starting place and alighted on the water as lightly as a gull.

The solution of the problem of starting from and landing on the water, which has been regarded as one of the most difficult and at the same time the most important from a military standpoint ever undertaken, has thus been solved. Curtiss' feat makes a new achievement in the history of aviation, and if the opinion of naval officers may be taken as a criterion it is likely to prove of the greatest importance to the navy.

Accompanied by Lieutenant Ellison and Lieutenant Walker of the army and assisted by dozen mechanics the aeroplane was launched in the shallow water of Spanish bight, a narrow strip of water in San Diego harbor. The machine was equipped with special floats, carburetor and engine to attain a high rate of speed.

The eight cylinder motor, capable of developing sixty horsepower, was started, and the aeroplane scudded away over the bight at a forty mile an hour rate. Curtiss, seated in the front control, and the machine lifted easily and gracefully out of the water. It soared fifty feet above the surface for a distance of half a mile and then came down easily and swung around toward the starting point.

GENERAL CHARLES A. GOODWIN, N. Y., IS KILLED.

Known to be in Washington, he was on his way to New York, N. Y., when he was killed. He was the only member of the cabinet who was killed in the war. He was the only member of the cabinet who was killed in the war.

When a huge brick chimney crashed down into the Caledonian Boxboard mill at Whippany, N. J., two men were buried in the debris and a dozen others had narrow escapes from death. The chimney, 100 feet tall, was blown over, and the bricks and the iron top piece, crashed down through the roof of the stock and boiler rooms. The men were so deeply buried by the debris that it took an hour to dig out their bodies.

L. Bailey of Poughkeepsie, N. Y., a freeman on the New York Central, was badly injured in a collision between his engine and the engine of a freight train that he died in a couple of hours after the surgeons had amputated both his legs. According to the police, Robert R. Donovan, towerman, said he forgot to close the switch after the light engine had gone on a siding.

Raiders from the custom house banged into two opium joints back of the Metropolitan Opera in New York and arrested four Chinese who reached for their guns, confiscated \$10,000 worth of raw and cooked opium and layouts and pocketed letters which hinted at the connivance of police officials in several big cities with the opium selling business.

Charles F. Bauer of Lansdale, Pa., a freeman, was killed and Walter V. Garner, another freeman, was seriously injured near Chalfont, Pa., when the Doylestown express on the Reading railway ran into an open switch and collided with a freight train standing on a siding. The engineers of both trains and several passengers were slightly hurt.

SPORTING AFFAIRS.

Unless there is an unexpected hitch, Jack O'Brien, who is promoting a big boxing club with a huge arena in Philadelphia, will succeed in signing Jack Johnson, the heavyweight champion, to meet Al Kaufman in a six round bout some time next month. Kaufman is on his way east, and O'Brien had a confab with Johnson in Pittsburgh the other day that appears to have been entirely satisfactory.

Johnnie Summers and Harry Lewis met in a twenty round match for the welterweight championship of the world in London, and the latter defeated him in the fourth round. Before the fight began it was announced that Lewis had failed to train down to the stipulated weight, but Summers was satisfied with the forfeit of \$100 and agreed to take the ring and stand his chances against a man some pounds heavier than himself.

Packey McFarland put it all over Young Erne in their six round fight at the National A. C. in Philadelphia. Erne was slow and wild and could not hold his ground, missing many swings, one of which carried him to the floor. McFarland, on the other hand, was aggressive from the start, and after the first round he had Erne's measure in every session.

CRIMES AND CASUALTIES.

Captain Allen Dorsey of the Irene Ruth, an oyster boat lying on morland, Va., that Wynne and Miss Jennie Oubre, eighteen years old, got a marriage license. Wynne swore he was not married and that he was a white man. The police say that he is a negro and has a wife living in his city.

Unless some member of the Kentucky delegation takes the initiative Representative Macon of Arkansas intends to make a protest against the seating of Caleb Powers in the new house. Mr. Powers, who was elected from the Eleventh Kentucky district at the last election, was involved in the court proceedings that followed the murder of Governor Goebel in Kentucky.

UNKNOWN MAN, WHO SIDED WITH THE CAPTAIN, DEFENDED THEMSELVES AS BEST THEY COULD, BUT AFTER RENDERING ADAMS UNCONSCIOUS THE MUTINEERS ATTACKED THE UNKNOWN SAILOR AND AFTER BRUTALLY BEATING HIM THREW HIM OVERBOARD.

After falling to shoot his wife with a rifle John McCombs, fifty years old, a farmer, is alleged to have clubbed the woman to death in a fit of jealous rage at Indiana, Pa. After killing the woman McCombs sent his nine-year-old son the only witness of his action to the home of a neighbor and went himself to the home of another neighbor, where he attempted to commit suicide by hanging himself with a halter. McCombs was cut down in an unconscious condition and turned over to the authorities.

Detectives of the New York, Chicago and St. Louis railway are investigating the attempt to wreck the "Flier" at Hobart, Ind. The fireman while handling coal from the tender into the firebox struck a fuse which exploded. Thinking it was a chunk of coal, he started to throw it into the firebox when he discovered that it was a twenty-five pound can of giant powder. Officials believe that disgruntled employees may have had something to do with the affair.

In an explosion which occurred in the Laundry of America in Philadelphia an aged but as yet unidentified woman was killed, another woman critically injured and five others so dangerously hurt as to necessitate their removal to a hospital. The explosion, according to the police, was caused by the bursting of a steam boiler on the top of a mangle machine. The concussion blew out the front of the building, and fire followed.

A terrific explosion of gas or powder in the No. 10 colliery of the Pennsylvania coal company at Hughestown, Pa., near Wilkesbarre, wrecked a large section of the mine and killed at least five miners. Six men terribly burned have been taken out and are reported at the Pittston hospital to be fatally injured. Others were killed outright by the explosion, and still more are shut in the mine. What caused the explosion is not known, but it is believed to have been a gas explosion.

Great Cement Demand. Two years ago there was an overproduction of 100 per cent. starting cement manufacturers in the face, as the estimated capacity of the plants at that time was 100,000,000 barrels per year and the consumption only 50,000,000. Present conditions indicate a consumption of 75,000,000 barrels this year. This increased demand, coupled with the fact that large Eastern manufacturers for two years have sold large quantities South and West at unprofitable figures, has caused the advance.

FRANKIE BURNS AT THE NATIONAL SPORTING CLUB IN NEW YORK AND JUSTLY EARNED THE RIGHT TO A DECISION IF ONE HAD BEEN GIVEN.

Zbysko, the big Polish lion, failed to throw his three men in one hour at the wrestling tournament at the Grand Central place in New York. Zbysko threw the first two men, Ira Fed vovski and Yankee Rogers, but only having six minutes left of the hour to wrestle Americus, failed to down him in that time.

Scotland Yard is making ample preparations to deal with known crooks and other objectionable characters from the continent and America who are expected to be on hand for the coronation of King George. A special branch of the force is being organized to watch the ports, and every hotel will have its special detectives. All undesirable aliens will be picked up and jailed for three months or until the coronation ceremony is ended, when they will be deported.

A credit of \$1,000,000 as a first installment toward construction of new warships appears in the Austro-Hungarian budget for the next six years provides for four Dreadnoughts of 20,000 tons each, three cruisers, twelve torpedo boats and six submarines, at a total cost of \$62,400,000. The army estimates have been increased by \$7,000,000. The total expenditure is put at \$448,000,000.

The Rev. John Henry Jowett, who has been described as the greatest living preacher in England, has called to the elders of the Fifth Avenue Presbyterian church in New York that he accepts their offer of \$12,000 a year and a home and that he will begin his pastoral duties at latter part of March of the first part of April.

The appointment of the Duke of Connaught as governor general of Canada is officially announced in London. The duchess will accompany him to Montreal. He will enter upon the office in September and "will hold the appointment for two years, which may be subject to a further extension."

The trial of the suit of the Wright brothers against a number of French aeroplane manufacturers for alleged infringement of patent has begun in Paris before the civil tribunal. The trial will probably last several days. Farman, Bleriot and Dumont are among the defendants.

Charles Barr, the famous yacht skipper, who sailed the Kelliance, Columbia, Westward and other noted yachts, died suddenly in Southampton, England, of heart disease. In 1905 he sailed his yacht Atlantic across the ocean and won the \$5,000 gold cup offered by Emperor Wilhelm for the international race. He also sailed the Columbia in 1907 and the Columbia in 1908 and the yacht Kelliance in 1909.

Henry M. Nevin, a lawyer, war veteran and former commander in chief of the G. A. R., died at his home in Red Bank, N. J., after a long illness, with which he was first stricken two years ago while attending the national encampment at Salt Lake City as grand army chief. He was seventy years old.

William O. Seymour, railroad commissioner for twenty-three years and a prominent resident of Connecticut, is dead at his home in Ridgefield. He was a member of the general assembly of the state of Connecticut in 1908. From 1892 until 1908 he was judge of probate for the district of Ridgefield.

Dr. Emil Munsterberg, brother of Exchange Professor Hugo Munsterberg of Harvard, died in Berlin. Dr. Munsterberg was director of the municipal poor laws of Berlin. He was the German delegate to the jubilee of the United Charities society in America in 1908.

Rear Admiral W. H. Reder, U. S. N., retired, died in Paris. He had been ailing for many months.

NEWS OF OUR NEIGHBORS.

A report was received from the government of another outbreak in the state of Oaxaca. Two thousand rebels attacked the town of Tuxtepec, imprisoned all the authorities in the city hall and then without molesting any of the inhabitants departed for the Valle Nacional, a rich tobacco district, where it is expected they will attempt to enlist contract laborers. Troops were dispatched to the scene of the trouble.

Commercial interests and American and English investors of Panama are greatly alarmed over the prospect that the business of the republic will be endangered by the proposed increase in the paper currency. A bill has been introduced which, if carried, will inflate the nation's circulating medium by \$50,000,000. Business men of Panama have had more than one harrowing experience with the shrunken currency of the average Central American republic, which can be purchased at the rate of 100 for a single American dollar bill.

More than a thousand miles of railway track of the Southern Pacific railway system of Mexico are still tied up without a wheel being turned as a result of a strike of the American railway engineers and firemen. The company having difficulty finding Mexican employees to fill the Americans' places, and it is the contention of the railway men that there are none to be had in the republic.

One hundred and fifty persons are homeless as a result of a fire in which half the town of Gowandura, Ont. was burned. Dynamite was used to fight the fire, but to little purpose.

SOLVES A GOOD MYSTERY.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Louisville, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c. at all druggists.

Life Insurance.

The best business men and farmers carry life insurance because their money is safely invested and again their lives are protected in case of death. It makes young men save their earnings for after years, for the rainy days and for a large estate that in this way is created by a smaller cost than any other way. The Mutual Life, of New York, is the oldest and strongest in America. Get in the best possible company when you do insure. See Hines—the agent, at Kenansville, who represents the strongest Company of any kind in the world. Men and women should insure while they can and at a lower rate than will ever be offered again.

Keep the wolf from the door. Prepare for old age. Be independent in life. Save a part of your earnings. THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK, D. S. HINES.
