With the overhauling and painting of the residences and churches, Henrietta is now a modern mill village and great credit is due our general manager, Mr. T. B. Stevenson, for it is his idea that the best is none too good for his help. You will also find Mr. W. S. Moore, superintendent at Henrietta, always on the job looking out for the needs of his help.

Mr. and Mrs. P. E. Rollins, Mrs. T. C. Whisnant and Miss Sallie Jane Lynch spent Sunday and Monday in Asheville and Weaverville. ## NOTICE TO TELEPHONE SUBSCRIBERS

BOSTIC, N. C., OCTOBER 15, 1919.

TO THOSE OF THE SUBSCRIBERS OF THE RUTHERFORD COUNTY TELEPHONE COMPANY WHO ARE IN ARREARS:

ALL SUBSCRIBERS ARE HEREBY NOTIFIED THAT ALL TELEPHONE SERVICE WILL BE DISCONTINUED FROM PHONES IN ARREARS FOR RENT ON THE LAST DAY OF NOVEMBER, 1919.

A few months ago we adopted the policy of allowing our subscribers to pay their telephone bills at their bank monthly, instead of making personal solicitation or payment to each of them. This policy was adopted in order to save the expense of personal solicitation and apply the expense thus saved to providing better service.

A great part of our subscribers do not seem to appreciate this favor, made for their benefit, judging from the large number of unpaid bills on our books.

We trust that this notice will be heeded and that all subscribers in arrears will make immediate settlement. Improved and efficient service cannot be expected unless 'phone rents are paid.

The question of operating the business of this company is indeed a serious one to you, as well as to this company. It is absolutely impossible for us to render efficient service unless our patrons pay their bills. We are making improvements in equipment and service, and intend from time to time to make additional improvements. But in order to be able to do so, our patrons must pay their bills monthly.

It is a fact that a very large number of our subscribers fail and neglect to pay their telephone bills. This company does not want to be compelled to take the 'phone out of any residence or business house, but, unless our patrons pay their bills promptly, we will be forced to remove the 'phones from those who fail to pay.

We are publishing this notice as a warning to all patrons of the company that unless telephone bills are promptly paid service will be discontinued from those who fail to pay.

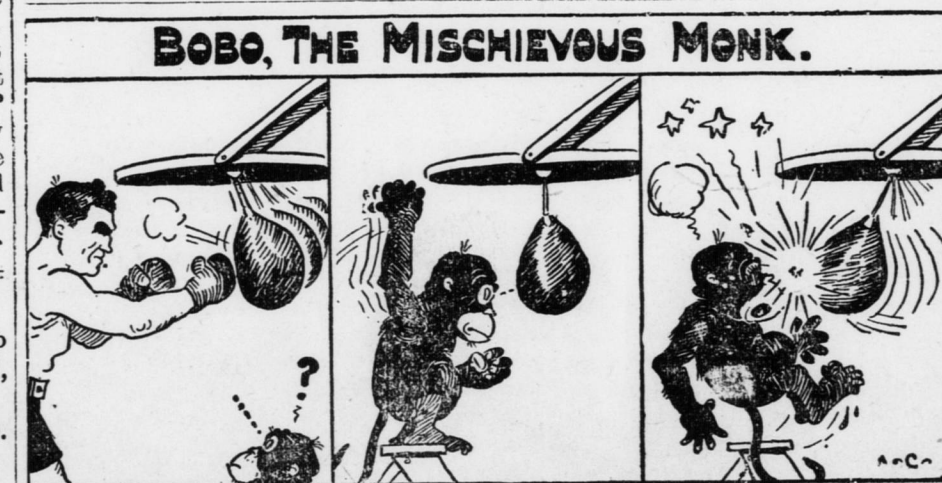

Won't you help us in our efforts to improve both our equipment and service?

Can you expect service unless you pay your telephone bills?

While we would regret to discontinue service from anyone, we have on file many applications for telephone service from those who are willing to pay. Your failure to meet your bills not only interferes with your own service, but prevents others, who are anxious and willing to have and pay for service, from having telephone service.

We appreciate very gratefully the promptness with which many of our patrons meet and pay their bills every month, and this notice is not intended to apply to any of them.

Respectfully,  
RUTHERFORD COUNTY TELEPHONE COMPANY
