Stop-over permitted at all points.

H. C. L. TO BE PUNISHED IN THE OLD NORTH STATE

War Loan Organization of Fifth Federal Reserve District Will Continue to Develop Thrift and Savings Plan.

Vigorous assistance in the movement to reduce the high cost of living, through encouraging sane spending, will be given by the War Loan Organization of the Fifth Federal Reserve District in 1920, according to an announcement made from Richmond, Va., by Albert S. Johnstone, director for this district, which includes the State of North Carolina.

"With the foundation of the government's savings movement firmly laid and with a full knowledge of the tremendous benefits which inevitably follow when the principles of thrift are adopted, the United States Treasury Department will continue to push the movement," Director Johnstone said.

"The War Loan Organization of this district has enjoyed the co-operation of many able citizens," the district director continued. "Numerous banks and mercantile and industrial establishments have rendered whole-hearted assistance while the newspapers of the district, by their patriotism and generosity, have accorded a service of inestimable value.

Spending, Saving and Investing.

"It will be the policy of the War Loan Organization of the Fifth Federal Reserve District during 1920 to continue to emphasize the importance of spending wisely, of saving regularly and systematically, of investing in sound securities. It will endeavor to find or create new markets for government securities, and to point out to investors the attractiveness of Liberty Bonds and Victory Notes, particularly when bought at market prices. Also special emphasis will be given to the savings movement which is now popularly identified with War Savings Stamps and Thrift Stamps.

"A point to be mentioned, but which no longer needs to be emphasized, is that thrift does not mean miserliness. It means getting your money's worth; it means the elimination of waste; it means saving on what you do not need; it means the steadfast refusal to buy useless luxuries; it means the most efficient use of all natural and acquired resources; it means safe-guarding against unforeseen emergencies and protection for the future.

Total Exceeds Billion.

"Through this thrift movement, begun in December 1917, the government has marketed to millions of purchasers savings securities to a total exceeding \$1,121,000,000. Despite the falling off in interest on the part of the public in these securities following the armistice, the sales began to increase last summer, showing that the efforts of the treasury to stem the tide of extravagance and develop habits of saving were beginning to bear fruit.

"The development of this savings movement during recent months has been very encouraging. Since the beginning of the present school year, more than 6,000 savings societies have been organized in the schools of the Fifth Federal Reserve District. In many school rooms and grades every child is a member of a Savings Society, having agreed to save systematically and invest his savings in Thrift and War Savings Stamps. How much this movement means potentially is suggested by the fact that during the last two weeks in October children in the public schools in Baltimore alone saved \$23,400, investing the whole amount in these securities.

Upwards of 1,000 women's organizations throughout the district have been actively enlisted in studying budget-making, promoting thrift among their members and associates, shopping more carefully, and in these ways fighting campaigns in behalf of systematic saving and wise investment in government securities in more than 600 concerns in this district employing more than 385,000 people."

NEW YEAR RESOLUTIONS.

- Resolved:
- End lots of useless spending.
 - Shut out the Profiteers.
 - Cost this unrest forever.
 - Look to the future years.
 - Unit our mightiest efforts
 - Through Thrift to bring content.
 - Invest our money wisely.
 - On Saving—all be bent.
 - Now is the time to start if our Success would crown intent.

GET AHEAD.

If you want to get ahead—get a head! The person who is saving and investing his savings this day and time in War Savings Stamps and Thrift Stamps is showing that he has a head and knows how to use it. Fifteen-dollar silk shirts won't keep you warm this winter but they will cripple your bank account. Better get a common-sense shirt and put the difference in War Savings Stamps where it will earn four per cent, compounded. It's not what you make but what you save that counts. Are you getting ahead or slipping behind? War Savings Stamps are pretty good non-skid chains.

ADMINISTRATOR'S NOTICE

The undersigned having been appointed and duly qualified as administrator of the estate of Mrs. C. M. Harrill, deceased, late of Rutherford county, hereby notifies all persons having claims against said estate to exhibit same to the undersigned, administrator, at his residence at Forest City, N.
