Random Observations

Is Forest City to have an overall club? If the men of the country take to wearing overalls, will the women wear "underalls," or union suits?

We are sorry for Mary Pickford. The courts gave her what she wanted and now they are trying to take it away from her.

Speaking of the overall clubs, it strikes us that a "patched trouser club" would be better from an economy standpoint.

We look for gasoline to go up. A movement is on foot to enforce the state uniform law in regard to prices and this commodity is to be "investigated."

Another scandal in army circles. Now claimed that "favorites" of war department officials have made from 100 to 500 per cent profit on resale of surplus army supplies.

The strike situation is improving, so the despatches say, many of the strikers returning to work. Put these malcontents on the farms and let 'em "strike" mother earth for a living for awhile.

Atlanta people may spend summer in tents with a view to alleviating crowded housing conditions and to combat profiteering in rents. Will the situation be relieved any when cold weather sets in?

J. A. Reed, dairyman living four miles from Asheville, is said to have a fine Holstein cow which has dropped a calf, which has a head exactly like a dog. Reed has had photographs made which he has been showing in Asheville. "Dog-on" a cow that would do such a thing.

Reports from Chimney Rock to the effect that the "woods" is full of summer visitors already, and the "open season" not yet on. The Esmeralda Inn had 65 guests for dinner Sunday. What will they do with the folks after the season opens?

Sylva, N. C., is spending \$90,000 for a water and sewerage system for that town. The county commissioners of Jackson county (of which Sylva is the county seat) last week sold \$100,000 worth of road bonds, and an additional issue of \$150,000 has been authorized by them. Will Rutherford county please do likewise.

They Bought Here--- "There's a Reason."

The people come here from all over this county to trade. They know we have the goods---have got what we advertise.

They know the goods are right and that the prices are bound to be right.

They know the treatment accorded our patrons is courteous, fair, and square.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. F. J. CHENEY & CO., Toledo, O.

To Succeed You Must Save

Age creeps upon us like a snowstorm in the night. Before we know it we lose the buoyancy of youth and our hair begins to turn gray. Our capacity to earn money is lessened. Without a home and a savings account, old age becomes cheerless and dark. Our wants have to be relieved by the hand of charity, if relieved at all. It is too late then to mourn over our lost opportunities and the lack of thrift in our younger days. Instead of an old age of peace and comfort, we have an old age of sorrow, discontent and worry. It is sad, heart-breakingly sad, but must be endured by the shiftless individual until his life is snuffed out.

YOU CAN AVOID THIS CLASS OF OLD AGE

If you will, by taking some shares in the Twenty-ninth Series of shares in our Association, which will be open on May 8th 1920.

SHALL WE SEE YOU THEN?

MONEY
An Article of Merchandise

Bankers everywhere are realizing the basic fact that money is a commodity the same as any other article of barter. They receive money on deposit and sell its temporary use for a fee. COMMERCIAL BANKING is preeminently MONEY-MERCHANDISING.

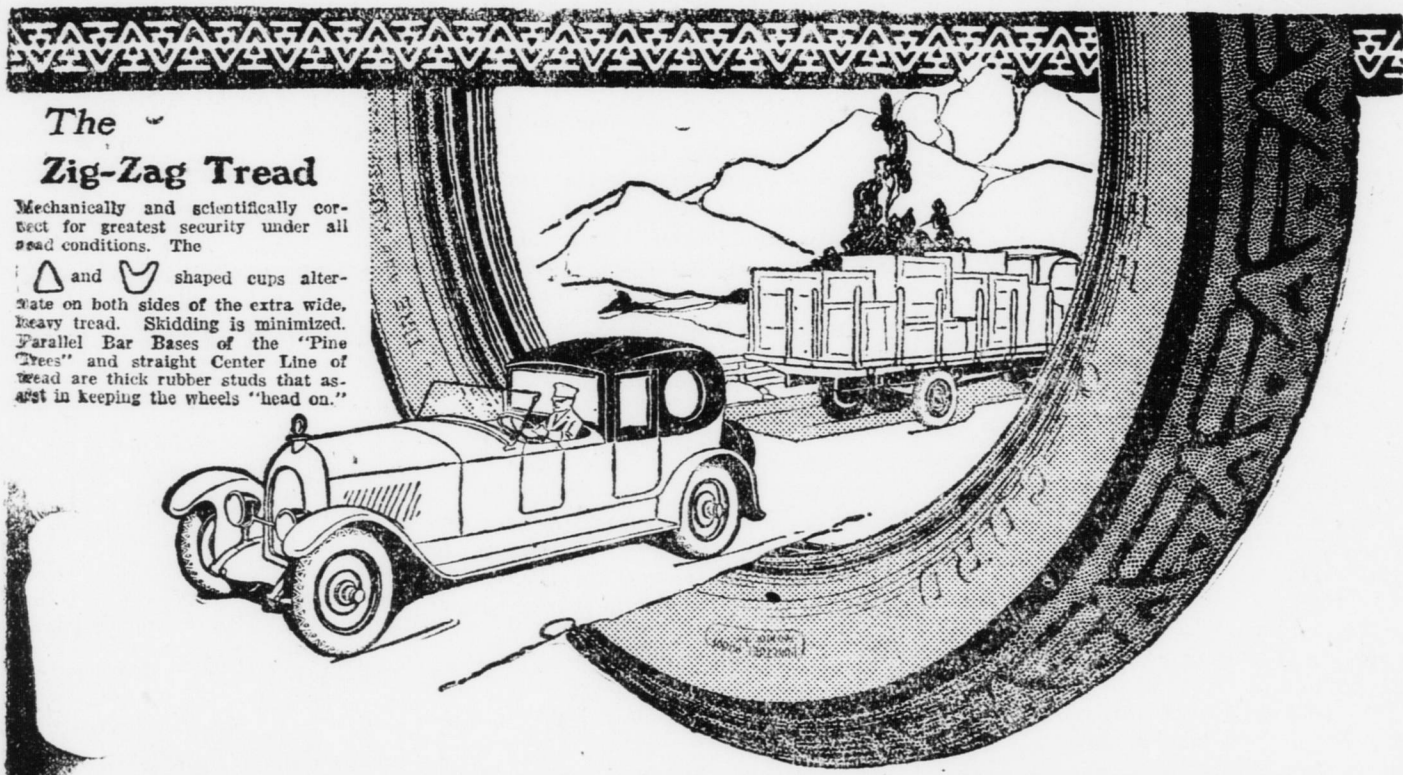

The Farmers Bank and Trust Company realizes that its customers have the same buying and selling problems in money as in merchandise and it has an organization to meet satisfactorily the money requirements of its clients. This bank has met every requirement of its customers since its organization, and upon this record solicit new business.

The Zig-Zag Tread

Mechanically and scientifically correct for greatest security under all road conditions. The A and V shaped cups alternate on both sides of the extra wide, heavy tread. Sliding is minimized. Parallel Bar Bases of the "Pine Dress" and straight Center Line of tread are thick rubber studs that assist in keeping the wheels "head on."

Puncture-Proof with Every Cord-Quality

LEE Cord Puncture-Proofs are the only cord tires that can win an argument with steel.

Let the thinnest, toughest, sharpest nail or stoutest spike try to pierce the triple thickness of steel discs. They cannot pass. Your tube is safe. The cord construction is uninjured. Not a cord cut or weakened, for the steel discs are placed between the cords and the tread.

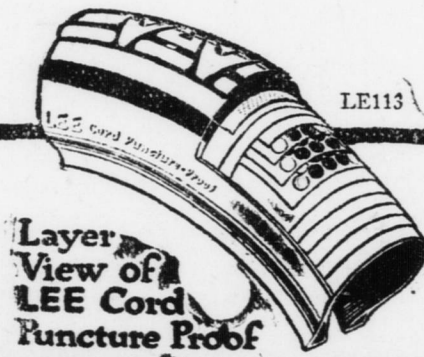

For eighteen months Lee Cord Punc-

ture-Proofs were subjected to the severest tests before being offered to the public. They were everything that a cord tire should be—not a single cord quality had been sacrificed to make them puncture-proof.

Let us show you the quality and construction of this remarkable tire.
