

## REMARKABLE RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me."

I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ 743 N. 25th Street, Phila., Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

**Prayed for Cure Finds it After 10 Years**  
Food Would Sour and Boil  
—Teeth Like Chalk

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.:  
I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got awfully bad; could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

## SUGAR YIELD OF 5,000,000 POUNDS

AGENT IN SUGAR PLANT WORK MAKES SOME INTERESTING OBSERVATIONS

### WANTS GREATER PRODUCTION

Board of Trade is Congratulated on its Splendid Work along The Line of Reforestation

Asheville.—"The maple trees in Ashe, Watauga and Avery counties could be made to yield as much as five million pounds of sugar a year, if all the trees in these counties were operated," was the statement made by M. W. Hensel, agent in sugar plant work, with headquarters at West Raleigh, N. C. "During the Civil war, the farmers in these counties made a great deal of maple sugar, that is, in a crude way, but in later years this industry has been seriously neglected. Mr. Hensel said on account of the elevation of western North Carolina where the sugar maples have a longer period of freezing and thawing and the winter is as long or longer than in southern Michigan or northern Ohio, that the farmers should produce a much greater amount of sugar than they do.

Mr. Hensel's work is to get greater production from the sugar maples, sugar beets, sorghum and the sugar cane but in his conversation with Wm. Farr, director of the agricultural division at the board of trade rooms he stated that he is a strong worker for forest conservation and he congratulated the board of trade on the splendid work they are doing along the line of conservation and restoration in the Appalachian mountains.

Charlotte.—"Dancing is nothing but a hugging match set to music. If you leave out the hugging part of it, there is nothing left," said Evangelist Brown, who is conducting evangelistic services at the city auditorium under the auspices of the Disciples of Christ.

Rocky Mount.—Approximately \$20,000 damage was done and the handsome National Bank of Rocky Mount Building, valued at hundreds of thousands of dollars, jeopardized by fire, which gutted the building occupied by the United Woolen Mills and G. F. Harrell, sporting goods dealer.

Littleton.—Speaking before a large and highly enthusiastic audience composed of the leading citizens, men and women of Warren and Halifax counties, Lieutenant Governor O. Max Gardner delivered an eloquent and highly appreciated tenth of May memorial address here.

Greensboro.—Cameron Morrison, of Charlotte, candidate for the democratic nomination for governor, delivering the principal address at the Memorial day exercises here, paid high tribute to the valor of the Confederate soldiers. He spoke of them as "the noblest figures in the history of man's struggle for independence."

Wilmington.—The annual summer reunion of the Scottish Rite bodies in the Valley of Wilmington will be held June 15-18 when it is expected there will be a large class of candidates to take the degrees from the fourth to thirty-second inclusive.

Elizabeth City.—The trustees of the Chowan College could not agree in their last annual meeting to move the college from Murfreesboro, though they had already voted definitely to do so at their meeting at Edenton this spring. Sentiment was very strong for bringing the school here, if moved at all, and had the trustees stood by their former decision, the college would doubtless have come to Elizabeth City.

As it is, the school will remain at Murfreesboro, receiving certain aid from Murfreesboro in paying off its debt and also aid from the Baptist Educational Board.

Want No-Fence Law Williamston.—The advocates of the no-fence law are busy in the county, but the signers of a petition to the county commissioners were not numerous enough to come within the required number, so the petition was of no effect. The ants are very strong and it is not expected that Martin county will get in that progressive row soon, though it would be in keeping with other improvements.

The local Shriners are preparing to move on Goldsboro when the day for the fun begins in that city.

A. R. P. Synod Adjourns Gastonia.—With the selection of Richard, Tenn., as the next place of meeting and the election of the Rev. W. A. N. Plaxico, of Rock Hill, as moderator of the next session, the synod of the Associate Reformed Presbyterian church adjourned. The matter of the location of a big orphanage at Linwood college was left in the hands of a committee.

## ALVARADO MAKES FRANK ADMISSION

SAYS MEXICO HAS PROVED TO BE TROUBLESOME NEIGHBOR BUT ASKS FOR TIME

### GOOD MEN SUFFER ANGUISH

Enormous Resources of Country Must Be Placed at Service of Humanity or World will Take Them

El Paso, Texas.—Admission that Mexico is "a troublesome neighbor" and a plea that the world "have a little patience and wait a trifle longer" are contained in a statement to the American people by Salvadore Alvarado, provisional minister of finance for the revolution.

The statement, a copy of which was received here, follows, in part: "The men of good will in Mexico suffer an inexpressible anguish at this time, because we know that the world is tired of our disorders, because we are a troublesome neighbor. We know full well our duties if we wish to be respected like a civilized people; we know that we have to protect the lives and property of nationals and foreigners, we know we have to pay our debts, as gentlemen; we know that the difficulties of Mexico affect many parts of the world; that we can not live behind a Chinese wall, and that, due to the swiftness of means of communication, inter-dependence of nations is an actual and positive thing, and that no country can act as she herself desires. "We also know that if we are not capable of placing at the service of humanity all of the enormous resources that exist in Mexico, the world will come and take them."

Paris.—It is understood in official circles here that the Anglo-French conference at Hythe, decided that the sum total which Germany should pay as reparation would be fixed at 120,000,000,000 marks gold (approximately \$39,000,000,000).

Railway Executives Want Pay of Many Railroad Workers Advanced

Chicago.—Wage advances should be granted to many railroad workers to enable them to meet the high cost of living, the Association of Railway Executives declared in its opening statement before the railroad labor board.

Strike at New Bedford Resolves Itself into Sympathetic Affair

New Bedford, Mass.—The textile unions of this city, with the exception of the loom fixers, voted to accept the 15 per cent advance in wages offered by the manufacturers.

At a mass meeting of the operatives it was voted to continue the present strike in 18 cotton mills in support of the loom fixers.

Methodist Foreign Mission Board Has Expended Sum of \$10,000,000

Des Moines, Iowa.—The report of the board of foreign missions of the Methodist Episcopal Church to the general conference in session here shows an estimated expenditure of \$10,500,000 in foreign missionary work or the year 1920.

Thirty Publishers Meet to Devise Ways and Means to Secure Paper.

Washington.—Thirty publishers, representing approximately 80 small newspapers east of the Mississippi, met here to devise means of assuring an adequate supply of print paper for their publications.

A temporary organization was perfected with W. J. Pape of the Waterbury, Conn., Republican, as chairman, and Joseph B. Finan of the Cumberland, Md., Evening Times, as secretary.

Human Discontent.	
How does it happen, Maecenas, that no one is content with that lot in life which he has chosen, or which chance has thrown in his way, but praise those who follow a different course?—Horace.	
Word to the Women.	
It may not beget undue attention, but 240,162,943 needles were made in the United States last year. It would be pleasant mental recreation for a long evening to figure how many hours of labor, based on the proverb that a stitch in time saves nine, would have been saved the women of the nation if all these needles had been applied at the psychological moment.	
Pirates Do Family Wash.	
Among the Riflan pirates of Morocco the women do all the agricultural and other hard work, while the men, when at home, do the cooking and mend the clothes, including the women's.	
Pretty Idea of Chinese.	
Chinese gardeners sometimes plant statues of tiny men firmly in pots, just like real plants, and then train live evergreens to grow up over these statues. The vines thus form a kind of robe for the statuette men, their white faces and hands protruding from the green leaves.	
Fish Shoots Its Prey.	
A shooting-fish in the East Indies has a hollow cylindrical beak. When it sees a fly on plants that grow in shallow streams it ejects a single drop of water, which knocks the fly into the tide.	
"Get Rich Quick."	
Writing a song that catches on is one of the shortest cuts to wealth. Sir Arthur Sullivan received \$50,000 in royalties for "The Lost Chord," and "My Pretty Jane" remunerated its composer to the tune of \$10,000 a line!—Boston Post.	
Greedy for Wasps.	
The common green frog has been discovered to possess an insatiable greed for wasps. This extraordinary appetite does not seem to be in the least checked by an occasional sting. The protecting color of the frog, which lies motionless upon leaves, no doubt deceives the most wary of insects into sense of security.	
Ancient Papermaking.	
The art of making paper from mulberry bast is said to have been invented in China in the second century B. C. Afterward bamboo shoots, straw, grass and other materials were also used. The manufacture spread to the adjacent countries.	
Expensive Leather.	
The finest and most expensive leather goods are produced at Chan-Chan-Poo, in China. The leather is made from lizard, shark, dolphin and snake skins, which are very strong and durable. Snake skins are used for canes, pipes, purses, pocketbooks, etc.	
Removing Tea Stains.	
The spouts of china teapots become very much discolored in time. A wing feather of a chicken or turkey makes a good brush to remove them. When well soaped and drawn in and out of the spout it cleans it nicely.	
Have You One?	
A stone is considered precious if it is perfectly transparent, is bright and clear in color and possesses great brilliance.	

## CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Grip or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid! It is perfectly harmless, so give it to your children any time. It can't salivate.—Adv.

Strength in Faith. It is the man or the woman of faith and hence of courage, who is the master of circumstances, and who makes his or her power felt in the world. It is the man or the woman who lacks faith and who as a consequence is weakened and crippled by fears and foreboding who is the creature of all passing occurrences.—Exchange.

Her Jewels Gone. "Mrs. Swellman has been robbed of her jewels and Mrs. Meany is the guilty." "Gracious! You don't mean to say that she stole—?" "What else is it but stealing? She offered Mrs. Swellman's cook \$5 a week more and her maid, \$3 and now she has them."—Boston Transcript.

## Accepted for Life Insurance

Easily Passed Examination Although Previously Told Condition Was Hopeless

"I was so bad off with kidney trouble I had to give up my work as engineer," says J. B. Ragless, 210 West 60th Street, Chicago, Ill. "My back gave out completely. It was as weak as if it were broken. Often I tossed and turned the whole night long. I became dizzy and would have to grab the nearest object to keep from falling. At times the kidney secretions hardly passed at all, while again they would be profuse and oblige me to arise time and time again. The urine burned cruelly. I had taken so many things without relief I became discouraged; in fact, I was told there was no help for me. "At last I began with Doan's Kidney Pills, and they made a new man of me. It wasn't any time before I was back to normal weight and had passed a life insurance examination, without any trouble. Over twelve years have since gone by and my cure is still permanent." Sworn to before me. GEORGE W. DEMPSTER, N. P.
