

SPINDALE NEWS NOTES

The High School Literary Society met as usual Friday afternoon and re-elected officers. Miss Irene Fox was elected president; Miss Ora Crenshaw, vice-president; M. D. Haney, secretary; Carl Cowan, chaplain; Clarence Griffin, censor. After the election came an interesting program. The debate was one of the most interesting that has been held since the society was organized. The query for debate was: "Resolved: That the physical changes in the boundaries of the nations of the world is a benefit to civilization." The speaking and rebuttals took the better part of an hour and a half. The affirmative was upheld by Ocie Nanney, Irene Fox, and M. D. Haney. Those on the negative side were Carl Cowan, Clarence Griffin, Herbert Crenshaw.

The judges' decision was given in favor of the negative.

Rev. M. W. Heckard is very ill at this writing. He has the tonsillitis, and was unable to fill his regular appointment here last night.

Spindale played three games in the basket-ball league series last week, with results, as follows: Monday, S. H. H. vs. Mt. Vernon, game in favor of S. H. S. by a score of 38-14; Wednesday afternoon, S. H. S. vs. Henrietta, on Henrietta court. Lost to Henrietta by a small score; Saturday afternoon S. H. S. vs. R. H. S., on R. H. S. court. Score 20-21 in favor of R. H. S.

Messrs. Ralph and Earl Thomas, Craig Auton and Miss Lillie Auton, of Tuckasee, Mount Holly,

N. C., spent Saturday and Sunday visiting relatives and friends in Spindale. The Thomas boys formerly lived here and have not been back in three years. They were amazed at the growth of the town and the many improvements made since they left here.

Mr. Roy Setzer spent the weekend visiting at his home in Hickory, N. C.

POPULARITY OF BUICK ROADSTER

So startling was the debut of the new special 6-54 roadster of the Buick line at the New York show that H. H. Bassett, general manager of the Buick Motor Co. will be forced to revamp the production schedule on the model. In a telegram to C. B. Durham, assistant general manager, Mr. Bassett said that he believed the company, largely because of the roadster model, was about to enter on a period of immense increase in sales and that every effort would have to be exerted to keep production up to the demand.

Mr. Bassett's message follows: "New special 6-54 roadster received with wonderful enthusiasm at the show. Our plans for production of this model will undoubtedly have to be rearranged. I am firmly of the opinion that we are about to enter on a period of immense increase in sales on all models and that we will be compelled to exert every effort to keep production up to the demand. There seems to be a very optimistic feeling developing in the industry and the indications are that the dealers' demands will be constantly increasing from now on as they are leaving the show with an entirely different spirit than they had when they arrived. We certainly have been thinking along the right lines when we were making our plans for the spring and summer months' production but am inclined to believe we have not made plans quite extensive enough. The Chicago show will give us a check on the situation and if there is anything like the same feeling that exists at New York, we will certainly have to keep on the jump to keep up. "Would suggest that you get details in shape for us to go over immediately on my return for everything looks extremely encouraging. We certainly have rung the bell with the new Special 6-54 Roadster." (Signed) H. H. Bassett.

"REBECCA'S TRIUMPH"

The popular playlet, "Rebecca's Triumph," was given by the teachers at Caroleen last Saturday evening, and it proved a triumph in demonstrating their talent and ability. It was a complete success and was enjoyed by a large crowd.

We are having bad weather for farming, but the farmers are busy anyway. It is hard for a real farmer to be idle. There is always something that can be done on a farm unless it is storming, and then how busy the farmer is planning! It is well to have this time to plan, for "well begun is half done."

There is still a good deal of sickness among us. Mr. George Henry, Mrs. B. M. Hamrick and Roy McBrayer are real sick now. Hope all will soon be better.

Mr. William Wood, of the Shiloh section and Miss Lucy Scoggin, of Cliffside, were married recently. We wish the young couple much success in their new venture.

Mrs. Stella Culbreth, who is filling the position of matron in the girls school at Burnsville, N. C., spent the week-end at home, returning to Burnsville Tuesday.

Messrs. Charles Abram, Yates Spurlin, Sewell McBrayer, and Misses Ollie Ruppe and Nelle McBrayer, all of Round Hill School, were home for the week-end.

BIG SALE BEGINS TODAY

Mr. A. V. Hamrick, of "Sandy Mush," announces a big stock reducing sale to begin today, Feb. 9, and continue through to Feb. 18th. In some splendid bills, printed in the Courier's job department, Mr. Hamrick says: "We are going to give our friends and customers the benefit of some real price slashing, that should make them come miles to take advantage of our offerings." A friend, in speaking of Mr. Hamrick recently, said: "When he puts on a sale, he puts on one that makes them all sit up and take notice," and judging from the prices listed on his sale bills, the friend was quite correct.
