More facts you should know

- 1 Buick production has increased so immensely that it has been possible to make greater strides each season in the handling of each operation. The buyer of a Buick car profits by the consequently lowered manufacturing costs.
- 2 For twenty years the name Buick has been indelibly linked with those car qualities that appeal most profoundly to car owners—sturdiness, power and unflinching dependability.
- 3 The biggest advantage of buying a Buick car is that you get a Buick Valve-in-head motor and properly related chassis.

What's The Use to Wait, When You Can Get That Car Now on the Easiest Kind of Terms?

It is an easy proposition to own a Buick or Chevrolet when you take advantage of our easy payment plan.

Our plan, the easiest and best ever offered by any dealer, will enable you to purchase a car now, make a small cash payment, and get 12 months' time in which to pay the balance.

Come in and let us explain the proposition to you.

ASK HOME BOARD FOR \$5,000 YEAR

If Association Will Reduce Indebtedness on Round Hill Academy to \$20,000.—Total Indebtedness \$25,866.62.

At the special session of the Green River Association Dr. A. E. Brown made the proposition to the association that if they would reduce the indebtedness on Round Hill Academy to \$20,000 that he would ask the Home Board for \$5,000.00 per year for four years, provided the association would keep the interest paid on the whole. This money was to be raised by March.

At that time the total indebtedness on Round Hill Academy was \$25,866.62. That made \$5,866.87 that was to be raised. The returns to me March from all available sources amount to \$4,667.62. It will be seen that we are \$201.25 short. There is pledged, but not paid or guaranteed \$200.00 and \$235.00 more guaranteed. If this is counted we have \$5,002.62. That would still leave a balance of \$866.25 neither pledged nor provided for in any way whatever. Then there is the interest to provide for this year. The writer made a motion at the association that the trustees should meet March 1st and canvass the returns and the continuance of the school should be left to their judgement. The time for the meeting was an exceedingly rainy day and there was not a quorum present. They meet at Marion Monday after the second Sunday in March for a final decision. If the canvass is pushed vigorously until that time by those churches not doing anything and the friends of the school generally this can be raised. There will be no time to lose. IT CAN BE DONE.

Now, there are some considerations that I wish to submit in re it is not possible for the churches to consider and I want, where it is possible, for the churches to consider these and write me their candid opinion about them. Where it is not possible for the churches to consider these before the meeting of the trustees in Marion on the 13th. I earnestly ask that individuals write me what they think about these. We want the voice of the constituents of Round Hill in this matter. If the school is continued it must be distinctly understood:

1. That the money available will not reduce the debt to \$20,000.00 and pay the interest this year. It will reduce it about \$3,500.00 and pay the interest this year. If the whole amount is raised it can be reduced \$4,000.00. That will leave us to raise at some future time the remaining \$1,868.67 and the interest each year until paid. In my judgement this is only possible way to continue the school. In this event, we will have to keep at it.

2. There will be insurance and repairs to provide, not to say anything about equipment. This will not be a large item, but now is the time to be frank about it. I propose to let the people know about it and to keep faith with the funds and facts.

3. The school is doing exceedingly fine work at this time and paying all of its current expenses. The spirit is fine and the outlook encouraging.

4. This is the time to decide definitely about the future and if the churches are willing to stand back of the school for these things it can be carried on to a great work; but if they are not, now is the time to speak. It cannot be done by a few individuals or one or two churches. It must be done by the work generally. Write me what you think about this matter at once.

Round Hill people raised all that they promised and more. They are at the top and on the honor roll and above. Hoping that the best thing will be done at the coming meeting of the trustees and promising to let it be known immediately after they meet, I am,

Yours cordially,
M. A. ADAMS, Treas. Imp. Fund.

HOWARD BRIDGES CAPTURED BY RUTHERFORD OFFICERS.

Rutherfordton, March 4.—Howard Bridges, alias Howard Merk was captured last night in Golden Valley township by Officers Blankenship and Crow. He resisted them until he was overpowered. He escaped jail at Greenwood, S. C., in January. He is charged with breaking into three different stores. He is a white man about 18 years of age and was raised near Ellenboro. His fate will be settled at the criminal court here in May. He has been hunted with blood hounds and officers for over five weeks.

SAN SOUCI CLUB ENTERTAINED

Marion, March 6.—On Wednesday evening, February 22, Mr. and Mrs. H. F. Little gave a dinner party to the San Souci club members and their husbands. Additional guests included Mr. and Mrs. George W. Kirkpatrick and Misses Margaret Winslow and Annie Laura Blanton. The guests were greeted at the door by Mr. and Mrs. Little. The ladies were charming and youthful in appearance with their powdered hair and colonial attire. After dinner the guests enjoyed a flag contest, the prizes, a box of candy and a hatchet, being awarded to D. D. Little and Mrs. W. W. Neal.
