MY MOTHER'S SONGS

Often and often my thoughts go back,
Like wanderers over a time-worn track,
To the time when I knelt at mother's knee,
And she sang at the twilight hour to me.
Oh, the dear old songs; I can see her eyes
Aglow with the gladness of paradise,
As I fancy she sings in the streets of gold
The hymns that she sang in the days of old.
As she sang them over, her face grew bright,
As if God's city was just in sight,
And she saw the angels and heard them sing,
By the great white throne, before the King.
The heavenly song can no sweeter be
Than the songs that my mother made dear to me,
And in God's city I hope, some day,
To hear them sung in my mother's way.

DINNER PARTY HONORING MR. AND MRS. B. D. WILSON

Mr. and Mrs. Barron Caldwell, of Cliffside, entertained at a delightful six course dinner on Thursday evening in honor of Mr. and Mrs. B. Deck Wilson, who were married recently, and Mrs. J. Rush Shull, of Charlotte.
An artistic basket of pink sweet peas tied with pink tulle, surrounded by a miniature bride and

groom, bridesmaids and groomsmen, placed to represent a wedding procession, formed the centerpiece. The place cards were attractively decorated with kewpie brides and grooms. The favors were pink baskets with wedding bells attached filled with mints.
Covers were laid for Mrs. J. Rush Shull, Mr. and Mrs. B. Deck Wilson, Miss Evelyn Pusey, Dr. Bobo Scruggs, Mr. Chas. H. Haynes and Mr. and Mrs. Caldwell.—Charlotte Observer.

RUTHERFORD WINS PENNANT

There was a great host of Baracas and Philatheas from Rutherford county attending the convention in Hendersonville last week. It was a great convention, and we are glad to note that Rutherford county won the pennant for having the largest number of representatives in the parade. The Junior Baraca class of the Cliffside Baptist church won the State banner for having the best all-round report. The class had sixteen delegates at the convention from the opening session through to the close Sunday night. Miss Maude Jackson, of the Cliffside Baptist Junior Philathea, was elected one of the vice-presidents of the Junior State Organization.
Caroleen sent twenty cars loaded with Baracas and Philatheas Sunday, and they were in the parade. There were large delegations from other towns in the county. We requested several times before the convention, through these columns, that Rutherford county Baracas and Philatheas attend this convention and get in the parade, and there were really many more than we expected. We think practically all the classes in the county must have been represented. There were a number from here from the Methodist and Baptist churches. Rutherford county was well represented also. The pennant won by the county is in the care of our county B. P. Union President, and will be displayed at the next county meeting.

CHINA

Last two or three years, we've harbored grave fears—for China. In fact we shed tears till they filled up our ears,—for China.

We mourned till we're sick, at "The Rape of Shantung" and howled in disgust that the rapers ain't hung, while political ballads dolefully sung—of China.

I've figured myself, that we ort to reform—old China. . . . And I mighty nigh cussed, when the Jap took a swarm—to China. . . . I pictured the Chink with a foot on his neck, while the ravisher gobbled his little brass check,—then I sent up a howl, to the echo, by heck,—fer Chinee!

Right now—when the mourners could bring her relief—old China—she ups an' declares she ain't got any grief—dear China! She's gentle, and stupid, and chronic, and stale—she don't mind the crupper that's under her tale,—And the tears we have shed, somehow didn't prevail—in China!

SOFT DRINKS POPULAR

Washington, D. C., June 15.—America as a nation has acquired the soft drink habit, during the past few years, and the popularity which the public has accorded bottled carbonated beverages is in a large measure the result of the recognition of the real merit of the present day beverage, according to Dr. W. W. Skinner, assistant chief of the U. S. Bureau of Chemistry. Dr. Skinner, who is one of the greatest authorities on carbonated beverages in the country and who has made an intensive study of these drinks, stated in a recent address before the American Public Health Association, in New York, it has been estimated that over four billion pint bottles of carbonated beverages, which means more than forty bottles for every man, woman and child in the country, are consumed annually.

"The development of the bottled carbonated beverage industry in the United States during the past ten or fifteen years has been quite phenomenal," Dr. Skinner continued. "The production of bottled carbonated beverages has, indeed, assumed a place of distinct importance as an industry. The recent development of the industry in my opinion is largely due to the recognition by the public of the real merit of present day bottled carbonated beverages.

public for thirst-quenching delectable beverages, which are food products, has incited manufacturers to bring from the four corners of the earth all manner of spices and condiments, some of the prized articles of Biblical tradition and others unknown, which perhaps would have remained unknown except for the insatiable appetite of American carbonated beverage drinkers. There is no other class of food which is subject to such intelligent and scientific manipulation as the beverage

industry, which is a distinct advantage to both the industry and the public."
