RUTHERFORDTON NEWS OF INTEREST

Old Time Singing Success

The old time singing held at the courthouse recently was well attended. It was led by Prof. W. B. Blanton, Caroleen, assisted by Messrs. D. B. Johnston, W. E. Owens and others. The singing began at 11 a. m. and closed about 3:30 p. m.

A feature of the day was the fine singing of the Jolly quartet. They received much applause and favorable comment on their singing.

It was decided to hold the next singing the first Sunday in November. The same officers were re-elected. The day was enjoyed by all.

At a business meeting of the Baptist Philathea class, new officers were elected as follows: Miss Eye Logan, president; Mrs. Spurr,

COTTON REPORT

Raleigh, July 8.—The cotton crop is short of the probable needs despite everybody saying "I told you so" concerning the 10 per cent increase in acreage of the southern cotton crop. The condition of 71 per cent of a full crop was lower than they expected, for that is only two per cent above last year's condition for June 25th. North Carolina is forecasted by the National Crop Reporting Board to have a 13 per cent increase in acreage and three-fourths of a full crop prospect, which is nine per cent better than at this date last year, but 12 per cent less than the final conditional average showed.

"The state's acreage is still less than in 1919, reports Co-operative Crop Reporting Service for North Carolina. "The condition of the cotton crop is expressed as late, grassy, small and in need of dryer conditions to permit of cultivation and grass killing.

"The national prospect of 11,065,000 bales, would be 139 per cent more than last year's crop but only 82 per cent of that made two years ago. It is claimed by some organizations that the present prospect will not meet the trade's requirements.

"In North Carolina, the boll weevil is gaining conspicuous headway along the southern border in Robeson. The crop will be perhaps damaged heavily. No appreciable reduction has been made in any of the counties excepting Columbus 50 per cent, Brunswick 65, and slight decreases in acreage of counties just north-east of these.

"The areas of increased acreage is just north of the effective area of the weevil. Lincoln to Polk shows considerable increase, also Northampton to Hyde and the adjoining portions of Barnett, Johnson, Wake and a strip along southern Nash through Edgecombe.

"The fertilizer sold for the past spring shows an increase of almost 40 per cent in North Carolina but the heavy rainfall will reduce its effect considerably. A considerable reduction in the usage of cotton seed meal is noticeable.

Stop talking about your troubles. Take Tanlac. Reinhardt Drug Co.

SUNSHINE NEEDING A PHYSICIAN BADLY

"Sunshine, Rutherford county, N. C., is a community which is badly in need of a physician, there being none nearer than ten miles," according to Mr. James B. Biggerstaff, the well-known music teacher and farmer of that community, who was in Shelby recently, says the Shelby Highlander.

"I am willing to give one acre and sell two or three acres to some physician who is willing to build a home at Sunshine and locate there. Or, I will sell my entire farm, if the doctor prefers. Ours is a good community and the people are good pay. There are good schools and churches and a citizenship above the average. The climate is healthful, but even the best climates need physicians. Since the death of Dr. Thompson and the indisposition of Dr. Andrews, we have been badly in need of a community doctor," said Mr. Biggerstaff, whose address is "J. B. Biggerstaff, Bostic, R. F. D. 2, N. C." and who will be glad to answer inquiries from physicians.

"It is one medicine that does all that's claimed for it." Thousands have said it about Tanlac and so will you if you try it. Reinhardt Drug Co.

one time. The bill was \$100 for two cent stamps. This is the largest single order for stamps that the local postoffice has ever had, as far as we know. Most of the letters were to doctors in the Southern States notifying them that the radium was installed and ready for treatment.

Undergoes Operation At 72
Mrs. Elizabeth Irving, widow of the late James G. Irving, of the Big Springs church community, Hollis, was operated for appendicitis recently and is doing well. She is 72 years old. Had she waited a few hours longer her appendix would have burst and death would likely have followed.

Been Away 64 Years
Mr. J. C. Lollar, of Alicia, Ark., is visiting his cousin, Mr. D. A. Lollar on Route 2. He is a native of this county. His father moved west when he was 7 years old. He has been away 64 years. He says this county has made wonderful progress. He says there is no boll weevils in his section and crops look well. Business is on a boom. He has made good in the South-west.

Ruth Electrically Lighted
The enterprising town of Ruth is installing electric lights. Four stores, Baptist church, depot and two homes have them now. They are connected with the Rutherfordton system. This improves the looks of our neighbor town and is a great convenience.

J. BYNUM DePRIEST DEAD

Mr. J. Bynum DePriest died Thursday afternoon, June 29th at his home near Sunshine. He had been ill for a month with Bright's disease. He was 79 years old and leaves a widow with two small children. He was married twice. He leaves six children by his first wife. They are Mesdames L. L. Long, Rebecca Andrews, John and Will Baber, J. B. Harrill and H. D. Hampton, all of this county. He was laid to rest at Sunshine. A large crowd of sorrowing friends attended. He was a member of the Methodist church.

KILLS RATTLER

Mr. Burrell Hutchins, Bostic, R. 4, recently killed a rattlesnake measuring four feet and four inches and eight inches in circumference. Mr. Hutchins was working in a hay field when he discovered the snake. It had twelve rattles and one button.

GOOD JOKE FROM FOREST CITY GIRL

The Sunday Charlotte Observer carries a page of Pithy Paragraphs, offering a prize for the best one. In last Sunday's issue was the following from Miss Leo Padgett, of Forest City:
Jones (boasting to Brown).—I'll tell you, Brown, I'm king at my house. My wife don't boss me.
Brown—Yes, you're king, all right. I was at your house when your wife crowned you with a rolling pin.

Tanlac is a splendid tonic for puny, frail, delicate children. It is purely vegetable and contains no minerals or opiates. Reinhardt Drug Co.

When the wife of a no account loafer gets a divorce she knows she can't get any alimony out of him, but she at least has the consolation of knowing she won't have to support him any longer.

Buy your TIRES where you see THIS SIGN

The Goodrich Tire sign on a dealer's store is worth money to you. It is more than a guide—it is a guaranty. It says: "Here is a dealer who knows the value of the one-quality standard of Goodrich. Here is a store run by a man who believes in building permanent business through genuinely good service. Here is a place that you can depend upon—a place that gives you full value in return for every dollar spent."

Buy your tires where you see the Goodrich Tire sign. It means satisfaction in every transaction.
