Mrs. Josephine Arthur

Do You Need a Tonic?

Durham, N. Car.—"About fifteen years ago two of my children had whooping cough so badly that afterward their lungs and bronchial tubes were affected from the strenuous coughing. They kept getting weaker and I believe would have had serious pulmonary affection had it not been for Dr. Pierce's Golden Medical Discovery. I gave them several bottles until they were entirely out of danger and well and strong. I would never hesitate in recommending Dr. Pierce's Golden Medical Discovery as a tonic after any prostrating illness, because it brings permanent strength."—Mrs. Josephine Arthur, 409 Toby St.

Obtain Dr. Pierce's "Discovery" now from your druggist, in liquid or tablets. It can safely be given to little folks as it contains no harmful ingredient. Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., for free medical advice.

NOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

THERE IS NOTHING

more elusive than farming prosperity. It is with us today, but next year failing crops or unfavorable market conditions may perhaps keep prosperity many miles away from us. Let's "make hay while the sun shines," laying aside as much of our crop money as we possibly can as a reserve should "lean" years come again.

THE BEST PLACE

for building that reserve fund is right here in your own home bank. While a checking account here is a matter of convenience as well as of safety, a savings account provides profit as well as protection, for it pays you 4 per cent interest.

THEN, TOO, THERE'S

our hundred per cent co-operation with farmers that has brought the Farmers Bank and Trust Company prominently to the front as the bank that backs the farmer.

IT IS TO OUR MUTUAL BENEFIT

to welcome and encourage this friendship in every way we can, for both the bank and the whole community prospers as the farmer prospers. We have ample resources and facilities to take care of every need, however large or small.

DROP IN

whenever you are in town, either to make a deposit or just for a chat—we want to show you the many conveniences and advantages of making the Farmers Bank & Trust Company your financial home.

IF YOU WANT

to deposit your cotton checks but haven't time, just use the U. S. Mail. We'll gladly acknowledge promptly and credit to your account.

BUT COME IN

just for a "how'dy do" anyway—we'll be glad to welcome you.
