LAKE LURE DAM TO COST \$670,000

Telephone and Power Transmission Lines Under Construction and Work on Dam to Be Rushed.

Asheville, N. C., February 2.—Work has been started on the construction of a power transmission line which is to connect the Turner Shoals plant of the Blue Ridge Power company, at Saluda, with the site of the Lake Lure dam, at Chimney Rock.

G. N. Willis, engineer of Spartanburg, is in charge of installing the line, which will be six miles in length. The estimated cost is \$20,000, according to announcement by officials of Chimney Rock Mountains, Incorporated, yesterday. Right of way for the line has been acquired, and poles are now being placed. Instructions have been given to rush the construction to early completion.

The line will serve to transmit power from the Turner Shoals plant to Chimney Rock, for use in construction of the Lake Lure dam. It is planned to let the contract for this dam within the near future, and have the work started by early spring. Estimated cost of the dam is \$670,000. When the dam and power house are finished at Lake Lure, the transmission line will be used to convey Lake Lure power to the Blue Ridge Power company, for distribution and sale. The power output of the Lake Lure dam will be 13,500,000 kilowatt hours per year. Contract for this power, recently awarded the Blue Ridge Power Company, will involve about \$700,000 for the ten year period over which the contract extends.

Contract also has been awarded by Chimney Rock Mountains, Incorporated, to W. M. Pryor for supplying and placing poles for a telephone line to be built from Rutherfordton to Chimney Rock. This line will be about 20 miles in length, and will employ 1,000 telephone poles. A copper circuit is to be installed. This work also is to start immediately.

STANDARD CLOAK CO. BUYERS IN NEW YORK

Spartanburg, S. C., Jan. 27.—Mr. and Mrs. A. H. Morris, of the Standard Cloak Co., are in New York doing their Spring buying. BISHOP DENNY IS HEARD AT SHELBY

Shelby, Jan. 27.—Bishop Collins Denny, of the Southern Methodist church, was heard by a large number of Shelby people and others from the surrounding churches in an able sermon Sunday in the handsome new Central Methodist church at the morning service.

Rev. S. C. Kirkpatrick, presiding elder of the Shelby district, and Rev. W. R. Ware, of Forest City, were also visitors of the church during the day, Rev. Mr. Ware preaching at the evening service. The latter is a native of Shelby and the father of Rev. Dwight Ware, the young ministerial student who attained outstanding honors at Vanderbilt University.

English Clergyman—"And when you arrive in London, my dear lady, don't fail to see St. Paul's and Westminster Abbey."

Fair American—"You bet, I'll rattle these off sure, but what I've been hankering to see ever since I was knee-high to a grasshopper is the Church of England."—Exchange.

WASHINGTON AND LINCOLN

February is the birth month of two of the greatest men of all history, George Washington and Abraham Lincoln. We hear much about the cherry tree and the boy who could not tell a lie; but let us remember that Lincoln was known as "Honest Abe" and many stories are told of his perfect honesty and uprightness of character. It seems that perfect honesty is the handmaid of true greatness.

The reason why these men are held in such high esteem by the people of this country and have won such a place in the hearts of people in lands across the seas is not because of their fame as warriors or statesmen but because of their attainments in character and true manhood.

Washington won great battles under heavy handicaps, but what people must love to remember is that at Valley Forge he suffered with his men and when the hour was darkest he was found in the forest on his knees pouring out his soul to God in prayer. He was a real brother and a true Christian.

Lincoln was a great statesman and carried the day in spite of criticism and hindrances on the part of those who ought to have been his best helpers; he held to his policies in spite of contrary advice and finally won the war and the freedom of the slaves.

But what men of today most love to remember is not the victories over his opponents but his brotherliness, his human kindness to an enemy as well as a friend and his deep sympathy for all the needy and sorrowing.

If the characters of such men as these could be kept before the boys and girls of today as their heroes and examples, rather than prize fighters and movie actors and actresses, many of whom have such vile reputations, the outlook for the nation would be brighter and the kingdom of God advanced much more rapidly.
