

MRS. CARSON DIES AT RUTHERFORDTON

One Of Oldest Citizens, Prominently Connected and Widely Known.

Rutherfordton, March 24.—Saturday morning marked the passing of one of Rutherfordton's oldest citizens, Mrs. Mary Carson, who died at the home of her daughter-in-law, Mrs. J. M. Carson, at 8:30 o'clock, and was buried Sunday, Rev. J. C. Grier conducting the funeral service at the Presbyterian church, of which she was a life long member.

Mrs. Carson was eighty-five years of age, a daughter of Mr. and Mrs. J. Sloan and was the widow of James J. L. Carson, a prominent lawyer of Rutherfordton in the early seventies. He had two young sons died about forty years ago, leaving the wife and mother with one small boy, who afterward became a prominent lawyer and politician, the lamented James M. Carson, whose untimely death last year left the sorrowing mother alone.

In character, Mrs. Carson was unique, possessing courage and determination, she was generous to a fault; her doors were ever open to her friends and nothing gave her more pleasure than to entertain. She was tender-hearted and especially fond of children, ever ready to defend them against wrongs, either real or fancied. In the days before trained nurses were known she was often at the bedside of the sick, ministering to their needs, and gladly relieving the distressed and suffering with her bright and happy manner and her ready repartee she was a welcome guest in any home and her witty sayings will often be quoted by those who knew her. She is survived by five small grandchildren and several nieces and nephews. Many friends and relatives from Forest City, Bostic, Shelby and Hendersonville attended the funeral.

KIWANIS HAS BUSY MEETING

Endorses Boys' Conference; To Exploit Factory Site; Ladies' Night Next Week.

Featuring the meeting of the Kiwanis Club Monday evening were addresses by Rev. O. L. Simpson and Capt. B. L. Smith, who interestingly told of the older boys' conference. It was very appropriate to have these gentlemen explain the good results of the conference, for they were the prime movers in inaugurating and putting over this movement.

Rev. Simpson was jubilant over the magnificent success of the boys' conference, and expressed his appreciation of the backing given by the Kiwanis Club and others of Forest City. The movement had the endorsement of both county Kiwanis Clubs and the County Club, which meant much to the success of the conference.

The attendance reached about 300, counting visitors and delegates.

Capt. Smith reviewed the work of the conference in a highly entertaining manner, saying that it was very inspiring and resulted in much good. He also mentioned the fact that the first president, Robert Lee Harrill, is a Forest City boy, and also told of the great work of the Forest City boys in the two basketball games.

The Club unanimously went on record as endorsing the meeting of the conference for next year, extending a cordial invitation from Forest City to meet here with the second annual session.

The club went on record as approving the movement of the Boy Scouts to sponsor the coming of the street carnival. The public affairs committee made report on the matter of paving East Main street and the club will invite Mr. Kistler to come here at an early date to discuss the matter.

C. E. Alcock read a letter from a New York firm, requesting data in the matter of a location for a big textile factory in Forest City. Letters giving detailed information on the subject, and explaining the many advantages the city has to offer, will be sent to this company and a strong effort made to induce them to select a site here.

Next Monday night will be Ladies' Night, while at an early date it is planned to have a meeting devoted especially to our farmer friends.

The attendance prize went to Dr. R. R. Howes.

HALF HOLIDAY FOR PUPILS

It was decided at the first of this school month to make some changes in the rules in regard to the half holiday given pupils each month. All pupils who have not been absent or tardy during the month were given a half holiday. This rule has worked well this year. Tardies has been reduced over fifty per cent and the attendance has been stimulated. From the foregoing statement it may appear that this rule could not be improved, however, after careful study it was decided that some changes were necessary. The following changes were made: First it was decided to put the basis of a half holiday on the rooms instead of the individual. This is necessary in order to accomplish the best results in instruction. The results accomplished with only about ten to fifteen per cent of a class present are very small. Second, only 97 per cent of the class in average daily attendance and no tardies will be required. Third, the teachers in the primary and grammar grades will be given the half holiday in case their rooms meet the above requirements. This rule may at first seem unjust to the boy or girl who has been neither absent or tardy. On the other hand it seems hard for a boy or girl who has been absent only one day on account of sickness to miss a half holiday.

The changes in the rules will have the following effect: First, pupils who do not mind missing a half holiday themselves will hate to cause the whole room to miss the half holiday. Second, the pupils will work with boys and girls who do not attend regularly in order to make the 97 per cent attendance. Thus far this month a number of the rooms have met the above changes and will be entitled to a half holiday. It is hoped that seventy-five per cent of the rooms will get half holidays the next two months.

NATIONAL BANK'S NEW BUILDING

The National Bank of Forest City will begin the erection of a handsome new bank building on the corner of the public square and Cherry Mountain street just as soon as the old buildings can be cleared away. Work on the removal of the old buildings was begun last week.

The National Bank of Forest City is a new bank, having first opened its doors for business a little more than a year ago. The bank's career has been marked, from the beginning, with success and prosperity and has filled a long felt want in Forest City. This bank has steadily grown since the day it opened for business. The increasing business calls for larger and more commodious quarters which are well mapped out in the new building to be erected. Mr. J. D. Ledbetter, the president, and the bank directors are to be commended for their wisdom and progressive spirit in providing for the bank just such a modern home as the increasing business demands.

The National Bank of Forest City is the only National Bank in Rutherford County and is under the direct supervision of the United States Government and is also a member of the Federal Reserve System which gives it a prestige which only National Banks enjoy.

Mr. M. W. Harriss, the cashier, is a man of great energy and has a "pep" and personality which makes for success. He is a man of good sociable disposition, one who values a friend and who likes to make friends, a man of wide banking experience and business ability. He is capable of giving good, sound advice and is always glad to talk over with you any financial troubles that you may have and give you the advantage of his experience and advice. He is ably assisted by Messrs. P. B. Price and J. E. Furr, two clever and accommodating young business men who know how to make you feel at home and treat you in just such a way that makes you feel that The National Bank is "your bank."

The management of The National Bank has great faith in the future growth and development of Forest City and surrounding country and will erect a handsome building that the fast growing city will justly be proud of.

BAPTISTS CLEAR ALL INDEBTEDNESS

Bonfire Last Sunday a Happy Occasion—Have Valuable Church Property.

Members of the First Baptist church were in a happy frame of mind last Sunday morning when a large crowd gathered at their beautiful church edifice in this city to witness the joyful ceremony of burning the last evidences of debt upon the church property. The deacons were gathered at the altar, when Dr. R. L. Reinhardt struck the match and ignited the note evidencing the last indebtedness upon the new parsonage. This ceremony ended with a beautiful prayer of thanksgiving by the pastor, Dr. W. A. Ayers, who afterward preached a splendid sermon, having as his theme, "A Commendable Pride," Psalms 31:23.

The debt upon the church was occasioned by the erection of a handsome new parsonage, paving, planting of shrubbery and other improvements, amounting to a total of about \$12,000.00. This work has been projected and completed since the coming to Forest City of the pastor, Rev. W. A. Ayers, less than two years ago. The handsome new parsonage was completed and occupied last year, and the burning of the last vestige of indebtedness upon the property shows that the Baptists have stood solidly behind their pastor and have hearts and souls in the work of promoting the interests of their church.

In addition of the fine improvements made by the church, the membership has shown a wonderful growth and is destined for a great future.

The Baptists have one of the finest pieces of church property of any small city in the state. The church edifice was erected some few years ago at an approximate cost of \$19,000. With the great advance of city property values in these few years, property, including the new parsonage, is today conservatively estimated to be worth \$50,000.00. The membership has ever been liberal with their purse strings, generous in loyalty and devotion and solidly behind the pastor in carrying out the great work of the past few years, and are now ready to go forward with the same energy in working out the culmination of future plans.

The next plans for this church will be for a more complete equipment for Sunday School work.

The annual mission day in Sunday Schools of the Southern Baptist Convention will be held at the church next Sunday. There are over 20,000 Sunday school which will observe the day throughout the South.
