THE PULLING POWER OF COURIER ADS

Last week Sinkoe's Dept. Store carried a double page ad in The Courier. Such generous response was received that Manager Stein concluded to extend the sale over this week-end and tells of the event with another double page ad in this week's paper. Mr. Stein is a progressive merchant who has learned that modern business can best succeed through the advantages of advertising in the local paper.

Forest City is fortunate in having many live-wire merchants who help the city through generous publicity which attracts buyers to our town from an ever widening territory.

The Fair Store for what you want, where nothing is cheap, but the price.

DOGGETT BUILDING NEARING COMPLETION

The handsome new Doggett building, adjoining the Ford plant, which is to be occupied by Beam & McMurry, is rapidly nearing completion. The filling station has been opened this week and at an early date the building is to be occupied by Messrs. Beam & McMurry.

WATER SUPPLY LOW

Mayor Lowrance asks The Courier to call attention of the public to the shortage in the city water supply and calls upon every one to conserve water as far as possible. It is especially urged that patrons do not waste water on lawns or gardens. Until we get rain, it will be perilous to waste water, for there would be grave danger in case of fire. Please do not waste water.

OPEN NIGHTS

Woodland Swimming Pool has become a popular place during the heated season, large crowds being present daily.

Manager R. K. Webb announces that the pool will be open at night henceforth.

Mrs. R. B. McBrayer, of Monroe, is visiting her daughter, Mrs. G. C. King and Mr. King.

SCHOOL FUNDS

In the allocation of the public school equalizing fund at Raleigh June 8, 76 counties shared this year in the state's contribution of \$1,500,000 to help defray the operating costs of county schools for the 1925-26 term.

Rutherford county will get \$25,983.07.
