

## THE GUIDING STAR

THAT PROCLAIMS  
Increased Mileage! Reduced Upkeep!

That red Texaco star on pumps and tanks along boulevards and highways shows where you will be promptly and fairly served with TEXACO Gasoline, the volatile gas and TEXACO Motor Oil, clean, clear, golden. Get the habit of stopping only under the Texaco star, for here's where your money buys:

TEXACO GASOLINE		TEXACO MOTOR OIL	
Volatility	Highest	Lubricating	Highest
Mileage	Increased	Qualities	Minimum
Power	Increased	Motor wear	Reduced
Easy Starting	Incomparable	Upkeep	Complete
Flexibility	Increased	Piston Seal	Increased
Manifold	Uniform	Oil Mileage	Cleanest
Distribution	Minimum	Spark Plugs	Minimum
Carbonization		Carbonization	

Texaco means the clean, clear, golden motor oil, and Texaco means the volatile gas. One name for both—at the sign of the Texaco Star.

## HIGH SCHOOL TO OPEN NEXT MONDAY

Instructions to High School Students—List of Books Needed in Grammar Grades.

The following will be the routine of the high school pupils. Friday, September 11th, all new pupils and the last year's seventh grade will meet in the grammar school auditorium at Forest City at 3:30 for classification. Monday September 14th all the high school pupils will meet in the Forest City Grammar Grade School auditorium. At this meeting instructions will be given for the first few weeks of school. About 10 o'clock the high school students will go over to the new high school building for class assignments. The high school building will not be completed at this time but it becomes necessary to open school anyway. Enough of the building will be completed in order to begin work. School will have to begin in the new building since the grammar grade building will not accommodate the high school this year.

The formal opening of the high school will be postponed until the school building is completed. This will be about the middle of October.

The high school books are at the Peoples Drug Store now. Get your books this week and be ready for a good start Monday. Also the Peoples Drug Store has a complete list of Grammar grade books on hand.

All new pupils will be required to have a statement of work which they completed last year. If they do not have their report cards, it will be necessary for them to begin in the same grade they were in last year until they can get their report cards. It is necessary for us to keep a complete record of the students, and we are asking only what other accredited schools require along this line.

If any pupil failed on work last year and did not make it up at summer school, will be given a chance to take the examinations Friday afternoon at the grammar grade building.

You will note that the grades are divided into B and A sections. B section means that they are beginning that grade, A sections means that they are beginning the second half of the year. This is the work of the double promotion plan. The pupils in A Sections will graduate from High School at the middle of the year. Pupils in the B Sections will graduate in the spring. Forest City has the double promotion system thru the fourth grade now. It will take seven more years to have the system thru the high school. The reason why we are so far advanced as it is, is due to the fact that the first and second grades had enough failures who had completed about half of the work to begin them in A sections. Last year a beginner class was started in January and another class will begin this January. Many advantages are received from this system. If a pupil is sick and has to be out a half year, it is permitted to begin work where it quit school in place of taking the whole grade over again. This saves cost of instruction and the pupils time also. Greensboro, Charlotte and other schools graduate a class now in January. The colleges have arranged their course of study to accommodate the pupils which graduate in January.

The following is a list of books for all the grades from the first thru the eleventh.

### List of School Books by Grades

**1 B Grade**  
Child's World Primer, Reading Literature Primer.

Why?

QUALITY AT LOW COST

Chevrolet has now built 2,000,000 cars—the first manufacturer of automobiles with modern sliding gear transmission to reach this tremendous production.

This achievement has been made possible because Chevrolet has met the great public demand for a quality car at low cost.

Chevrolet has a construction typical of the highest priced cars—

Touring \$525 Roadster \$525 Coupe \$675 Coach \$695  
Sedan \$775 Commercial Chassis \$425 Express Truck Chassis \$550

ALL PRICES F. O. B. FLINT, MICHIGAN.

powerful economical motor and disc clutch, bodies of beautiful design, closed models by Fisher, Duco finish, interior of cars beautifully and substantially upholstered and fully appointed.

Be sure to see these cars that have achieved so great a degree of public favor—and learn how much automobile you can really get for little money.
