

IF YOU GET UP NIGHTS YOU'RE OLD BEFORE YOUR TIME

Prostate and Bladder Trouble Makes Many Men Feel Twenty Years Older Than They Are.

It is said that fifty per cent of men past forty and many younger ones are victims of prostate trouble. One of the commonest symptoms of this dangerous disease which saps vitality and makes you old before your time is the necessity of getting up several times a night. Other symptoms are dull, dragging, aching at the base of the spine, pain in groin, burning sensation of organs, lack of vigor and frequent attacks of the blues. But there is hope for you, no matter how old your case, from a wonderful new formula. It seemingly brings new health, vigor and freedom from these troubles to both old and young. This wonderful treatment is known as Walker's Prostate Specific, and is prepared in convenient, pleasant tablet form. All you need do is take one tablet after each meal and the symptoms seem to vanish like magic. To prove these statements the Walker Institute, 1895 Gateway Station, Kansas City, Mo., generously offers to send a \$1 treatment under plain wrapper, postpaid and free of charge to any sufferer who will write for it. If it cures you, tell your friends and pay whatever you think is fair, otherwise the dose is over. Remember that you are the judge, and you pay nothing now or at any time unless you wish, so send your name today before the introductory offer is withdrawn. It is good for only 15 days and guaranteed in every way.

(NOTE: Dr. Pierce is president of the Invalids' Hotel, Buffalo, N. Y., to which for 50 years past chronic sufferers have been coming for specialized treatment from all over the U. S. A., Canada and foreign lands.)

Will Undo Much Evil
By Dr. V. M. Pierce

Knowing the vast amount of harm wrought by diseases of the kidneys, and having had opportunity to observe the analyses and the successful methods of treatment in thousands of cases of kidney trouble at the Invalids' Hotel, I have recently given to the public the latest and perhaps most important of the Dr. Pierce home remedies, "An-uric" (anti-uric acid) Tablets, which I now recommend to those who suffer with kidney backache, irregularity of urination and the pains and disturbances that come from excess of uric acid in the blood. "An-uric" can be obtained at all the drug stores. The mere drinking of a cup of hot water each morning and a little "An-uric" before every meal should bring remarkably quick improvement. You may have kidney trouble and not know it. The danger signals to be quickly heeded are backache, depression, aches, pains, heaviness, drowsiness, dizziness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout. If you desire a trial package, send 10c to Dr. Pierce's Clinic in Buffalo, N. Y., and write for free advice.

RURAL OFFICER ELLIS A. SHIELD KILLED AT CHESNEE

Jim Sacey Severely Wounded and Solon Stacey Shot in Gun Battle.

Gaffney, S. C., R-9, Oct. 4.—Officer Ellis A. Shields, of Spartanburg county was shot Friday night by Jim Stacey, of Chesnee. The shooting occurred about 9:00 o'clock in front of Jim Stacey's home. Jim Stacey was accompanied by his sister, Alice Stacey, his wife and Solon Stacey. It was reported that the party had been to secure whiskey and were about to enter home when Officer Shield drove his car across the road in front of Stacey's car. The pistols were fired immediately. The bullet fired by Stacey struck Officer Shield in the forehead above the eye. Those entering Jim Stacey were in the spinal column. Dr. Joe Cash, of Spartanburg, stated that eight holes were made in the intestines. Jim Stacey is not expected to live. He is suffering agony in the Spartanburg hospital. The women were not hurt but the shock was so severe it was necessary to rush Mrs. Jim Stacey to the Spartanburg hospital. Clarence Wilson took Officer Shield to Anderson's Drug Store. He died before reaching the store. The store was a bloody scene. Officer Vassey, of Chesnee, and Officers from Spartanburg were rushed to the spot. The interment of Officer Shield took place at Airwood church Saturday evening at 2:30 o'clock. The funeral was attended by a host of friends who showed honor and respect for a citizen of peace. This was one of the most horrible tragedies in the history of Chesnee.

Mr. Jack Phillips, of Chesnee, is facing a critical period in his illness at Spartanburg, where he went for treatment for his leg. Mrs. Mary Phillips, his mother, has been with him several days.

The following were visitors in the home of Mr. G. W. Byrd Sunday: Mr. H. Ward, Mr. and Mrs. J. E. Moore and family of Caroleen. Rev. Hester of Broad River section, Mr. and Mrs. Icam Hines of Hick's Grove. Rev. Hester filled his regular appointment Sunday at Hick's Grove church. It is a note of interest to many of the accepting of Rev. Hester to the call of pastorship at Mt. Pleasant Baptist church. Rev. Hester is a blessing to the people wherever he goes to serve his master.

ADMINISTRATRIX'S NOTICE

Notice is hereby given that the undersigned has been appointed administratrix of the estate of Clyde D. Morrow, deceased, late of Rutherford county, N. C., and all persons indebted to said estate are hereby requested to make immediate settlement and all persons holding claims against said estate will file same within twelve months from this date or this notice will be pleaded in bar of their recovery. This 18th of September, 1925.
MRS. RUTH R. MORROW,
Administratrix
50-4t

SPITLESS TOWN

"Not a very elegant title" you say. No indeed, and not a very elegant habit, you will agree. Not a very elegant thing to do, this spitting. In fact a very disgusting species of license.

You do not indulge in it? So much the better then, but do you allow your friends, your brother, your father, your husband, or your son to do it? SO-O-O-O? You do not spread disease yourself; you are not guilty of an offence against decency and yet you permit your associates to do and be so without voicing a protest. Then YOU too might be considered responsible in a small measure for epidemics, for suffering and for death.

I knew a little boy once,—a lad of about nine years. He was bedridden, had been so for over a year when I first saw him. Pitiful little chap—Alex! Had tuberculosis of the bones and the knee joint was larger than a football, by a good deal. The particles of bone were coming through the flesh which was also diseased. The odor was so offensive that no one but the doctor and the good nurses, the father, and the mother would visit his hospital room. One day, with his face quivering, he turned his appealing eyes to mine and said, "I wish the other children would come in to play with me. Not even the little Jesus would come to see me, I guess." You think I should not tell you such a story? How else am I going to make you see how terrible a thing it may be to expectorate in public places, or for that matter in any place except into a handkerchief or its equivalent, which can be boiled or burned. How can you care unless you know of some of these awful consequences, to children especially, which follow carelessness.

I know the old excuse. You and they "have not the germs of tuberculosis in your nose and throat." How do you know? Pneumonia, influenza, diphtheria, scarlet fever, and most of the other infections—how are they spread if not in this way and by coughing and sneezing improperly?

Little children are the ones who are most frequently endangered because of their great susceptibility. Doctors and nurses are all the time seeing just such suffering as Alex went through. It is not rare. It is not necessary.

Use your scouring powders and your soaps, by all means, but in the name of pity and decency, wipe out the prevalent habit of spitting. Make yours a "spitless town" in the full sense of the term.

Forest City Lodge
No. 381, A. F. & A. M.

Regular Meeting Dates:
2nd and 4th Tuesdays
Members and Visitors Urged to Attend.

Gas on Stomach Won't Let You Sleep

Gas pressing on heart and other organs sometimes causes a restless, nervous feeling and prevents sleep. Adlerika helps any case gas on the stomach, unless due to deep-seated causes. The QUICK action will surprise you. Because Adlerika is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never gripes. —Reinhardt Drug Co.

CARD OF THANKS

We wish to thank the Rutherfordton Hospital, both doctors and nurses for the kind treatment and medical attention rendered to care of Mr. G. W. Byrd during his month of illness. Also to Mr. Rollins and Mr. Icam Hines and others who offered sympathy and aid.
MR. and MRS. G. W. BYRD.

Wrigley's Juicy Fruit
AFTER EVERY MEAL
makes your food do you more good.
Note how it relieves that stuffy feeling after hearty eating. Sweetens the breath, removes food particles from the teeth, gives new vigor to tired nerves. Comes to you fresh, clean and full-flavored.

Origin of "Deadhead." Deadhead is the literal translation of the Latin phrase, caput mortuum, which was much used by old chemists to denote the residuum of chemicals when all their volatile matter had escaped; hence the word is figuratively used of anything from which all that rendered it valuable has been taken away. Spectators or passengers who do not pay are not valuable, from a revenue standpoint.
