Pains Very Severe

"I suffered from womanly troubles which grew worse and worse as the months went by," says Mrs. L. H. Cantrell, of R. F. D. 9, Gainesville, Georgia. "I frequently had very severe pains. These were so bad that I was forced to go to bed and stay there. It seemed to me my back would come in two."

CARDUI For Female Troubles

"I taught school for a while, but my health was so bad I would have to stay out sometimes. This went on till I got so bad I didn't know what to do. "One day I read about the merits of Cardui, and as I had some friends who had been helped by it, I thought I would try it. I began to get better after I had taken half a bottle. I decided to keep on and give it a thorough trial and I did. I took in all about 12 bottles and now I am perfectly well. I do not suffer any pain and can do all my housework." At All Druggists

SALE OF REAL PROPERTY

Under and by virtue of the power of sale contained in a certain deed of trust executed by Wister Gary and wife, Mattie Gary to F. F. Cobb, Trustee, dated the 18th day of May 1925 and recorded in the office of the Register of Deeds of Rutherford County in book No. W-16 at page 243, default having been made in the payment of the indebtedness secured by said deed of trust, I, the undersigned Trustee, will on the

This October 15th, 1925.

J. E. CALDWELL, City Clerk.

TO BUILD MODEL TOWN IN THIS COUNTY

Draper Planning 2,000-Acre Development On Lake Lure To Cost \$1,000,000 At Least.

E. S. Draper, well-known landscape architect and engineer of Charlotte and Atlanta, has been authorized to plan and bring into existence at the earliest possible date a new town in Rutherford county, complete in every detail surrounding a unique community center, in which the development of recreational features will predominate. The model town, covering 2,000 acres of ground, will be located on the shore front of Lake Lure and calls for the preliminary expenditure of more than \$1,000,000.

The route of North Carolina state highway No. 20, Charlotte to Asheville, now being relocated around Lake Lure dam, will be 75 feet wide through the heart of the new town-site and form the basis for a great white way, brilliant with many lights. Engineers estimate that the Lake Lure hydro-electric project will yield 13 million KWH per annum, ten times the amount necessary for a village of 2,000 population. The approach of the highway entering the town will be over an ornamental bridge of the Luden arch type, crossing Pool creek just before reaching the main business center.

The many details involved will be discussed at a conference to be held at the executive offices of Chimney Rock Mountains, Inc., in the next few days. Members of the board of directors and Mr. Draper have invited experts to be present. Among these is Robert Rodes McGowin, of Philadelphia, an architect of national repute, who has been associated with a number of town-planning projects. General plans and data for the development of Lake Lure made during the past two years will be personally checked over at various points throughout the estate, making possible definite decisions for expediting development operations.

Tentative provision has already been made for some of the major features, such as a group of municipal buildings, pier and boat landing, a 1,000 foot sandy bathing beach, aquatic amusement resort, board walk along the shore, esplanade and boulevard, construction of the first commercial hotel, casino, business houses, streets, sewer, lighting system, community assembly hall, bungalow tourist camp and aviation field. Plans for a pavilion and ornamental concourse will be among the first improvements to be completed.

Residential areas restricted to various uses, from apartments to spacious lake shore estates, will overlook the lake and business center of the new town from the crest of the ridges and extend along the shore of the lake and state highway to the precipitous mountain slopes in the rear. It is expected that fully 1,000 acres of residence property will be beautified and platted at once and numerous bungalows and houses completed and ready to move into by next summer.

Mr. Draper's landscape and engineering organization for this project will be established near the town location and work pushed to completion as rapidly as possible, keeping pace with construction of the Lake Lure dam now well under way, under the supervision of Mees and Mees, hydraulic engineers.

CRIPPLING PAIN AMAZINGLY VANISHES

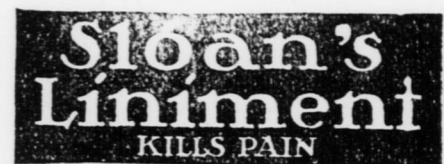

Astonishingly quick and complete is the relief that people feel from rheumatic pain just as soon as they use this simple treatment.

"I was suffering with rheumatism and under the care of a doctor," writes H. B. Smith of 126 McAllister St., San Francisco, Calif. "Fortunately I heard of Sloan's Liniment and after using it for three or four days was fit and well."

How does Sloan's get these astonishing results? Because it does not just deaden the pain; it gets at the cause.

Right to the aching spot it sends a healing tide of fresh, germ-destroying blood. No need to rub. The medicine itself does the work.

At once you feel a warm glow of comfort—then relief. The swelling, stiffness and inflammation go down. The pain stops. Get a bottle today. All drug stores—35 cents.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calatals, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of Calomel.

One or two Calatals at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Do You Suffer?

Backache isn't the mystery it used to be, years ago. Most times it's due to kidney disorder, which means simply that the kidneys aren't working as they should to filter the blood and keep it free from uric poison.

So, if your back is lame and sore and you are nervous, despondent, sick, irritable, subject to dizzy spells and bladder difficulties, you want something to help the kidneys do their work.

Drink plenty of water between meals and take Dr. Pierce's An-uric (anti-uric-acid) tablets before each meal. Get An-uric at any drug store. This is the new kidney-backache diuretic discovered by Dr. Pierce, Pres. the famous Clinic in Buffalo, N. Y. Send 10c for a trial package.

Forest City Lodge No. 381, A. F. & A. M.

Regular Meeting Dates: 2nd and 4th Tuesdays Members and Visitors Urged to Attend.
