Scripture reading by the president, Mrs. B. B. Doggett, from Exodus 2:2-10. The topic of the lesson was Jochebed a Woman of Faith and Prayer. Mrs. A. H. McDaniel was asked to lead in a prayer for the debt of the mission boards to be paid. Business was then taken up. Reports from the circles were called for and each circle gave a splendid report. Personal service report: Visits to sick, shut ins and

strangers, 153; garments 59; trays sent out 26; flowers given 23; collection \$47.60; to charity \$13.10, other objects \$2.25. SOME FACTS ABOUT THE FARMERS FEDERATION

The Farmers Federation creates a market for all the produce the farmer can produce, paying him a cash price for his products on delivery to the Federation warehouse. It also sells the farmer his feed, fertilizers, seeds, etc.

The Farmers Federation is a stock company, incorporated under the laws of N. C., therefore it is reliable.

The stock sells for \$50 per share, with liberal terms of payment.

The farmers have absolute control of the organization, as none except the common stockholders vote, and there is only one vote to each stockholder regardless of the number of shares held by him.

A warehouse will be erected at Spindale, with a special poultry dept., a potato curing house and a dept. for all other products of the farm.

The Farmers Federation of Buncomb county began business Jan. 1, 1921, with \$3,000 dollars capital. Now they have nearly a half million dollars capital. During that year they did \$54,000 business, this year they will do approximately one million dollar business.

The farmers of Buncomb county have faith in the federation, and if it prospers in this county the farmers much have faith in it, buy stock in it, and do business with it.

Meetings in the interest of the federation will be held at the following places: Ellenboro, Friday, Nov. 13, 7:30 p. m. Hollis, Sat., Nov. 14, Mt. Vernon, Nov. 17, Mt. View, Nov. 20, Union Mills, Nov. 21.

Nov. 11, 1918

Seven years ago today we were pushing the Germans back along the Meuse river east of Verdun. The 321st Infantry suffered four hundred casualties that morning before the big guns were silenced at 11 o'clock. Little did we dream then that seven years later we would still be serving our country by selling good Star Brand Shoes at such reasonable prices as

\$2.95, \$3.95 and \$4.95.

George and Ray Horn were in the middle of the fight that morning. After it was over I was talking to them. They said they never doubted for a moment that they would come through all right. I don't know how they knew, but I do know that we got some beautiful coats this week that we are going to sell at

\$14.50, \$19.95 and \$24.50.

Forest City ought to stage a big Nov. 11th celebration every year and have all the soldiers to come out in uniforms and those that do not have uniforms to come out in Curlee Clothes. Prices—

\$25.00, \$28.50 \$30.00.

The big world war did not settle anything definitely, but it is pretty clear to everybody that Dalton Bros. are selling good merchandise at reasonable prices.

Men those new ties at \$1.00 are peaches.

Come To Dalton Bros. "A Good Place to Trade."

The Modern Grocery Store

Running a first-class Grocery Store is not near like it used to be. It used to be that the dealer bought such goods as he cared to sell and if his customers did not want them, they had to buy them anyhow.

This modern store strives at all times to keep just the things that the people want and we do not confine our buying to the local market. A large percent of the good things we have to sell come to us direct from New York.

Just remember, if it's good to eat, we have it or we will get it for you.
