## THE MAGIC CARPET

Once upon a time in the mystic land of Persia, there was found among the treasures of a king, a wonderful carpet. One had only to sit on it, wish to be somewhere, and away the carpet would fly till the wished-for place was reached. For hundreds of years it carried kings and princes upon the most amazing adventures. No one knows what finally became of it, but it may be that its last threads went into the make-up of the first Youth's Companion. For, like the magic carpet, The Companion for 1926 carries you to the land of your heart's desire—up into the Maine woods with the lumbermen; out on the western plains where the warlike Navaho Indians live; far up into the gold regions of Alaska; and away on the Southern Seas in search of treasures and lost islands. All you need for such extraordinary adventures is a young heart and a Youth's Companion. Don't lose time in getting started; subscribe now and receive:

1. The Youth's Companion—52 issues in 1926, and
  2. The remaining issues of 1925. All for only \$2.
  3. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$2.50.

## IS EVERY DAY A BACKACHE DAY?

Forest City Folks Have Found the Cause and Corrected It.

Is your back lame and achy? Are you tortured with sharp, rheumatic pains; miserable with headaches, dizzy spells and kidney irregularities? No wonder, then, you feel worn-out and discouraged. But have you given any thought to your kidneys? You should! Weak kidneys cause just such troubles. Don't risk neglect! Use Doan's Pills—a stimulant diuretic to the kidneys. Here's a Forest City case:

A. W. Lavender, agent Watkin's

Products, Arlington Ave., says: "My back hurt and ached right across my kidneys and I got so I couldn't do any work at all. Those sharp, stabbing pains in my back were almost more than I could stand. I had to get up a good deal at night to pass the kidney secretions, but they were always scanty. After using two boxes of Doan's Pills, I was cured."

## Red Cross First Aid Popular in America As Accidents Gain

The rapidly mounting toll from traffic accidents has brought home to the public the necessity of being prepared to render prompt assistance while awaiting the doctor. During the past year 356 chapters of the American Red Cross were instructing classes in First Aid, and in the same period certificates were issued to 26,601 persons qualified by Red Cross experts.

Many cities throughout the United States are showing interest in securing first aid instruction for their police and fire department personnel, and through the work of local chapters, practical results have been obtained in such cities as Washington, D. C.; Toledo, O.; Boston, Mass.; South Bend and Indianapolis, Ind.; Port Arthur, Texas, and other communities. In co-operation with the State authorities, intensive training in first aid and rescue methods has been given to State police and constabulary members at four State training schools.

Instruction in these subjects in public and private schools, colleges and universities has increased during the year. Attention has been given to training teachers at institutes and summer schools.

The Red Cross first aid railroad car has been in continuous operation throughout the year. It covered 10,340 miles, visiting 137 cities, where 1,200 meetings were conducted by the surgeons, with a total of 146,827 people.

Industries particularly have availed themselves of the instruction afforded by the Red Cross. The Western Electric Company, for example, reports a reduction of the accident rate per 1,000 employees.

How many sides there are to a story depends on how many people are arguing.
