Sunday school at 9:45 each Sun-7:30 p. m. Teachers' Meeting Thursday at 7:30 p. m.

On Thursday night of last week direction. Dr. L. P. Leavell of Ripley, Tenn., who was visiting his friend, Dr. C. H. Stevens, was present at the teachers' meeting and made a fine talk on the teachers and Sunday school workers. Dr. Leavell accompanied Dr. Stevens home from the Tennessee Baptist State Convention which conwened at Johnson City. Dr. Leavell is one of the famous Leavell brothers. There are nine of these boys and all are engaged in some definite Christian work except one, who is a doctor and a devout Christian. Two

McCurry. Other readings

Sunday evening the pastor brought Mrs. L. H. Campbell. "Winning to day morning. Preaching service a fine message from Luke 17:32, Christ Through Children," by Mrs. the high school were one of the highp. m. Prayer meeting Wednesday at Wife." This was a very helpful and instructive message and showed the mistake of looking back when once we have set our faces in the right

Miss Whitesides who is teaching at the Simmons School was present at the evening services last Sunday and sang very effectively "The Sinner and the Song" as a solo with quartette joining in singing the old songs as, introduced in the song.

Dr. Stevens only has two more Sundays as pastor here, as he leaves the first of December to become pastor of Salem church at Winston-Salem. As the time for his departure draws nearer the church realizes more and more if possible the distinct loss it will sustain in his going. He is now conducting training classes in the Old and New Testament studies in order to enable the several who have taken all the previous studies to become Blue Seal holders. He has mapped out a stupendous task to accomplish before his going and has redoubled his efforts to accomplish much he has had in his heart to do here. The church appreciates his

work and his willingness to labor

Each student should realize this and boost his school as much as possible.-William A. Allhands.

The Girls' Club Room

The first of this term the girls in high school were rather worried for fear we were not going to have a club-room this year as the club-room we had last year had been converted into a study hall. We were real glad when we found that the boys had kindly consented to give us their's

and they would take the study hall. This club-room furnishes us a place to eat our dinner and a protec-Gaffney, S. C., visited and attended tion in bad weather. I am sure we appreciate this room so much that we are going to keep it "spick and span" all the time. We are going to try our best to keep it so well that Mr. guest of her sister, Miss Johnnie Erwin will have to say we have kept the club room in better order than any high school he has ever had. We have elected a president for the club. Mr. and Mrs. C. B. Martin spent room and she in turn appointed presidents from each grade in high school. Under this system I think we will get along fine if we have the co-operation of each and every girl and I Miss Hattie Teal of Forest City was think we will have. The presidents from the different rooms are: 11th

A Six - Built by Hudson Under Famous Super-Six Patents

## for the COACH

And for those who desire an Essex Coach may be purchased for a low first payment and convenient terms on balance

For any closed car you will pay almost as much as the Essex Coach costs. So why accept any performance short of a "Six"? In Essex you get qualities of the "Six" not found in any "Four." And equally important, you get the famous Super-Six advantages exclusive to Hudson-Essex.

Quality made Essex, with Hudson the largest selling "Six" in the world. That volume permits economies, which are passed on to buyers in a price way below any rival.
