

## How To Quickly Stop Bad Coughs

It is often surprising how quickly the heaviest cough disappears when treated by a remarkable new method.

Here is the method, based on the famous Dr. King's New Discovery for Coughs: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals irritation, but also loosens and removes the phlegm and congestion which are the real cause of the coughing. So the severest cough soon disappears completely.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

## Advices Nervous Women

Greensboro, N. C.—"It gives me a great deal of pleasure to testify to the benefit I have received thru taking Dr. Pierce's Favorite Prescription. I had a very bad case of feminine weakness and thru this I became all rundown in health. I got very weak and nervous. I was barely able to be around when I began taking Dr. Pierce's Favorite Prescription and it relieved me of all my weakness, my nerves got strong and my kidneys were active and normal. 'Favorite Prescription' made me feel like a new woman."—Mrs. C. N. Shaw, 28 Maple St., (Proximity Sta.)

H. G. HASTINGS CO., SEEDSMEN, ATLANTA, GA.

## So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

## CARDUI

For Female Troubles

"I began looking around. I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate. After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

Cardui has been in successful use for nearly 50 years in the treatment of many common female troubles.

Don't die with worry. Drive an Overland. They satisfy, they prolong life and help swell the pocket-book. W. L. HORN OVERLAND CO.

## BOILING SPRINGS NEWS OF INTEREST

### Rev. C. J. Black Conducts Successful Meeting—Other News Of Interest.

Boiling Springs, Feb. 8.—Rev. C. J. Black, pastor of the First Baptist church of Kings Mountain, last week conducted a series of meetings in the Baptist church at Boiling Springs. He delivered a soul-stirring message straight from the throne of God each morning and evening for six days. Beginning Monday evening, Feb. 1, at seven o'clock, he preached each day at 11 a. m. and 7 p. m., until the final service Saturday morning. Throughout the revival the power of God was manifested in the hearts of all present. Numbers were converted to Christ and joined the Baptist church. Thirty-six followed their Lord in baptism Sunday evening. Prayer meetings were held throughout the school and community. We feel that the inspiration which Brother Black gave us will live forever in our hearts, enabling us to live closer to God.

On a three-day tour last week the Boiling Springs High School basketball team captured two out of three games played. Erlanger defeated Boiling Springs Thursday night 41-27. On Friday night Marshville High School went down in defeat to the tune of 40-18. Boiling Springs took Wingate Junior College into camp 23-19 Saturday night. The boys report that they had the "time of their lives" when it came to enjoying themselves. They spent Thursday night at Erlanger and Friday night at Wingate. Both places entertained them royally. In spite of the urgent requests of the Wingate team and coach that the boys spend Saturday night also with them, they thought it best to get back to their home, Boiling Springs. This was the third athletic contest of the year between Wingate Junior College and Boiling Springs High School. In each contest Wingate showed themselves to be the very best of sports. A high feeling of respect exists between the two schools.

Hon. J. H. Quinn, representing the Board of Trustees of Boiling Springs High School and Hon. G. B. Pruett of Ellenboro, representing the Sandy Run association have just consummated the deal with Biting and Company of St. Louis, whereby this firm bought the \$40,000 bonds issued by Boiling Springs High School. Biting and Company is the same firm that bought the bonds issued by Meredith, Wingate, and Mars Hill Colleges and paid the same price for these bonds as they did for those of other two schools.

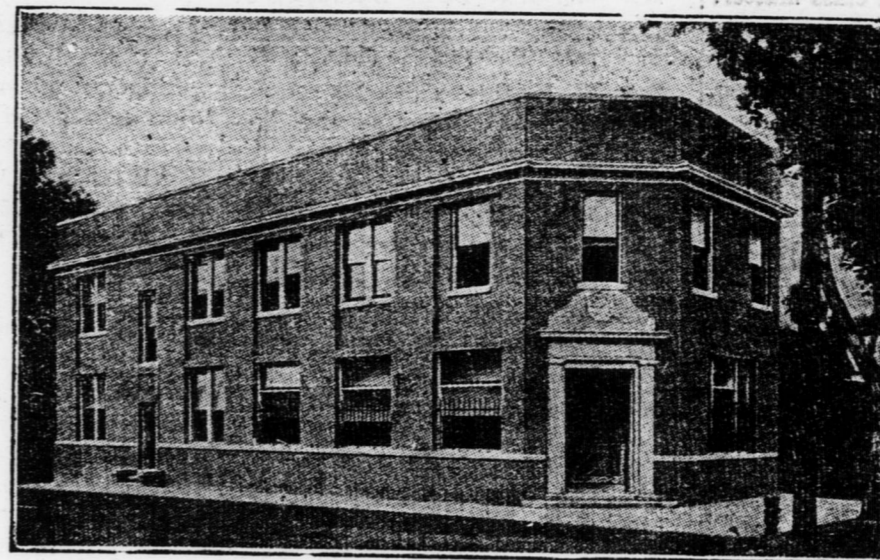

These bonds begin to mature December 1st, 1928, and \$8,000 will be paid yearly until December 1st, 1933. The amount is secured by a deed of trust on the property which is worth \$250,000 and, furthermore, \$32,000 of the amount is guaranteed by the State Baptist Convention, leaving only \$8,000 to be paid by the three associations supporting the school. This money will be used toward paying the debt on the Memorial building and other improvements.

Next year the school will also begin to receive the \$2,000 yearly, which was left them by the will of the late Jake Alexander.

### TO ESTABLISH BLEACHERY

Chimney Rock, N. C., Feb. 8.—A bleachery will soon be established near Old Fort to cost several million dollars it was announced by representatives of Joseph Bancroft and Sons Company of Wilmington, Del., who purchased 650 acres of land just east of the town limits. It was only a couple of weeks ago that the Dimension Manufacturing Co., located near Asheville got into operation after expending several millions on their immense plant and equipment. Just ten miles further is the great plant and cottages of the Beacon Manufacturing company near Swannanoa, which represents a large outlay. These three plants are distinct contributions to the industrial growth of this region of pure water and abundant mountaineer hundred per cent American supply of labor. Gradually the large tracts of land in Western North Carolina are being absorbed by Eastern Manufacturing plants, such as the three mentioned above.
