DO YOU KNOW—

One of the most durable and economical line of automobiles is extensively handled in Forest City?

The best service and most complete line of parts is carried for this line of automobiles.

That one of the best and quickest car washers made—one to clean the engine and greasy parts of the car just as the new paint is cleaned is at the Horn Overland Co.

That batteries are handled and charged, at prices to give you the best service, and to save you money. A guaranteed battery, one you have to water only every three months, for \$14.50. None better.

That you can buy a tire 75 cents cheaper than you can order it from mail order houses and save transportation and get it right when you want it.

That a greater variety of oils are handled giving your motor exactly what it needs to make it run good.

AT THE HORN OVERLAND CO. Forest City, N. C.

What do you think of your home town? Get a booster plate at the Horn Overland Co., and tell them where you live and that you are glad of it.
