Prayers For Rain at Wall Revival Sunday Answered By Rainstorm.

Around 3,000 people joined in a prayer for rain Sunday night at the big Wall revival tent and just at noon Monday Shelby was visited by a heavy rainstorm that is estimated to have been worth several hundred thousand dollars to the farmers of Cleveland county and business men in general, says Shelby Star.

During the service, which was the closing one of the meeting, there was a special prayer for rain and all those in the large congregation believing in the power of prayer were asked to join. At noon Monday as Dr. Wall was giving the data on the meeting the rainstorm broke over Shelby carrying moisture and refreshments to the parched fields and thirsty earth over the section. Other churches during the day featured a prayer for rain, and ministers of these churches and those who united at the tent revival, today felt highly grateful that the prayer of several thousands joined together for religious worship had been heard.

The revival just closed under the direction of Dr. Zeno Wall and Rev. Rush Padgett was considered one of the most helpful and having a wider scope than any ever held in the county. Dr. Wall stated Monday morning that it was the greatest revival he personally had ever assisted in. The congregation Sunday night numbered around 3,000 people and was the largest of the series of meetings. Indications during the evening and Monday were to the effect that the revival would be made an annual affair.

There were between 100 and 150 conversions during the meeting, and over 300 people reconsecrated themselves to Christ. The estimate was 1,000 or more, people had asked for prayer during the series of services, and an estimated crowd of 36,000 people attended the services in all.

Dr. Wall with his son, Zeno, Jr., left Shelby Monday for Morehead City, where he will rest for a week following his strenuous period of preaching regularly to the large crowds assembled at the tent to hear his sermons.

ALEXANDER NEWS

All Happenings of Interest From Our Hustling Neighbor City.

Alexander, June 15.—The people of Alexander and vicinity are gratefully rejoicing over the beneficial showers that fell Sunday and Monday. The people as well as the gardens, are greatly refreshed. The folks have been praying for rain and feel now that their prayers have been answered.

The revival meeting will begin next Sunday at the Baptist church. Rev. C. C. Matheny, the pastor, will do the preaching himself. Let's all pray that God will bless us in our efforts to bring lost souls to Christ.

The second nine team of Alexander played the second nine team of Sulphur Springs, Saturday and won the game. The score was 3 to 9 in favor of Alexander. Immediately after the first game, the first team of Alexander and the Marion players arrayed themselves against each other. The game started off in favor of Marion, but was soon checked by our boys. Then they fought fiercely and vigorously until near the last inning, when Lancaster went into the box and finished the game. The game was close and interesting, but Alexander came out one point ahead. The score was 7 to 8.

There will be a game between Alexander and Henrietta next Saturday at Alexander. All are invited to attend.

Mr. D. B. Randall and wife were suddenly and unexpectedly aroused from their nuptial slumbers Tuesday night about 10 o'clock. They were spending their first night in their new home, and a band of serenaders surrounded the house and gave them a great surprise.

APPLE CROP NOT DAMAGED MUCH

Raleigh, June 14.—The cold weather of this spring did not damage the apple crop to the extent the peach crop was damaged. The prospects in the commercial mountain producing counties are better than east of that area. The commercial orchardists reported 80 per cent of a crop.

This is the information contained in the June 1 crop report for North Carolina just made public here by Frank Parker, crop statistician.

"This is not comparable with last year, but with a normal crop, meaning a crop that would be produced under favorable conditions," says

IS IT
"as good as BUICK"?

Before you are persuaded, by an extra allowance on your old car, to buy some car you might not otherwise choose, compare the new car offered you to Buick.

Does it have a "sealed chassis"?
Has it a torque-tube-drive?
Has it mechanical 4-wheel brakes?
Has it a ten-plate, multiple-disc clutch?
Has it a Fisher body?
Has it adequate and efficient nation-wide service facilities?
Has it more than a million enthusiastic owners?
