M. E. CHURCH NEWS OF INTEREST

Great Revival Growing in Interest Daily—Short Items of Interest.

The meeting at the Methodist Church is growing in interest and the congregations are getting larger every day. Dr. A. D. Wilcox has been preaching to good congregations from the first. He is a profound preacher and a great scriptural teacher, plain, pointed, instructive. He preaches both to the head and the heart. He esteems the Church and values most highly all who are earnestly striving to live the Christ life, but plainly and kindly exposes all who mix their religion with the world to that extent that they and others know that there is no Christ, none of the Jesus spirit and power in it. His main purpose and effort up to this writing has been to uncover the Christ, to show to the professed Christian and member of the church afresh and in a more satisfactory knowledge the real Jesus, that they may carry it into every day life, personal, social and business life the true teachings and spirit of our Lord.

Dr. Wilcox is one of the clearest thinkers and best preachers it has been our privilege to hear. Fortunately are all who avail themselves of the privilege of attending these services each morning and evening. Every morning at ten o'clock he interprets the Lord's sermon on the mount taking a paragraph, or section at a time. In the evenings at 7:30 he preaches on some vital practical subject showing the contrast between the true and the professed, and too general, present day Christian life. The meeting is taking a wider and deeper hold on the thinking, praying people. If you want to receive true, abiding benefit in your heart and life attend these meetings.

Mr. W. Arnold Smith is leading the singing most acceptably and to the delight of the large congregations. He is meeting with hearty co-operation, has a full senior and junior choir who delight in following his splendid leadership. To hear this splendid singing by Mr. Smith and his choirs is fully worth your time. Don't miss this very helpful part of these services.

Drs. Wilcox and Ware and Mr. Smith were invited to the Chapel exercises of the Graded School Tuesday afternoon. They are also invited to the High School chapel exercises Wednesday afternoon. Dr. Wilcox talks greatly amused the children and young people. Mr. Smith delighted all with his sweet voice in song.

Dr. Wilcox preached to a large congregation of young people Tuesday evening with fine results. He will preach to children Friday afternoon at 4 o'clock. Every body should hear these special sermons.

Dr. Wilcox, Mr. and Mrs. Smith, Dr. and Mrs. Ware were dinner guests of Mr. and Mrs. J. M. Edwards Wednesday.

Mr. W. Arnold Smith will conduct a special service for young people and children Sunday afternoon at 3:30. Mr. Smith is an experienced worker with young people. Come. This will be a service worth your while to attend.
