## FEDERATION CLOSES EXCELLENT SEASON

Last Car Shipped Saturday. Total of Seven Cars Consigned During Season.

Spindale, Oct. 27.—The last carload of farm produce for the season was shipped from the Farmers Federation building here Saturday. The car was loaded with tomatoes, and consigned to the J. J. Castellini Co., of Cincinnati, Ohio. This makes a total of seven cars that have been shipped from here this season. The management considers that this is a very good record, considering that the Federation is an entirely new proposition in the county, and they are elated over the interest that has been shown. With the completion of the new warehouse it is expected that a banner crop of truck will be produced in the county next year and that the Federation will be kept busy all the season.

### Events of the Week.

On Friday evening the Parent-Teachers Association will give a Halloween party at the Spindale elementary school building. A small admission fee will be charged, also a small charge will be made for the inside features. It will be arranged on the style of a fair and a number of side-shows will be in prominence. Music will be furnished by the Spindale band. Proceeds of the party will go to the Parent-Teacher Association.

The Spindale Methodist Epworth League and Young Men's and Ladies' Classes of that church, and the B. Y. P. U. and Sunday school classes of the First Baptist church will hold a joint Halloween party and get-together meeting at the Spindale House Saturday evening.

The B. Y. P. U. of the First Baptist church, gave a party for their members Thursday evening, October 14. Miss Evelyn Waddell was in charge of program and arrangements and was possibly one of the best social events ever held in the Spindale House.

# You can FEEL the difference with this new oil in your Ford

HUNDREDS of road tests made with the new "Standard" Motor Oil in all types of cars prove that it represents a great advance in motor lubrication.

For instance, a Ford run 609 miles from September 24th to October 22d, 1925, showed 12.8% increase in oil mileage; 12.3% increase in gas mileage; increased power; snappier pick up; no drag on hills; removal of carbon deposits in motor.

Here's proof that the new "Standard" Motor Oil effectually solves the lubrication problems of every motorist. Get a crank case full and try it out yourself. You can actually feel the difference. At all "Standard" Service Stations and dealers.
