Keep Fit!

Good Health Requires Good Elimination

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging backache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try **Doan's Pills**—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

Athlete has simple method of keeping in perfect form

Athletes and trainers know how painful and disabling muscle-lameness can be. And they, more than almost anyone else, can tell you the best way to overcome it. "In my training work as an athlete," writes Frank B. Conover, of 175 South St., Jersey City, N. J., "I have used Sloan's Liniment for the past five years and found it most effective for soreness caused by vigorous exercise. Also an incomparable remedy for stiff neck."

It is marvelous how aches and stiffness in lame muscles yield to the magic of Sloan's. Just a little patted on lightly and healing new blood tingles through the hurt place. Away go "fatigue-poisons." Sore muscles limber up and stop aching. Get a bottle today and have it on hand. All druggists—35 cents.
