### DON'T GIVE UP.

Whatever has happened to you, don't give up.

Do not admit that circumstances are more powerful than you.

Though your head be bloody it should not be bowed.

You may have had financial losses and the accumulations of years may have been swept away, possibly by the treachery of some friend. What of it? Tighten your belt and go at it again.

Your health may be impaired. What of it? Other people have had discouragements and have lived bravely through them. The world is full of unsung heroes who have met with reverses and yet kept up a brave front.

Keep your flag flying. The bankrupt merchant or the disillusioned youth may see no escape but suicide, but those who are wiser tackle the problem again.

There is no great teaching that does not instruct us that we can rise upon our faulty past and climb the stairs to a fine future.

No more damnable gospel was ever preached than that for you or any man or woman there is no hope.

If you have sinned, if you have made mistakes, rise up! Shake off the past and face the future. There is no man living but what has committed some errors. We can allow the burden of life to plunge us into despair or we can shake it off and seek other fields.

The world is wide and if there is any one thing that both religion and philosophy teach it is that we can rise upon the wreck of our dead selves and enjoy that which remains.

You don't know what is around the corner and no man can tell what the future has in store for him.

Be a thoroughbred and keep up your courage even though the battle may be against you.

Many a person has given up when success lay just ahead of him. If you can't do anything else, hold on. Believe in yourself, believe in life, believe in your star. If none of these beliefs can be proved to be sound their effect upon your character at least is sound, and one who is dominated by a persistent belief in his success is much more liable to have a sure hand and a good eye than the one who doubts himself.

Some one has said that you are never going to succeed in life in anything, mental, moral or physical, until you have stricken from your hands and heart and brain the shackles of fear.

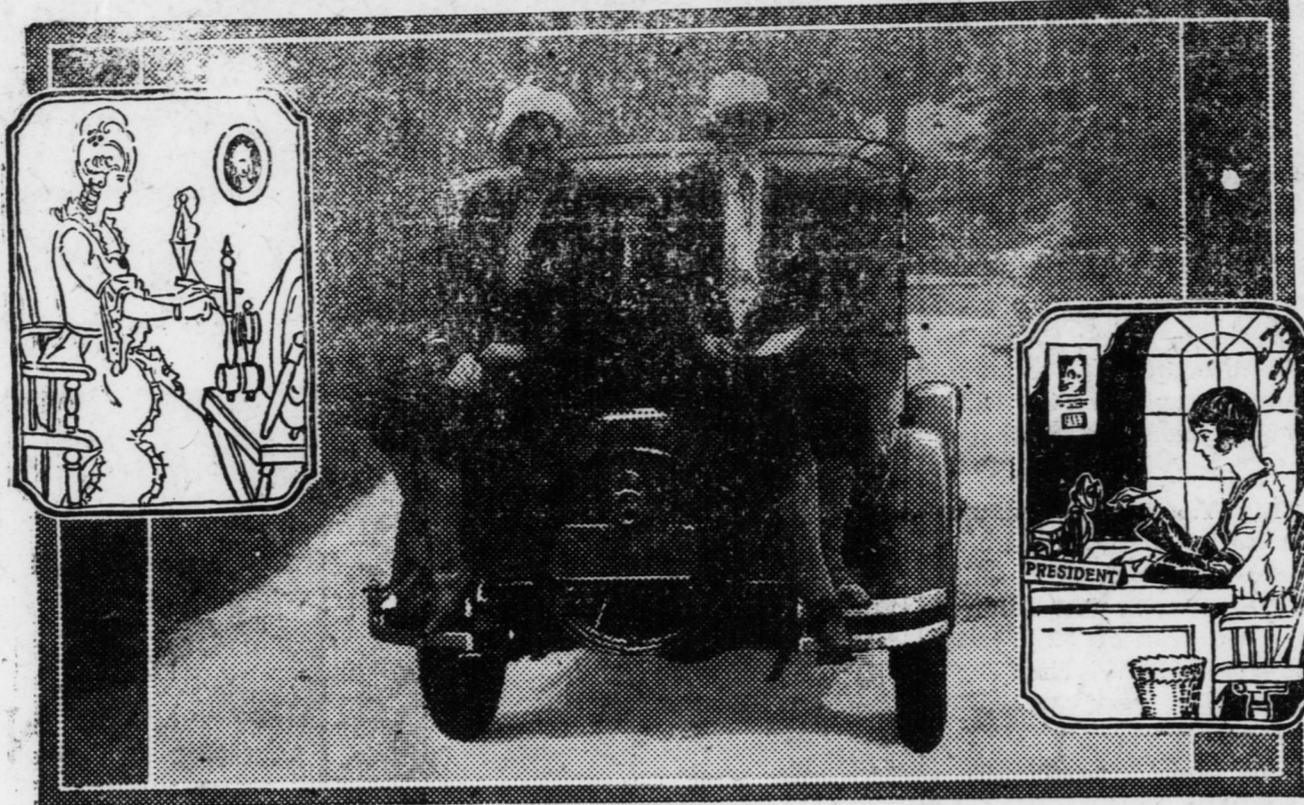

What we want in this world is something to tone us up, to put us at our best, and fear is just the opposite of this.—Dr. Frank Crane.

Do your Christmas shopping at the Buck Stores. You can save money on every purchase.

NOTICE—Dr. D. M. Morrison, optometrist-eye specialist will be in Forest City on every Thursday. Hours 8 to 9 a. m. and 2 p. m. to 3 p. m. Office back of Dr. Duncan. 52-tf.

## Women Now Spin Wheels Of Business

Miss Ruth H. Stockwell and Miss Margaret Neil compose the firm of Neil & Stockwell, Oldsmobile dealers at Marshalltown, Iowa.

A striking example of the evolution of "spinning wheels" is the firm of Neil & Stockwell, Oldsmobile dealers at Marshalltown, Iowa, one of the few automobile firms in the world composed of young women. Where the ancestors of these girls manipulated spinning wheels in their homes, Miss Ruth H. Stockwell and Miss Margaret Neil are gaining fortune selling the modern "spinning wheels" of the highway.

The successful experience of these Oldsmobile dealers is another evidence of the great change that has taken place in the social, economic and business life of women. In the days of the old time spinning wheel

it was the man of the house who bought and sold without consulting the women. But today, say the Misses Neil and Stockwell, it is the woman who has the final say in the selection of the family car in most instances.

A broken arm resulted in this feminine automobile partnership. The accident occurred more than five years ago when Miss Neil was taking Miss Stockwell then a music teacher, on a western automobile tour. Miss Neil was the victim and the accident forced Miss Stockwell to learn to drive the car then and there, if they were to proceed.

Miss Neill had been an ardent motorist for several years, and the enforced tuition of Miss Stockwell in

automotive affairs awakened her interest in cars. Finally the girls decided they might as well make a business of their joint hobby and nearly three years ago they started in the automobile business.

Their success from the start quickly routed the wisecracks who had doubted the ability of women to make good in this competitive and mechanical field. The girls had introduced something new in the business. They had the women's viewpoint and proceeded to cultivate it until it grew a harvest of orders.

What would make a more appreciative Christmas gift for the whole family than an Oldsmobile? Call and see what we have for your selection. J. T. Camp, Forest City.

Site of proposed Boulder Dam on Colorado River between Arizona and Nevada. Dam will be 550 feet high, 200 feet at bottom and 1,350 across at top, will impound 26,000,000 acre feet of water or the entire flow of the river for eighteen months, will provide fall for generating 550,000 firm horse power, for which there is a demand when project is completed. The primary object of the Swing Johnson bill before Congress for the construction of this dam is flood control to save Imperial Valley in California from permanent inundation and Yuma, Parker and other valleys in Arizona and Palo Verde Valley in California from annual flood menace. The cost of the dam will be \$42,000,000, power plant \$31,000,000, All American canal (a part of the project to relieve Imperial Valley from dependence upon Mexico for its water supply), \$31,000,000. The total cost of the entire program, including interest during construction is \$125,000,000, all of which is to be provided from the sale of power from the dam and sale of water for irrigation. The Federal government underwrites the project, but takes no risk.
