Frequent Bilious Attacks

"I suffered with severe bilious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky. "I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples. My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed. My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells. One day one of my neighbors, who has used Theford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me. I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells." **Theford's BLACK-DRAUGHT Purely Vegetable**

SANDY RUN SUNDAY SCHOOL MEETS

Second Meeting of Sunday School Organization is Held at Alexander

Alexander, Feb. 6.—On Sunday afternoon, February 5, the Sunday school organization of Sandy Run Association held its second meeting in the Alexander Baptist Church. The group superintendents held a short conference at two o'clock, where plans were discussed pertaining to the work they had done the previous month. At the same hour the executive committee held a separate meeting and unanimously voted to adopt the plans as submitted by the committee on keeping our Associational worker, Rev. W. C. Lynch. The following committee was appointed to execute the plans: G. C. Harrill, chairman; B. E. Roach, O. C. Turner, and Mrs. A. C. Lovelace. At 2:30 o'clock a general meeting was held of superintendents and Sunday school workers, Mr. G. C. Harrill, superintendent, was in charge. He called for a count of representatives from the different churches in the association. Caroleen church won the banner for having the greatest number of representatives present, having thirty. Mr. Harrill informed the assembly that our Associational Worker would be continued.

Rev. W. C. Lynch presented charts showing the standing of each Sunday school in the Association as compared with the Standard of Excellence. These charts showed that there are four Standard Sunday schools in the Association, these being, Mount Olivet, Haynes Memorial, Henrietta and Caroleen. Others pledged themselves to try to reach the standard by our next meeting. Rev. Mr. Lynch discussed fully and interestingly the questionnaire sent out to the different group superintendents, and the points on the Standard of Excellence. He also suggested that the workers be thinking about putting on a Sunday school revival in every church in the Association.

An invitation was extended the workers to meet with the Cliffside Baptist church the first Sunday in March. The invitation was accepted, and the meeting adjourned.

HEN BIG AID FOR FARMER

State Hopes to Ship Four Million Pounds Poultry This Year

Raleigh, Feb. 4.—The marketing of four million pounds of live poultry this season, for the farmers of North Carolina, as compared with approximately three million pounds last year, is the goal of the State Department of Agriculture, which is assisted in this work by the county agents. The season has opened with a much brighter prospect than that which marked the opening of the 1927 season, and so far shipments have been about one hundred per cent in excess of total shipments the corresponding period last year. During the past week marketing experts of the Department have shipped for farmers 100,000 pounds of live birds, which filled six cars and brought the producers approximately \$23,000 net. Ten counties along the Seaboard between Rutherford and the coast were served; and during the week embracing February 13-18 it is planned to move ten more carloads from Seaboard and Coast Line territory, serving the farmers of a dozen counties. Prices are good and the farmers are enthusiastic over the outlook. "Shall we come back for another carload?" some farmers in Robeson County were asked. "Sure," they replied, "we have plenty more where these came from. Why, we just brought along a few birds today. Yes, you come back." Marketing experts of the State Department of Agriculture find the markets, the county agents advertise the loading of cars and all hands get together and boost along the shipments. The money for their birds is paid the farmers at the car door. The shipment of live poultry from North Carolina has come to be one of the leading industries. As a matter of fact, there may be five million pounds shipped during the coming season and experts look for that total but conservatively estimate the total to be shipped at four million pounds.

The quartet and solo numbers varied from jazz to classical and sacred numbers. The third number of the lyceum will be presented March 17, by Oliver's Phillipino Quartet. The De-Jen & Co., Magicians will give the fourth and final program on April 17.
