In a Bad Fix from INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R.F.D. 4, Chester, S. C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had smothering spells and fell off 20 pounds. I was in a bad fix.

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today had it not been for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually got my appetite back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Theford's Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 85 years.
Sold everywhere. 25 cents.

In Trim This Winter?

Watch The Kidneys After Winter's Colds.

COLDS and grip are hard on the kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one tired and achy with headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor!

MACK JOHNSON DIED WEDNESDAY

Well Known Farmer of Rutherfordton, R-4, Dies of Pneumonia

Rutherfordton, R-4, Feb. 13.—Mr. Mack Johnson, aged 57 years, died at his home on Catheys' Creek, near old Gilberttown Wednesday night at 8 o'clock. Funeral services were held at Oak Springs Friday morning at 11 o'clock.

Mr. Johnson was taken ill with pneumonia just a week before his death.

Funeral services were in charge of Rev. M. M. Huntley assisted by Rev. M. L. Buchanan. Interment followed in Oak Springs cemetery.

He is survived by his wife and seven children, three girls and four boys, five grand children; his father, Mr. Thos. G. Johnson, five brothers and four sisters.

Mr. Johnson was a prosperous farmer and a good citizen and his passing is a distinct loss to his community, family and church.

P.-T. A. MEETS

The Forest City Parent-Teachers' Association met in the High School building Wednesday afternoon, February 15, at 3:30. Mrs. W. W. Nanney, of Rutherfordton, gave a report from the State P.-T. A. convention which met in Charlotte last November.

A short history of "Founder's Day" was also given. All were asked to bring an offering for this day. Heretofore all contributions on this day have gone for national work, but this year half of the offering goes to national and half to the state.

NEW SCHOOL BUILDING FOR ELLENBORO

Ellenboro, Feb. 11.—On account of the increased number of children from Ellenboro and the adjoining districts, it will be necessary to build an addition to the high school here. Plans are now being worked out and arrangements made for the erection of this building which will be about 150 by 200 feet. Since the school building was erected in 1921, the number of pupils has steadily increased. The school has materially progressed and grown each year, under the management of Mr. Tapp and Mr. Bushong, assisted by a competent corps of teachers.

OFFICERS CAPTURE STILLS

Rural Policemen A. F. Freeman and deputies Curtis Hardin and J. A. Hampton captured a sixty-five gallon capacity copper still on Cane Creek, on the farm of Dr. Andrews, in Logan Store Township Sunday, February 5th, at 2 a. m. The still was a complete outfit and had been in operation sometime. Seven hundred gallons of beer was poured out and several gallons of light wine was found nearby. No arrests were made.

These same officers also captured a 50-gallon capacity still on the mountain above Hollis with 150 gallons of beer on Monday, February 6. Three white men, Messrs. Bob and Plato Ledbetter of Mt. Holly and John Wood of Shelby were captured at the plant at work. They were lodged in jail at Rutherfordton and tried before the Recorder the next day and found guilty of manufacturing whiskey. They will probably be released this week upon payment of the cost and fine, which will amount to \$75 each. They had just started to work at the plant. Bob Ledbetter is the son of Plato.

This the 30th day of Jan. 1928.
19-1t. DOGGETT MOTOR CO.

PROFIT OF \$2,588 MADE ON TWELVE FARM PROJECTS

Ellenboro Farmers Find That Evening Farm Schools Pay Large Profit

Ellenboro, Feb. 13.—Twelve agricultural projects, conducted by ten individuals living in the vicinity of Ellenboro who attended the evening lessons in agriculture given at the Ellenboro school last winter by the local agricultural teacher, yielded a total of \$7,565.77 worth of products giving the producers a profit of \$2,588.41. The following have been built as a result of the course: One 5,000 bushel sweet potato storage house, five model brooder houses with the same number of laying houses for their flocks.

The sweet potato storage house in which 4,000 bushels of sweet potatoes were stored last fall is proving to be a real asset to the community. In addition to producing better potatoes for home consumption it is providing for a spring pay day for those who are now selling potatoes from the house.

Despite the fact that two broiler projects failed to return a profit still poultry has been profitable and is giving local growers an increasing and constant income.

Another course will be offered to farmers again this year. Meetings on cotton, corn, sweet potatoes and poultry are to be arranged.

PLAY "BEADS ON A STRING" AT ALEXANDER MILLS

A play entitled "Beads on a string" will be presented at Alexander Mills on Saturday night, February 18, at 7:30. The play is being given by the high school students and faculty of the Alexander Schools, Inc., of Union Mills. It is divided into three acts, and will be acted by nine characters all of whom have had training for parts they play. The proceeds will go for the benefit of the Alexander Schools, Inc. The same play was presented at Union Mills on February 4, and received much favorable comment.

OUTLOOK FOR COTTON BETTER THAN 1927

Raleigh, Feb. 13.—If the acreage planted to cotton in the United States is not increased over ten per cent this season, the price outlook is favorable.

This is the opinion of Dr. G. W. Forster, head of the department of agricultural economics at State College, who has made a study of the situation with governmental authorities at Washington in planning the farm outlook for 1928 in late January. He states that the production of 12,789,000 bales last season was a relatively small crop and while the carry-over of 7,500,000 bales is rather large, it is not excessive in view of the small crop. Consumption this year will be in excess of 15,000,000 bales according to present indications. This will make the carry-over on July 31, 1928 amount to about five million bales only.

Dr. Forster states that an increase in acreage of ten percent this season with the normal yield of the past five years, will give the South a crop of about 14,000,000 bales. The foreign and domestic demand will not be materially different from last season though better conditions are anticipated in France and Italy. He finds that through the period from 1920 to 1926, there has been an increased demand for cotton so as to cause an increased price of about one cent a pound each year over the previous season.

Farmers should keep in mind, however, that there are some areas where growers will find it hard to get a substitute crop for cotton and this may lead to greater increases in acreage; in West Texas and Oklahoma there are still millions of acres of potential cotton land; credit is easy in most of the cotton states and the agitation for farm relief has led to the belief that Congress may enact legislation to stabilize prices at a higher level than that which would be caused by a free play of supply and demand. This may encourage heavier plantings in some sections.

In North Carolina, the high prices for peanuts and tobacco may check any tendency to increase the acreage in those counties where these two crops are grown.

If the Irish potato acreage is increased this year, the prospects for a good price will go a glimmering, says statisticians of State College and the United States Department of Agriculture.

SMITHS' GROVE

Forest City, R-3, Feb. 13.—There will be preaching next Saturday at two - thirty o'clock at Smiths Grove. Everybody come and bring your friends with you.

Rev. W. P. Crowder filled his regular appointment Saturday and Sunday at Henrietta.

Miss Dorothy Delaney, spent last Wednesday night with Miss Lorena Bridges.

Mr. and Mrs. Forrest Fortenberry spent the week end with her parents, Mr. and Mrs. Charlie Lee.

Misses Mary Elizabeth Crowder and Pinkie Fortenberry were the dinner guests at Mr. and Mrs. R. L. Newton Sunday.

Misses Annie Mae and Ethel Andrews spent Saturday afternoon with Misses Ruth and Lucy Crowder.

Mr. Aster Small, of Rutherfordton spent the week end with Mr. and Mrs. W. L. Crowder.

Mr. and Mrs. W. H. Allen have returned to their home after spending a few days in Chesnee, S. C.

Miss Pauline Bridges spent Saturday night with Misses Pauline and Marie Hudlow.

Mr. and Mrs. Frank Toney visited Mr. and Mrs. Rolan Smith last Saturday night.

LAKE LURE WOMAN'S CLUB MEETS TODAY

Lake Lure, Feb. 9.—The Lake Lure Woman's Club will meet at the Lake Lure Coffee Shop on Thursday, February 16th, at 1:30 o'clock for a luncheon. After this the business meeting will be held in the new club rooms, which have been lately fitted up, in the administration building.

About thirty were present at the meeting last Thursday. Much work is being sponsored by this club.

BOWMAN-BRIDGES

Miss Blanche Bridges and, Frank Bowman, of Ellenboro, were married at Morganton Tuesday February 7. Miss Bridges is the oldest daughter of Mark Bridges, of Ellenboro. Mr. Bowman has business interests in Morganton.

HOW ARE YOU TODAY?

GOLD MEDAL HAARLEM OIL CAPSULES

Feed Makes the Cow—

Sleek, fat dairy cows show proper feeding. They tell of an owner who balances his concentrate and roughage—the first step toward profitable milk production. If your herd gets a low protein roughage it needs Tuxedo Dairy 24%. But if you feed high protein roughage choose Ce-re-a-lia Sweets, the popular 20% concentrate.

We guarantee results with Tuxedo Dairy and Ce-re-a-lia Sweets. Test any one cow for 30 days. Unless milk production or net profits are greater than before, return the test chart properly filled out and we'll return your money.
