

WILL ERECT CURB MARKET BUILDING ON MARCH 21

Kiwanians, Agricultural Students, Farmers to Hold Old-Fashioned Working.

Forest City is to have an old-fashioned "working" on Wednesday, March 21. The Kiwanis Club, the farmers and the agriculture students from Cool Springs High school are going to build the curb market building on that day. All the features of a real old neighborly "house raising" will be observed. The farm women are going to bring dinner and spread it in the Kiwanis Hall. The Kiwanis Club is arranging to have the lumber and supplies then each member is planning to give his time. With this number, the farmers, and the agriculture students, the building should be completed by "sun down."

The plans for the working are a natural result of the fine spirit of neighboring friendliness which was shown at the Farmers Night on March 5. Several of the out of town visitors said that the spirit of co-operation between farmers and business men displayed at that meeting was unequalled in their experience. The Board of Directors and the curb market committee of the Kiwanis Club are confident that the market will prove a success from the first because of the enthusiasm with which it is beginning.

The building is to be fifty feet long and twenty-four feet wide. It will have three rows of tables which will provide ample room for the display of vegetables and other farm supplies. First curb market day will be Saturday, March 24 and the opening will be a red letter event to the farmers, their wives and to Forest City housekeepers.
