

EPWORTH LEAGUE INSTITUTE TO BE HELD APRIL 23-25

Methodist Young People to
Gather at Pleasant Grove
for Three Sessions Next
Week.

At the request of Rev. J. B. Taber, Jr., pastor of Pleasant Grove Methodist church, the conference field secretary of the Epworth League work, Rev. G. G. Adams, of Mooresville, will conduct a three day institute at Pleasant Grove church, April 23, 24, 25, according to an announcement made this week by the Epworth League Secretary, Clarence Griffin. All sessions will be held at the evening hour. All Epworth Leaguers in Rutherford county and young people from those Methodist churches not having chapters organized are invited to attend and profit by the study of the work.

General discussion will obtain as to the program and purposes of the Epworth League while more detailed study will be given the Methods by which the work is carried on through the several departments. Part of one evening will be given to a social hour of games and stunts. Mrs. Adams, who is conference superintendent of Hi-League work will be present and assist in the work of the institute. Bring your pencils that you might take notes.

CARD OF THANKS

We wish to thank our friends for the many acts of kindness shown us during the sickness and death of our dear daughter and sister. We also thank them for the beautiful flowers. Mr. and Mrs. J. K. Green and family.

A striking instance of wifely devotion is seen in the graceful compliment paid by a lady naturalist of Benton Harbor, Mich., who has dedicated her latest scientific book to her husband. The title? Oh, yes, it was "Dumb Animals I have Met."

COUNTY WELL REPRESENTED AT ASHEVILLE NORMAL

Rutherford county is well represented at the Asheville Normal. Rutherford has had the student president for two years in succession, which is the highest honor at the school. Miss Addye Henderson was president last year while Miss Jessie Bridges, of Bostic, is president this year. Miss Evelyn Tanner, of Rutherfordton, is president of the Junior class this year. Last year the Freshmen class president was a Rutherford girl, Miss Juanita Whisnant of Hollis. The president of the Athletic Association last year was a Rutherford girl, Miss Ozelle Moor, student at Duke University this year.

Rutherford has several members on "The Highland Outlook," monthly publication of the normal this year. During the last semester, Rutherford had two of the 15 highest rated students, Misses Jessie Bridges and Eugenia Lollar.

The First County club ever organized at the Asheville Normal was a Rutherford club, Miss Jessie Bridges is president, Miss Ruth Anderson, of Rutherfordton, vice-president, with Miss Elizabeth Lollar, secretary-treasurer and reporter.

Rutherford county has more students at the Asheville Normal this year than any other county except Buncombe. Rutherford has 26 while Buncombe has 31.

Mr. and Mrs. D. A. Lollar, of near Rutherfordton, have the unique distinction of having four daughters at the Asheville institution.

The Filkething, or Storning, or whatever old thing it is that governs Denmark, has decreed that army and naval officers must not in future be members of the Masonic fraternity.

A complication has arisen over the fact that King Christian, like his father and forbears, is an ardent devotee of the ancient craft.

Krishnamurti, the newly-annointed Hindu Messiah of the Theosophists, has a rival in the person of Mrs. Eva Humacher, of Wichita, Kan., who claims that she alone represents the "will of God" on earth. Without wishing to appear irreverent, it does seem that America is big enough to supply its own requirements in this line, if any.

COMMENCEMENT AT SOUTH MOUNTAIN

Commencement exercises at South Mountain Industrial Institute, Inc., will be held on Friday, April 20, from 10 A. M. to 12:30 P. M. The following schedule has been arranged:

10 A. M. Out-of-door Pageant. Crowning of the Queen of May and the Queen of Education.

11 A.M. Commencement Sermon.

1 1:45 A. M. Class day exercises.

12 Annual address and presentation of awards.

Big town writers sometimes poke fun at items in country newspapers. But here is a gem from the esteemed New York World: One night Davy took the wildcat to bed with him. Quite unintentionally he smothered it to death. Even then the little animal did not scratch his master." And we may believe that, like Bon Ami, it hasn't scratched yet.

An industrial note states that Joliet, Ill., long known to fame principally as the seat of the great state prison, now employs 80 electric motors, totalling 270 horsepower, in the manufacture of macaroni. The reporter might have lent added interest to his item by stating the daily mileage of macaroni produced.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderless has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderless at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. 26-ft

It clings to metal-

because this oil
is a new kind
of motor oil—
not a
stickier oil,
but an oil
of greater oiliness,
and this is proved
by many tests
like this one
given here

TEN THOUSAND MILE TEST PROVES

A six cylinder Essex was driven ten thousand miles with "Standard" Motor Oil. The cylinders were worn away only one one-thousandth of an inch, as measured by precision instruments.

The average wear in an automobile engine with oils commonly used by motorists is about three times as great in the first ten thousand miles.

This means that by using "Standard" Motor Oil you can retard wear, maintain piston seal, and reduce upkeep costs.

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

PROVED BY A MILLION MILES

Before the new Oldsmobile was presented to the public more than a million miles of testing were put behind it. For two years it was threading the traffic of street and highway... running the gauntlet of exacting tests on the General Motors Proving Ground... 1,177,000 miles of wearing and tearing use! As a result, the new Oldsmobile brings to buyers those fine car qualities which

have heretofore been available only at higher prices—high speed combined with steadiness... true smoothness combined with rugged power... quietness combined with ease of operation—

—All in a six whose stamina is a matter of engineering record!
