Frequent Billious Attacks

"I suffered with severe billious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky. "I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples."

"My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed."

"My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells. "One day one of my neighbors, who has used Theford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me. "I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or billious spells."

Where Will You Be at Seventy?

Recent investigations have shown that a large number of persons are dependent on relatives or charity in their old age.

When the autumn of life approaches, and the leaves of youthful vim and enthusiasm fall, it is extremely difficult for any person, no matter how able, these investigations prove, to compete in the world of business and commerce.

What better insurance against dependence in old age than a saving account in a bank?

One dollar will start you on the road to economic security!
