BAPTIST CHURCH NOTES

The series of revival meetings that have been in progress at the Baptist Church came to a close last Friday night and Dr. Mahan left for his home at Etawah, Tenn., Saturday morning. Dr. Mahan did some of the best preaching the writer ever heard and it is hoped that his messages may continue to bear fruit in the future.

We were glad to have a number of visitors at church last Sunday. Among them were Mr. and Mrs. John Elmore of Gaffney, S. C., Miss Ora Hull and three of the boys from South Mountain School. Miss Hull and the boys were guests in the home of Rev. and Mrs. R. C. Smith.

A few of our people attended the Sunday School meeting at Ellenboro Sunday afternoon.

The pastor talked to the new converts Sunday night and baptized five or six.

The Friday night Bible Study class will resume their studies on next Friday night.

The W. M. U. will hold a banquet at the Memorial Building on Thursday night of this week for all the Baptist women in the town. A large attendance is expected and an attractive program is being arranged for the occasion. Mrs. T. C. Lovelace of Henrietta and Mrs. Howard Camnitz of Chimney Rock will be the principal speakers.

One of the members of the Friday Night Bible School has sent in the following. Our Bible School. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of Truth."

The purpose of our School is to come together to study God's Word and to try to "become acquainted with God." We are studying for service and we are learning to know God's Word and His will for us.

Our beloved pastor is freely giving his time to study and preparation in order that we may know and understand God's Word better. We are grateful that he is both willing and always ready for service. Only those who attend can know the results of such a school of training. Our teacher seems to know just the message to bring to us. It is through his teaching and his opening of God's Word to us that we are drawn closer to God and learn to love Him more and serve Him better.

The members of this School join in asking that all of our people will attend our Bible Study Class. If you are a child of God and have a desire to become better acquainted with God and to know Him better,—come and study.

Everybody come to the Bible School, and let's follow the Golden Rule. God has done for us what He could and we could serve Him if we would. Come!

Where? Cliffside Baptist church. When? Every Friday night. Time? 7:15 o'clock.

Some of the Shriners from Indianapolis, Ind., enroute home from the big Shriners convention at Miami, Fla., passed through Cliffside Monday and stopped to enquire if they might go through the mills. They stated that they had never seen inside a cotton mill of any kind. Mr. H. H. Jenkins showed them through and they seemed delighted with what they saw here.

Preparation for the Commencement exercises of the High School are going steadily on. A more detailed account will be given later. The Junior Senior Banquet was a great success. Chassis leader of the day supreme in Beauty too

The New Hudson's distinction in vogue is adding thousands of beauty lovers to the hosts who want its supremely brilliant performance. And all are delighted to find, with all its other economies, a gasoline saving never attained by a car of its weight and size. Any new Hudson owner will be proud to tell you all about this new advantage.

The consistency of Hudson leadership is but the performance of its first principle, resolution and tradition—to always lead in value. Thus it was the first car at moderate price to give truly great performance, smoothness and reliability—the industry's standard today.

Thus it was the first in the development of American closed cars, and such smart turnouts as the Town Car and Speedster. The Coach—a Hudson invention—turned the entire industry to closed cars.

The Super-Six principle and its companion invention that turns waste heat to power, is the most efficient combination in development and transmission of power, within our knowledge.
