

Feel Miserable This Spring?

To Be Well Your Kidneys Must Function Properly.

SPRING find you tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions too frequent, scanty or burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. Doan's are endorsed everywhere. Ask your neighbor!

Hiding From the Truth

as this ostrich thinks he is, is a delusion. A professor after a lecture on "Save the Forests" asked a member of his class what he had ever done to save our timber. "I killed a woodpecker a year ago," he replied. That's one way to get into the Hall of Fame by distinguished (?) service. A good way to secure excellent service is to deal with us. Did you forget to order something this morning and you "just know your grocer-man won't deliver this late?" Get in the habit of buying your groceries where they have perfect delivery satisfaction. It is our aim to please you at any time and at all times.

UPSET

With Stomach Spells

"I have taken Black-Draught ever since I was a child, and can recommend it as a splendid medicine for family use," says Mrs. Cora Maberry, of Sageeeyah, Okla. "My mother used it, in bringing up her family, and after I had a home of my own, I continued to use it, as I thought it was good to give the children."

"My children did not mind taking Black-Draught, and so when they got upset with stomach spells, or were constipated, I gave them Black-Draught tea."

"They are all grown now and have homes of their own, but I still keep Black-Draught in the house and use it myself when I wake up in the morning feeling dull and 'headachey', and have a bad taste in my mouth."

In use over 87 years. Price 25c.

CURB MARKET SALES AVERAGE \$54.32 WEEKLY

Officials are Gratified at Wonderful Success Being Made by Market

The directors of the Forest City Curb Market held a meeting on Saturday, May 12. Mrs. M. M. Young, the manager, reported that in the fifteen market days the sales had amounted to \$407.52, an average of \$54.32 a week. The directors regard this as an excellent beginning. The average number of farm women selling on the market is fifteen. They sell flowers, greens, poultry, and dairy products, lettuce, onions, rhubarb, parsley, cakes, all kinds of canned fruits and vegetables, pies, water ground meal, sliced bacon and ham and all kinds of farm produce. The market presents a most attractive appearance with its bundance of fresh flowers, vegetables and cooked food.

One of the new rulings of the board is that on each market day at 9:30 a basket of produce, donated by the persons selling in the market, will be given to the Forest City house wife who holds the lucky number.

This will always contain some of all the produce on the market and will be a valuable prize.

At this meeting Mrs. J. S. Morgan was elected as an additional member. She is one of the best sales-women at the market and the directors regard her as a most valuable addition to the board.

ELLENBORO FARM NEWS TOLD

Using Little Ammonia at Present Time With Planting—Conducting Test Projects

Ellenboro, May 14.—Eleven Washburn farmers who attended the evening course in agriculture given at the Washburn school this spring by the teacher of agriculture from Ellenboro are growing 42 acres of cotton and 34 acres of corn according to information presented in the course in addition to caring for flocks totaling 1,015 hens and growing out 2,750 chicks for their flocks. Each farmer is keeping record books showing costs, returns and profits on the enterprises that he has selected for farm projects.

They are not using much ammonia in the fertilizers which they are applying at planting time but will side-dress with 100 to 200 pounds of nitrate of soda or sulphate of ammonia when the corn becomes hip high. It has been demonstrated in the corn fertilizer test at Ellenboro last year that corn needs an abundance of plant food, especially nitrogen, just before and at the time of earing. When all of the fertilizer is applied at planting time large stalks are produced early in the growing season which use up all of the plant food in the soil by the time that the stalks are ready to put on ears. Hence, the common practice of applying all of the fertilizer at planting time often causes the corn plants to suffer for food at earing time and results in the leaves firing with low yields.

Most of the farmers who are growing cotton are using 500 to 600 pounds of a 12-4-4 fertilizer at planting time to be followed with not less than 100 pounds of nitrate of soda as a side-dressing at the time of the first cultivation after chopping.

Six bushels of pure Wannamaker-Cleveland cotton seed have been ordered for their projects by the teacher of agriculture at a cost of \$2.50 per bushel in addition to two bushels of Southern Beauty seed corn.

The names of those who are conducting projects are; E. R. Melton, Gilmer Philbeck, Volney Earley, J. J. Melton, Spurgeon Bridges, W. J. Carlisle, H. L. Hastings, Tom Wells, Chalmers West, Carmel Cooper, Hubert Cooper, and Reuben Washburn.

GRAND CHAPLAIN OF STATE

At a meeting of the Grand Commandery, Knights Templar of North Carolina, held in Durham last week, Rev. John S. Wood was appointed grand chaplain for the year. This is quite an honor to Dr. Wood. He has been chaplain in all of the Masonic bodies.

Don Briggs, 18, of Oakland, Cal., has joined his father in San Quentin prison, where both are now serving sentences for burglary.

With special sport equipment, no smarter car than this

Smart as a racing craft. Long and low... with rakish, youthful lines. But with special sport equipment... it's even smarter. The peer of any car in its class.

There's real style, if you ever saw it. Swank... snap... personality. Reflecting the speed and drive of its engine... its change of pace and its wonderful handling ease.

Six wire wheels... their colors contrasting with body shades. Spares carried forward in special fender wells. A trunk rack behind... suggesting week-end journeys. All that you see and admire on America's finest custom-built cars.

Add to all this the charm of bodies by Fisher. The deep-cushioned comfort and luxury that Fisher bodies provide. Then you'll find the All-American Six leagues ahead of any rival. And you'll marvel again at its truly remarkable price.
