### BAPTIST CHURCH NOTES

There were 365 in Sunday School last Sunday. That was four more than the previous Sunday.

The pastor read 1st Cor. 3: 7-16 and the subject was "Your's and Christ's".

There was a meeting of the Sunday School officers at the Church at seven o'clock Sunday evening.

Rev. R. C. Smith read John 1: 1-18 for the scripture lesson at the evening hour and his text was the 14th verse of this passage, "The Word became flesh, etc." The subject was "Incarnation."

We were glad to have several visitors with us last Sunday. Among those present Sunday evening were Mr. and Mrs. A. M. McKinney and daughter and Mr. and Mrs. Stockton of Ellenboro.

On next Sunday morning at eleven o'clock there is to be an ordination service when the new deacons will be ordained. The church has fifteen Deacons elected to serve for three years. Each year the term of five of them expires and five others are elected by the church to take their places and serve for three years. After a deacon has been out of the office of Deacon for one year he may be elected again.

### BOY SCOUTS

All members of the local troop of Scouts were present Monday night at their regular meeting except two who for some reason were absent. They planned at this meeting for their Fish Stew Supper they are to give at the banquet hall of the Memorial building on next Friday night. Mr. D. C. Splawn has been secured to arrange for the fish stew and they expect to be ready to begin serving about six o'clock Friday evening of this week. Some of the boys' mothers are expected to be there to superintend. In addition to this the boys have quite a number of useful and ornamental articles for sale. There are hand painted vases, flower baskets woven with reed and raffia, and several buffet sets and dinner sets with attractive hand painted designs and many other articles which will be offered for sale at very reasonable prices. The boys have not made all the things that are for sale, but they have made several things including rustic flower baskets and stands and are busy this week when time can be had for making more. There will be a collection of odd flower vases, etc.,

More than 100,000,000 rabbit skins were imported into the United States during the past year. Which indicates that more seal and sable coats than usual are to be worn.

It may be, as a church census revealed, that 90 per cent of Chicago people are religious, but we suspect that good many of those counted are not overworking themselves.

We do not read so much lately about the flapper. Has she turned out to be a flop?

**World's Greatest Value**  
...altogether or part by part

The Essex Super-Six is outstanding, and all this year has outsold, every other "Six" by such margins that comparison is only a gesture.

For it needs no expert to see—what every expert knows—that such an array of values was never before presented within hundreds of dollars of the price.

Your first glance tells that. But more important, you can examine this Essex, part by part, and in each item, whether it

is the upholstery used, or the costliest type of four-wheel brakes, or the use of vertical shutters, demonstrate a superiority of quality and actual margins of costlier materials and workmanship.

To know the overpowering conviction of greatest value held by Essex owners is merely to see Essex beauty, to examine Essex quality, to sit inside and feel Essex comfort—to ride and know Essex performance.
