

DR. AYERS TO CANADA

Dr. W. A. Ayers, pastor of the First Baptist church, will leave this week for Toronto, Canada, where he will attend the Baptist World Alliance, an informal conference of the Baptists from all parts of the world, which will be held there June 23-29.

The purpose of the Baptist World Alliance is to promote fellowship among Baptists, strengthen spiritual ties, give the stronger Baptist groups of the world an opportunity to encourage the weaker ones, and to afford an opportunity for the expression of a world Baptist opinion on distinctive principles, civic righteousness and related subjects.

Because of the interest in hog feeding in Beaufort County, two leading farmers have added registered stock for the purpose of supplying breeding animals to those who wish to improve their hogs.

Suffering With SICK HEADACHES

Mr. Charles F. Todd, of Estesburg near Waynesburg, Ky., says: "I was suffering with nervous headaches. About once a week I would have these headaches, and have to quit work, and go to bed for about twenty-four hours. I would have pains in my neck, and right behind my right ear. A merchant at Estesburg told me to try taking Black-Draught, which I did.

"It relieved me. From that time on, I would take Black-Draught as soon as I felt like I was going to have one of those headaches—and they wouldn't come on. Every few weeks, I take three or four doses of Black-Draught, and I feel so well, and do my work, and don't lose any more time with headache."

TOWN DEVELOPMENT

It used to be frequently said in smaller towns, that it is the business of a good citizen to mind his own business, keep out of debt and avoid breaking laws. It was commonly thought that if he did that, it was about all that could be expected of him, and he was conforming to the ideals of good citizenship.

But a community's development cannot be promoted in these times on any such limited basis. The fact that so many small town people still have this spirit, and expect to get along without doing anything particular to boost community movements, is one of the principal reasons why some towns do not get ahead faster.

Some must take hold and carry on the work of churches and fraternal societies. Some of the men with a special head for business need to work in some organization for the commercial and other needed development of the community. Some need to work in clubs for educational purposes, and for more interesting social activities. There is something that each one should do and we must all take hold to do something in these public lines, if we expect that a town is going to keep up with the game.

People should not act as if they were making a great sacrifice if they devote a little of their time to such purposes. We should love our home so much, we should be so ambitious to see it go ahead, we should be so conscious of the gains that people who have initiative or ability or industry, should be willing to give some time each week to helping forward such causes.

A two year old carpet grass pasture on the farm of P. F. Cobb of Bertie County is now covered solidly with almost a pure stand of the grass and is giving excellent grazing.

Potato growers of North Carolina have agreed to sell no cull or No. 2 Irish potatoes this season in an effort to improve the price for first grade tubers.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderless has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water softens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderless at night. Next day bright. Get 24 for 25c to-day at the nearest Rexall Drug Store.

HIGH PROFITS IN BEETS ON FARMS

Crop Made Into Sugar Nets Growers of United States \$55,000,000 Last Year.

Chicago. — One hundred thousand farmers in the United States are engaged regularly in growing sugar beets to satisfy the nation's sweet tooth, according to a bulletin issued here by the U. S. Beet Sugar association.

"More than \$55,000,000 was paid to farmers for their sugar beets in 1927," says the bulletin. "Approximately 800,000 acres of land were devoted to sugar-beet culture in 19 states, while there are 102 beet sugar factories in the United States in which \$280,000,000 in capital is invested. Production of beet sugar amounted to 1,070,000 tons for the year.

"Sugar beets are one of the most profitable of American crops and the farmers growing them are, in effect, partners in the beet sugar industry. The beet sugar industry must establish its plants in farming communities, since it is essentially an agricultural industry depending on the farm for its product and because sugar beets cannot be shipped great distances without deterioration. The factory not only furnishes a cash market close to the door of the farm, but gives employment to farmers, farm laborers and mechanics living near by. It increases the business of the railroads, and the small town banks and merchants.

"Raising sugar beets improves the soil and increases the yield of succeeding crops. The extensive root system of the plant opens and aerates the ground, enabling it to retain and utilize a greater supply of air and water. The roots frequently descend into the soil to a depth of seven or eight feet. The small roots remain in the ground after the beet is pulled and contribute valuable fertility in the process of decay.

"Beets are an important factor in crop rotation. Results in scientific crop rotation with beets as the pivot have demonstrated that the productivity of the soil in yielding crops can be increased from 50 to 80 per cent.

"By-products, including beet tops, beet pulp and molasses, have developed an extensive sheep and cattle-fattening industry in the neighborhood of the beet sugar factories. In localities where beet pulp was used as a feed for steers in 1927, an investigation showed that while pulp made up 82 per cent of a combination ration, its actual price amounted to only 37 per cent of the total cost.

"Not every farming area in the United States may grow sugar beets. But the present sugar beet producing areas might be greatly expanded if farmers were assured adequate tariff protection, insuring them against the invasion of foreign sugar produced under cheap labor conditions and living standards with which they cannot compete."

Alexander and Moore counties have made appropriations to have home demonstration work as soon as suitable women can be secured.

OLD WAYSIDE VISITS FOREST CITY

(Harold C. Brown in the Charlotte Observer.)

Well, I guess everyone wants to know about Forest City and the Gang meeting the other night, so here goes:

Old Wayside got taken up in regular style too. You see, it was this way. Our little Gangstress Freckles of Charlotte talked her paw into taking her up to the meeting and as he wanted a chance to wave at the gals hoeing cotton, he took me along and Freckles' other sister as chauffeur, so there was no room left for any one else.

Well, we made it on time, tho' Freckles did say she was getting hungry, but we finally got up to the Kiwanis Hall and, oh boy, what a gang of good looking Gangsters were there, from all over the county. Sol presided and Buck Shot had charge of the entertainment. Cliffdwell gave the opening invocation and Damfino, as secretary, read the minutes in a pink dress.

Officers were elected as follows, Old Sol, president; Cliffdwell, vice president; Damfino, secretary-treasurer; Ex-Officio, chaplain, and Mollie as historian. Songs were sung and things kinder thawed out.

Then there were solo dances, singing, readings and musical ensembles that would indeed have done credit to a professional assemblage, (and oh, that violin!)

A sudden thundershower kinder shortened proceedings, as there were several from out of town, but all voted the evening as a jim-dandy.

NOTICE!

On June 20, 1928, I will sell to the highest bidder for cash, at or near Jones Grocery company at 2 p. m. all household and kitchen furniture and personal belonging of George Newton.

This sale is made to satisfy debt against George Newton for Jones Grocery Co.

35-4t J. N. JONES.

Of course the old man, Wayside, spoke his little piece as usual.

Among those present we noted the following: Tim, Polly Anna, Yank, Kippy, Dan O'Day, Carolyn, Rejo, Sal Hepatica, Traveller, Mrs. Editorial, Pedro, Sut, and several others.

Kippy, Dan O'Day and Traveller got all buttoned up, bringing Forest City's quota up to 50 members, 16 of which are all buttoned up and full-fledged. Hot patootie!

And then we drove home, through

the darkness, with Freckles asleep in her corner and I ruminating in mine, watching the Night Air Mail beacons flashing, and so into Charlotte; and home.

Piedmont and thy roads So fair for Waysiding, A-past thy famed abodes We skim a-gliding. And as we hurry on In ev'ning cool We pray we may not come upon Some cock-eyed fool.

Extra Eggs - Extra Profits

Would you be satisfied with 60% egg production in the winter months, and more at other seasons? Tuxedo Egg mash users report such figures. They get extra eggs and extra profits by feeding this balanced ration straight through the year. Into Tuxedo Egg mash go all the cereal elements and animal protein needed for making healthy yolks and whites. It carries the hen rapidly through the molt. It keeps her in good condition for hatching vigorous baby chicks. You'll find new satisfaction in poultry raising under the Tuxedo Egg mash method.

JUST TRY IT IN TRAFFIC

SEE HOW IT PARKS

Not only does the New Oldsmobile offer the fine-car qualities of power, comfort and appearance—but it offers them in a car of convenient size, designed to meet modern-day traffic conditions.

Just try it in traffic. Mark its silent smoothness as you flash ahead when an opening appears—accelerating in high from 5 to 25 m. p. h. in a scant 8 1/2 seconds. Note the quick response to steering. See how easily you slip into small parking places—a tapered frame enables you to turn completely around in a 36-foot circle. Then the head for the open road... here is speed to meet every driving emergency, to answer every desire.

fine-car features could give this fine-car performance. A rubber cushioned, 55 h. p. high-compression engine... crankcase ventilation... controlled cooling and full-pressure oiling—these are typical examples of the advanced engineering that you find in the new Oldsmobile.

We want you to drive the new Oldsmobile. We want your own experience to confirm the growing judgment of America—"Here, truly, is the Fine Car of Low Price"—the

TWO-DOOR SEDAN
