UPSET
With Stomach Spells

"I have taken Black-Draught ever since I was a child, and can recommend it as a splendid medicine for family use," says Mrs. Cora Maberry, of Sageeyah, Okla. "My mother used it, in bringing up her family, and after I had a home of my own, I continued to use it, as I thought it was good to give the children. "My children did not mind taking Black-Draught, and so when they got upset with stomach spells, or were constipated, I gave them Black-Draught tea. "They are all grown now and have homes of their own, and I still keep Black-Draught in the house and use it myself when I wake up in the morning feeling dull and 'headache', and have a bad taste in my mouth." In use over 87 years. Price 25c. 4-132

A NEW FAD

Forest City is not only one of the ten most beautiful towns in the United States but it is also famous for starting styles and new fads.

At the present time the latest fad is that of sheared heads and is gaining wide popularity with the young men of Forest City, as many of them are minus their sleek hair.

To Paul Harrill, young business man and prominent in Forest City's social life, goes the honor of starting the fad by being the first to have his hair clipped off.

Are they sick of it? Well, yes, one or two have said that they would give twenty-five dollars if they had their hair back, but the others seem to enjoy their shining domes!

One of their man objections of having a sheared head, according to one young man, is that he can't get a date!

Those who have had their heads sheared to date are: Paul Harrill, South Broadway; Charles Huntley, East Main, Charles Hemphill, West Main; James Harrill, South Broadway; Zea Butler, South Broadway; and Ray Adams, East Main. Who's next?

FOREST CITY BOY WINS STATE HONORS

Norman Morgan, of Cool Springs High, Named one of State's Seven 'Carolina Farmers.'

Norman Morgan, a junior at Cool Springs High School, won the highest honor that a vocational agriculture student can win when he was made Carolina Farmer at the Young Tar Heel Farmers meeting in Raleigh, June 23. There were seven of the three thousand agriculture students in the state upon whom this degree was conferred. Superintendent A. T. Allen presented the degree and Governor Angus W. McLean sent his message to the boys. The degree "Carolina Farmer" is awarded to students elected by the executive committee of the Young Tar Heel Farmers organization, and by the delegates to the annual convention. There are nine qualifications for the honor, and the relatively small number of students who qualified show how outstanding the record of a Carolina Farmer must be.

Norman is the son of Mr. and Mrs. J. S. Morgan of the Mt. Pleasant community. He has been an outstanding student of agriculture for three years. His flock of white leghorn chickens is one of the best in the county and his other projects are also excellent.

The other boys who won the degree are Sam Rich, Davie County; Lacy Weeks, Sampson County; John Brown, Beaufort County; James Williams, Richmond County; Gilbert Koontz, Davidson County; and Elmore Alberta, Surry County.

TELEPHONE CONTROLS ALL TRAIN MOVEMENTS

Train dispatching on the New York, New Haven & Hartford Railroad is now done entirely by telephone. The New Haven was one of the first railroads in the United States to make exclusive use of the telephone for this purpose and to eliminate the telegraph and other forms of communication having to do with the direction and routing of trains. By the end of 1929, the New York, New Haven & Hartford Railroad plans to use no other form of wire communication than the telephone for any purpose, with the single exception of the telegraph printer which is used for general message service between divisional points.
