

## LOCAL HOSIERY MILL PRODUCTS WIDELY KNOWN

**Forest City Mill Turns Out 36,000 Pairs of Ladies' Full Fashioned Hosiery Monthly**

The Forest City Hosiery Mills have just completed the installation of two new full fashioned knitting machines. This brings the total of knitting machines in this plant to eight. The new machines installed are made by the Textile Machine Works Company, of Reading, Pa., and are the most modern and up-to-date machines on the market. They were installed at a cost of approximately \$7,500 each.

The Forest City Hosiery Mills are manufacturing a fine grade of ladies' full fashioned silk hosiery. The production averages around thirty-six thousand pairs of hosiery every month, according to T. Max Watson, superintendent. These are sold to a few large wholesale brokers, and to several large dry goods department stores. The Belk chain handles a large amount of the Forest City hosiery, and retails them at \$1.25 to \$1.50 per pair.

The Forest City mill is rated among the leading hosiery mills of the state, and its hosiery is the finest made anywhere. More than \$10,000 worth of silk is used each month. Finest rayon is purchased for the

weaving of the heels and toes. Every pair of stockings is finished at the Forest City plant, none being sent out to any other mill for any finishing touches. The silk and rayon is knitted into hosiery in the mill, is dyed in the mill's special dyeing department which turns out stockings in every imaginable color and shade; and are packed and shipped from the local plant.

So popular are the Forest City hosiery that some difficulty has been experienced in keeping up with the demand. At the present time sixty employees keep the plant in operation night and day. There has been no curtailing, and, according to Mr. Watson, the plant will likely remain in full operation day and night during the summer.

### MY PURPOSE

Mrs. C. M. Harrill

My purpose in life as time goes on,  
Is not to perish with the passing dawn,  
Like the soulless things that makes earth's dust,  
And the gold that glitters, until tarnished with rust.

The dew drops purpose is to vanish away,  
And likewise a tear drop, or the day  
But you and your life will forever last  
After other things have faded and passed.

A new day is born, 'tis morning,  
With brightest jewels, crowning adorning.  
It's dawn changes into a noontide  
Then eventide and the day goes by.

While loving and living through life's short day,  
I would pay the price that others must pay,  
Weep when other weep or sing a joyous song,  
And stand with the fighting ranks,  
Though the battle may be long.

There's a purpose for man's life  
God knows his worth,  
As he knows eternity and the time on earth.  
He hath measured the sunrise of man's purposed goal  
And builded a home, a temple for the soul.

Farmers of Beaufort County have shipped 73 cars of hogs this year and most of them top prices on the eastern markets because of the feeding methods followed.

years. She taught the past year in Cuba.

He is a son of Mr. and Mrs. William Phillips, of Ontario, Canada. The announcement came as a surprise to the many friends of the contracting parties.

Tom Tarheel has just signed up to go on another tour this summer. There's nothing like seeing what the other folks are doing, he says.

"Alone, defenseless in face of the attorney's terrible charges, it seemed her hurt, crushed heart could bear no more. Was this the reward of self-sacrifice, true devotion?"

## They called her a soulless "gold-digger" but...

DO you remember the sensational breach of promise suit a few years ago by a humble flower-girl against her young millionaire lover and his wealthy mother? At the trial many ugly charges were hurled at the girl. She was called a "gold-digger," a blackmailer; a shameless creature without a shred of honor; one who loved nothing but money, and the luxury money could buy.

But when, in a voice broken by sobs, she told her pitiful story—the story of her poor little romance that now was dead—men hardened to sorrow wiped their eyes furtively—women in the court-room wept aloud.

Then came that dramatic and unlooked-for conclusion. An unexpected witness was called to the stand—and in ten words hurled into the tense silence of the crowded court-room a bombshell that reverberated to the ends of the earth.

Most people, stunned for the moment by the unexpected out-

come of the trial, dismissed the matter as finished and done with when the principals in the tragedy vanished from the public eye. Even today few suspect the true history of events behind that tremendous drama of intrigue, suffering and deathless love.

But now, for the first time, the entire story has been told by the girl who was the central figure in that amazing drama. Told in words that will bring tears to your eyes—tears of joy, of sorrow, of understanding and sympathy.

Don't miss this throbbing narrative from life. It is entitled "The No-Account Girl," and appears complete in the August issue of True Story Magazine.
