### BAPTIST CHURCH NOTES

As the mills did not run last week and so many people were away visiting we thought that the attendance at Sunday school and church would likely be below three hundred last Sunday, but we were pleasantly surprised to note that there were 346 present when the classes assembled. The classes assembled earlier than usual in order to get out and all departments assembled in the main auditorium at 10:30 to hear the lecture to the young people and children given by Mr. Clarence E. Mason of Philadelphia, Pa. Mr. Mason is a business man who gives his Sundays and all possible spare time to the Lord's work in some way. He spoke about forty-five minutes Sunday morning and held his hearers interest from the very beginning to the close of his lecture on the Bible. Many who heard him knew far more about the Bible when they left the church than when they came.

After Mr. Mason's address the pastor brought his second message on "The Sabbath." His subject Sunday morning was a question, "Shall we keep the Sabbath?" He read from a number of passages of Scripture.

Sunday evening Mr. Mason delivered another great message on the Bible. He read Col. 3 and then for more than an hour he spoke on the Bible and plead with his hearers to read it more. He gave away 250 copies of the Gospel by John and booklets containing the book of Acts. His only condition was that those who took one should promise to carry it in their pockets, (if they had one) and read one chapter each day until they had read it all.

While here Mr. Mason was a guest of Rev. and Mrs. R. C. Smith.

The Workers' Council will meet at the church Thursday night.

The primary department of which Mrs. Chas. McCurry is superintendent was scheduled to give a short program in the closing exercises of the Sunday school next Sunday, but it has been postponed another week account of Mrs. McCurry leaving Monday to be at the bedside of her mother, Mrs. White of Union Mills who is ill. As Mrs. McCurry may be away several days she will not have an opportunity to prepare for the program.

C., where they are to make their home.

## ESSEX-mirrors public choice

The most important thing ever said of Essex is said by buyers in the largest 6-cylinder sales, and the most overwhelming competitive preference of automobile history.

It is a preference you will endorse and share the moment you see and ride in the Essex.

The New Essex Super-Six is a delight to the eye—in lines, in fine exterior appointment and in careful finish that invites and repays the closest examination.

Within, this satisfaction to eye and sense is apparent in every detail. The quality of the high-backed, form-fitting seats—richly upholstered—impresses you immediately. At the slender, graceful wheel, you look out over the shining beauty of cowl, hood, saddle-type lamps, heavy, arching fenders, to the winged radiator figure that expresses the spirit and fleetness under your hand.

And then you have the famous Essex chassis, powered with the Super-Six high-compression, high efficiency motor that turns waste heat to power, giving brilliant sustained performance never before known in this field.
