

GOLDEN TORNADO WINS FIRST GAME OF THE SEASON

Cherryville Loses to Cool Springs Lads Friday by a 67-0 Score

Forest City Hi's "Golden Tornado" swept Cherryville off their feet to the tune of 67 - 0, on the local grid Friday afternoon. Every player saw service in the game. Whitlock, Peeler and Moss was outstanding in the line. McKeithan, Blanton and Ford played a stellar game in the backfield. Ford, Speedy fullback ran 60 yards from the kickoff for a touchdown. Frye and Houser showed up well for Cherryville.

55 DAYS WITHOUT FOOD

Toronto, Ont.—Peter Henderson, thirty, whose normal weight is 171, is reduced to 90 pounds. He is recovering at the Toronto General Hospital after fasting fifty-five days and subsisting seven days more on lime juice only. This is Henderson's second fast this year. In May he went without food of any kind for thirty days.

His fasts are on the advice of a physical culture publication advocating this treatment for indigestion, from which he suffered. His case brought to mind Mrs. Leontough, who died last year after fasting fifty-five days on the advice of a "specialist."

Six farm homes in Yadkin County are being beautified by the planting of shrubbery and grass in the yards.

Two hundred and forty-nine club members attended five meetings held in Pender County last week.

What A Snap

We'd have if there wasn't anyone to continually take all the joy out of life. Just about the time we had concluded to stop worrying about things along comes an Astronomer who predicts that in 2,000,000 years all the earth will sink into the sea thereby drowning every mother's son of us. But when we stop to ponder over it, we should worry about what will happen 2,000,000 years from now. In the meantime we are selling more and better groceries every day. Friend Housewife knows that better meals can be prepared with better table delicacies. We grow by pleasing.

FACULTY RECITAL

The music department of Boiling Springs Junior College will give a faculty recital next Friday evening, October 5th, at 8 o'clock in the college auditorium.

Miss Katherine Goggans is director of music and Miss Lorene Woody, head of the voice department.

Much interest has been shown in this coming recital, and is anticipated with great pleasure among the people of the community. The public is cordially invited.

R. F. PUTNAM WEDS CAROLEEN GIRL

Miss Elizabeth Stroupe Married to Asheville Man In Ceremony September 25

Caroleen, Oct. 1.—Of exceptional interest is the announcement of the wedding of Miss Elizabeth Stroupe to Mr. R. F. Putnam of Asheville, which occurred in a private ceremony at the Baptist parsonage in Caroleen Tuesday afternoon September 25, at 5:00 o'clock, in the presence of a few intimate friends. Rev. R. N. Childress, pastor of the bride, performed the ceremony, the impressive ring ceremony being used.

The reception-hall of the residence was the scene of the ceremony and was uniformly arranged with ferns and baskets of pink and white roses. There were no attendants, the couple having entered together. The vows were spoken before an improvised altar, the background of which was banked with ferns and English ivy, with silver candelabra holding white tapers and softly lighting the altar.

Prior to and during the ceremony, a musical program was rendered which included, "Because," Schubert's "Serenade" and McDowell's "To a Wild Rose."

The bride was gowned in a Marine blue georgette dress, with accessories to match. She wore a smart hat with ostrich trimming.

Mrs. Putnam is the attractive daughter of Mr. E. Stroupe of Cherryville and received her education at Asheville Normal. For the past three years she has been a most popular member of the faculty of Henrietta-Caroleen school. She has a host of friends whose best wishes go with her.

Mr. Putnam is connected with the Imperial Life Insurance Company of Asheville and is a young man of sterling worth.

Immediately following the ceremony, Mr. and Mrs. Putnam motored to Asheville, where they will make their future home.

FIELD SELECTED SEED INCREASES CORN YIELD

Raleigh, N. C., October 1.—Go through the corn field before gathering time, with a bag strapped over the shoulder, and secure seed ears from the proper type of stalks growing under average conditions and thus spend a highly profitable day.

This is the formula for better yields advocated by C. R. Hudson of the farm demonstration department at State College. The seed corn, according to Mr. Hudson, should be secured from stalks that are strong and stocky and have stood up under the storm conditions of the summer. Two-eared stalks give larger yields. The ears should be of medium height from the ground and the stalk should have no advantage over the other stalks as to space on the row or fertilizer.

Other good qualities in the seed stalk are that the ears droop over to prevent the entrance of rain into the husk, the shuck should cover the tip of the ear to keep out insects and the ear should be large and short rather than long and slender.

Once the seed corn has been selected, the ears should be hung in a dry place or spread on a dry floor to permit evaporation of moisture. Never store them in bags, boxes or barns until thoroughly dry. It is a good practice to make a germination test sometime in the winter and use only those ears with high germinating power.

Mr. Hudson states that good seed corn is adapted to the soil and climate where it is to be grown; is of a high yielding variety and from high stalks; is well matured and properly cared for from maturity to planting time and is free from insect and disease injury.

By following these suggestions for a few years, any farmer may have good seed corn for his own needs and may in time build up a trade with his neighbors in the same locality.

GARDNER FLAYS CRIME AGAINST WAR VETERANS

Sharply Scores Republican Party for Treatment of Disabled and Sick Soldiers

Wilson, Sept. 29.—Appealing to the young men of North Carolina, the American Legion and the mothers of this State, O. Max Gardner, Democratic gubernatorial nominee, pleaded with them here last night to go to the polls in November and defeat the Republican party because of "the high crimes . . . committed against the disabled and sick veterans of the World War."

"There is one bill of indictment against the Republican party that I call upon the young men of North Carolina to prosecute on November 6," Mr. Gardner said. "This bill is the serious charge involved in the responsibility of the Republican party for its conduct towards the sick and disabled soldiers of the World War."

American soldiers returned from the camps and fields of conflict to become the victims of the corruption, bribery and treachery of the Veterans' Bureau, the speaker charged.

"Some of these soldiers were blind, some had been gassed, some insane, some with a leg gone, some with both legs and with both arms gone, and some had come back in baskets. How they suffered! How pathetic were they! How helpless their condition! We must never forget

them. We shall always recall that out of the din and glamor, out of the bitterness and strife, out of the fierce passion of combat, into the dreamless silence whose shadows mark the pathway to the stars, out of the fiery furnace of war, these Americans were corralled by the Republican party as dumb sheep and directed into the folds of Mr. Hardin's faithless shepherd, Colonel Forbes." The criminal law of the United States sent Colonel Forbes to the Atlanta penitentiary for "his bribery and for the soldiers' money he stole," Mr. Gardner declared, "but the moral and political law of responsibility will never be vindicated and made clean until the Republican party, responsible for the dirty crime against nation's young men is rebuked, convicted and repudiated at the bar of a long delayed but perpetually outraged public opinion."

"I appeal to the young men of North Carolina, to the American Legion and to the mothers of this State in the name of patriotism, in the name of our great chieftain, Woodrow Wilson, in the name of the unimpeachable integrity of the Democratic party during the world conflict," the speaker said, "to render on November 6, a verdict of guilty against the Republican party for the high crimes and misdemeanors committed against the disabled and sick veterans of the World War."

"I appeal to the first voters to commit their cause and hearts to the Democratic party on its record in State and nation."

A small flock of White Leghorn and White Rock hens has paid J. N. Sutherland of Mount Olive \$47 per month above feed costs for the past ten months.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderless has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderless at night. Next day bright. Get 24 for 25c today at Hall-Rudisill Drug Co. 26-tf

Sweeping month after month to even more spectacular heights of popularity . . . making and breaking new records of success with impressive regularity throughout the year—

—the Bigger and Better Chevrolet has been the greatest sensation of America's greatest industry!

The world's lowest priced car with Body by Fisher, it reveals beauty, smartness and luxury typical of the highest priced automobiles. Its lines are long, low and graceful and to the softness of deep spring-cushioned seats is added the comfort of 107" wheelbase on long, semi-elliptic springs set parallel to the frame.

Powered by a valve-in-head motor incorporating alloy invar strut pistons, mushroom type tappets and a highly efficient carburetion system, today's Chevrolet is so powerful, so smooth, so thrilling in its acceleration that every hour at the wheel is a source of pleasure and delight.

And as a result of thoroughly proved construction, modern design, quality materials and precision workmanship, the Bigger and Better Chevrolet has proved itself to be a car of amazing dependability and economy under every condition of usage. See this remarkable automobile today and learn why it has become first choice of the nation for 1928.
