

## TAR HEEL FARMERS ELECT OFFICERS

### Cool Springs School Chapter Plan Many Activities for Year

The Young Tar Heel Farmers' chapter of Cool Springs High School elected officers and planned a program of work for this year at a meeting held in the High School auditorium on Thursday, October 25th. All the vocational Agricultural students are members of this state wide organization, which has a total membership of over 4000 students. It is the largest student organization in the State and has done some extremely effective work. The local chapter has a membership of fifty-three students and the added distinction of having one of the eight ranking state members. Norman Morgan, a senior, was awarded the degree of "Carolina Farmer" at the State meeting in June.

The officers elected were: Albert Blanton, President; James Doggett, Vice-President; Forest Hunt, Secretary; James Carson, Treasurer; Norris Wells, Reporter. These officers together with two other students: Vonnie Hamrick and Grady Bridges, with D. H. Sutton, Agricultural teacher, constitute a board of directors who will direct the activities of the club.

Some of the activities planned for this year are: a club meeting once a month to discuss agricultural problems, a father and son banquet, a weiner roast and 'possum hunt, continue the thrift club work in which

the chapter ranked among the first ten in the state last year; run fertilizer and variety tests, assist with evening classes in the community, run some stock feeding demonstrations, and finish the year's work with a tour of the state and a week's camp at White Lake.

The Cool Springs Chapter is one of the most active clubs in the school. The group of officers elected for this term are very optimistic about the plans for the year and are at work now on plans for their father and son banquet which will be held in the High School cafeteria. The home economics Department will prepare and serve the banquet and the boys will finance it.
