

COUNTY VOTES SOLIDLY AGAINST ALL AMENDMENTS

Amendment to Increase Legislators Pay Passes in State—Others Defeated

The constitutional amendment increasing the salaries of members of the legislature apparently was approved by the voters at the election Tuesday week, but those providing additional solicitoral districts and for classification of property for taxation appear to have failed, on face of the official returns from over the state tabulated Monday.

The returns showed that 1,529 of the state's 1,573 precincts gave the amendment to increase the legislators pay 133,657 votes for and 119,275 against.

The proposal for permitting additional solicitoral districts showed defeat with 113,364 for and 126,913 against, while that of permitting classification of property for taxation lost 111,891 for and 134,950 against.

County's Vote

Rutherford county voted solidly against all three amendments. The county's vote is as follows:

Amendment to constitution of North Carolina fixing salaries of members and presiding officers of the general assembly at six hundred dollars and seven hundred dollars respectively, and providing additional per diem for extra session—for 2025; against 3007.

Amendment to constitution of North Carolina providing for Solicitoral districts—for 1534; against 3227.

Amendments to constitution of North Carolina authorizing classification of intangible personal property—for 2031; against 2905.

A fashionable frock which can be passed through a finger ring is on exhibition in Mexico. Now let's try to find one here that can't!

They discovered a stowaway on the Graf Zeppelin, but didn't have the heart to give him the air.

Probably the most familiar figure on the street of any city in the world is the traffic officer that guides the destinies of drivers and pedestrians. In the center is pictured one of New York's "finest." Upper left, a South African traffic officer, upper right, a Roman officer, lower left, a Paris Gendarme, lower right, a Dutch Guinea traffic "cop."

GOVERNOR ALFRED E. SMITH

A democratic party—one that believes in the principles of democracy—could find nothing in the campaign waged by Governor Alfred E. Smith to repudiate. He waged a Democratic campaign from beginning to end. But the principles of democracy were minor issues. Party pique, religion, prohibition and entrenched privilege, with some snobbery and a certain amount of bigotry were the elements stirred into the political mixture.

Smith battled as a Democrat. He was opposed for reasons wholly outside of any tenets of the party that nominated him. The result reveals that there are in this country more than 12,000,000 people who are Democrats first, last and all the time. They are liberal in their views, unselfish in their motives and are perhaps just as fundamentally religious as the band of "saints" who campaigned against him for religious reasons.

Governor Smith was frank. In fact he was franker than any candidate for the office of president has ever been in all the history of the country. He was refreshing and interesting. He brought into the open for discussion questions thoroughly in need of an airing. In this he has rendered a great service to the country.

During the next four years what Governor Smith has said to the coun-

try will "soak in" and there will be conclusions reached that will refresh American life and perhaps stimulate "intellectual honesty" among the people.

There is nothing in the Smith campaign for true Democrats to be ashamed of. The party has been defeated—but minorities are not always wrong.—Spartanburg Herald.

ENTERTAINS SUNDAY SCHOOL CLASS

Spindale, Nov. 6.—Miss Mildred Williams entertained her Sunday school class at her home on Friday evening, November 2. The house was decorated in Halloween colors, black and orange being the color scheme. Two contests were given Mrs. Ruth Addison won in the first and Misses Gladys Griffin and Hazel Brockman won in the second. Music was furnished by Misses Williams and Brockman. At the close of the evening a huge basket of gifts was brought in and presented to the Sunday school teacher, Mrs. T. C. Jordan. A salad course was served to the following: Misses Edith James, Frances Payseur, Loree Cagle, Gladys Griffin, Elizabeth Harrill, Hazel Brockman, Inez Keller, Alice Finley, Mildred Williams, Mrs. Ruth Addison and Mrs. T. C. Jordan.

Mr. J. O. Williams returned Friday from a week's business trip to New York, Providence, Fall River and Boston.

Miss Leigh Harrill of Rutherfordton spent the week end with her parents Mr. and Mrs. C. B. Harrill.

King George enjoyed Ford car jokes, so Henry Ford has sent him a Lizzie.

HIGH IN QUALITY--- STILL LOW IN PRICE

We suppose every man sooner or later makes his share of mistakes in his business. We know we have.

But, looking back over the years, we're dead sure we made no mistake when we tied up with Goodyear Tires.

We realize there are other tires on which we could have made a longer profit; other tires we could have sold cheaper; other tires on which we could have had all sorts of special concessions.

Just the same, we know from what our customers say that for a permanent tire business there is no better keystone than Goodyear dependability and quality.

LOOKING THEM OVER

Our conviction about Goodyear Tires isn't the result of a sudden bright idea or of any high pressure salesman's bally-hoo. Not a bit of it.

Every so often we make a trip to Akron, Ohio, the world's tire center, and look over the various tires on their home grounds.

We've been through factory after factory there and have always come away with the same idea—that Goodyear Tires are the most expensive tires to build, and in the long run, the cheapest tires to buy.

It seems to us a lot of other folks have somehow gained this identical idea—the world over, more people ride on Goodyear Tires than on any other kind.

THERE'S A BIG DIFFERENCE

Motorists are beginning to learn nowadays that there's a big difference in tires, although they all may look pretty much alike.

Some are made with skimpy short-staple cotton; some have an over-dose of "filler" in the rubber of the tread; some are long on looks and short on quality.

But you don't have to have a microscope to be sure that the Goodyear Tire you get is a real money's worth—their big average mileages tell the story.

Those average Goodyear mileages are so darned good that with them as a basis we've been able to build up the biggest and steadiest growing tire business in this part of the country.

All in all, we're mighty proud to be selling Goodyear Tires—it's a real satisfaction to deliver merchandise so reliable and sound.

They are as standard as the American dollar and do we hear any disagreement when we say that's the best in the world?

HOW ABOUT AN EXTRA TUBE? Goodyear Tires deserve Goodyear Tubes. These tubes are tested by stretching under water. Extra heavy — extra strong — no pin holes — no slow leaks. We have your size.
