BAPTIST SUNDAY SCHOOL CONTEST RULES

The committee appointed to make rules and regulations for the contest in the Adult Department of the Forest City Baptist Sunday School decided to use a modified form of the six points record system. It was decided to count the total points made by the groups instead of the percentage system. This change was made in order to induce the groups to work for new members.

The classes are divided in an even number of groups. The even groups of the classes will compete against the odd groups. This is not a contest of the women against the men but a contest of even groups against odd groups. Each group has a captain which will serve for one month. This captain will take up the envelopes in his group, in order to help the secretary, since the rolls are to be made according to groups.

Each person with a perfect score will count 100 points for your group. The points on each item follows: Present 20; on time 10; studied lesson 30; brought Bible 10; attending church 20; contribution 10.

Study your lesson in order to make 100 points for your group.

Boost your groups. Let all get an even start, since the winners between now and the last Sunday in January will be given a banquet by the losing groups. Who will give the first feed? Will it be the even groups or the odd groups? This is the question for the groups to decide between now and the last Sunday in January.

it was raining buckets... a lashing gale... right off the Cape she blew... it was no night

for any man to be out driving... but time and the stork wait for no man... and all of a sudden here comes Doc Bigelow's Nash slithering up to the F. O. P.* ... with a squeal of brakes she stopped... "ten gallons of 'Standard' quick," says Doc, "and ain't it a rotten night for the Jones's to have their first baby?"... "sure is," says the genial pump man, "but I guess it's kind of up to 'Standard' to get you there"... says Doc, who will have his little joke, "I'm not a betting man, but I'll give odds I beat that stork."

*We won't keep you guessing about F.O.P. Take it any way you like. To some it means "full of power," that's "Standard" Gasoline everywhere. And then again, to others it means "faithful old pump"... there are thousands of "Standard" pumps everywhere you motor.

No matter where you buy it, at what hour of day or night, for whatever kind of car you drive... you'll always find at the familiar "Standard" pump a uniform, powerful, reliable gasoline. And with it always goes a smiling, courteous, helpful service.
