Bringing Home the Bacon

is a good thing if you don't bring home the wrong bacon. A young lady stenographer who had written a letter to her young man during business hours sent the wrong letter to a business firm which stated they were shipping them a car load of love and kisses instead of axle grease that they ordered. It's a case of bringing home the bacon every time you let us stock your pantry with choice groceries and quality foodstuffs. Our line of table delicacies will appeal to every critical housewife.
