**ANNUAL BANQUET  
OF PIEDMONT B. S. A.  
COUNCIL JAN. 15**

**Will Be Held at Cleveland  
Springs—Dr. H. D. Meyer  
Will Be Principal  
Speaker**

Gastonia, Dec. 31.—Dr. Harold D. Meyer, of the faculty of the University of North Carolina, has accepted an invitation to deliver the principal address at the annual meeting of the Piedmont Council Boy Scouts of America at Cleveland Springs Hotel, Shelby, on the night of Tuesday, January 15th, according to announcement made today by J. M. Holland, chairman of the council publicity committee. Other features of the meeting will be the annual election of officers, reports on the work accomplished during the past year by Scout Executive Schiele and his associates and the chairman of the various committees, and discussion of plans for the ensuing year.

Dr. Meyer is associate professor of sociology and assistant director of public welfare of the University. He is also lecturer in the extension service of the University, speaking principally on character-building and recreational programs. He is the author of numerous publications on playground and recreation work and on community welfare development. He has conducted numbers of Scout leadership training schools, has addressed Boy Scout conventions frequently and is well qualified to talk on the opportunities for volunteer service to boyhood through the medium of Scouting.

Present at the annual meeting and banquet will be the council officers, committeemen, scoutmasters, assistant troop committeemen and volunteer leaders in the extension territory recently attached to the Piedmont, said territory consisting of Iredell, Alexander, Catawba, Burke and McDowell counties. The Piedmont Council area itself is composed of the five counties of Gaston, Cleveland, Lincoln, Rutherford and Polk.

President Jas. W. Atkins of the council states that the year just closing has been the best in the council's history of five years. Recently a county-wide drive in Gaston County to raise the 1929 budget resulted in the raising of the county's quota easily and quickly. Reports from other portions of the district indicate that the finances for next year will be raised with little if any difficulty. The budget for the district is about \$12,000 a year. The troops are doing splendid work and the number of Scouts in the council is constantly increasing. The Piedmont Council is recognized as one of the outstanding councils in the entire South, its camp at Lake Lanier, Tryon, N. C., taking high rank among those of the entire nation. All indications at the present are that next year will see still further growth of scouting in the district.

**CARD OF THANKS**

We wish to thank our friends and neighbors for each and every kindness shown us during the sickness and death of our beloved wife and mother, Mrs. W. D. McDaniel also the floral offering. May God's richest blessings rest upon them.  
W. D. McDaniel and Children.

**WILL EXHIBIT POULTRY  
AT NEW YORK SHOW**

Raleigh, N. C., Jan 31.—Four-H club members of North Carolina will be represented at the first national 4-H club poultry show to be held at the Madison Square Garden Poultry Show, January 16 to 20.

"Through the courtesy of a number of our commercial friends, we find it possible to send a representative exhibit of poultry club birds to the first national 4-H poultry show in New York," says C. F. Parrish, extension poultry specialist at State College. "It is our purpose to send an exhibit of Plymouth Rocks, Wyandottes and Leghorn breeds. These are three of the major classes and we have some excellent birds which have been bred and reared by poultry club members. At least 40 birds will be carried to New York and we shall enter them in both the club and open classes."

Mr. Parrish says that most of the birds were selected from the flocks of club members residing in the piedmont section of the State. Quite a number will come from Catawba County where the poultry club work of County Agent J. W. Hendricks has been outstanding for a number of years. As now planned, Mr. Hendricks will accompany Mr. Parrish and the exhibit to the Garden show.

For several years, North Carolina has entered a number of club birds at the show. The late Allen G. Oliver won many high place ribbons with birds developed by farm boys and girls in this State and now that a special club show has been arranged, Mr. Parrish is anxious that this good reputation of the State be sustained.

He states that entries may be made in each of four classes of cocks, hens, cockerels and pullets. At present, he expects to make entries in only the three breeds mentioned but will have several varieties of these breeds.

A serious disease called tularemia may be contracted from sick rabbits. Press notices recently carried the story of such an occurrence in Randolph County.

Structural steel from the plant of The Southern Engineering Company was used in the construction of the new Romina Theatre.

When in the market for steel for buildings and bridges call on Southern Engineering Co. Immediate shipments from Charlotte stock.

Best of Luck
